

MAN IN UNIFORM TO GET MORAL CARE

Fund of \$3,750,000 to Be Raised in Big Drive for War Camp Community Service.

WELFARE OF SOLDIER AIM

Campaign Will Begin Today, When Thousands of Ministers Will Preach on the Importance to Fighting Spirit of Army.

WASHINGTON, Nov. 3.—Beginning tomorrow and continuing through the week there will be active swing all over the United States a drive for a fund of \$3,750,000 to be raised by the war camp community service.

Thousands of ministers will preach on the importance to the morale, as well as the fighting spirit of the Army, of proper community service for the men in uniform.

"In the first place," the statement says, "proper community reception of the American soldier and sailor will make them more efficient fighting men."

Efficiency will be gained. "In the first place," the statement says, "proper community reception of the American soldier and sailor will make them more efficient fighting men."

The communities around the training camps and the communities from which the men have come and to which they will return after the war will be gainers by war camp community service, which will help to keep the men clean in body, mind and spirit, substituting all sorts of good club, home and social entertainments to take the place of harmful influences to which many of the men otherwise fall prey.

Need Is Outside of Camp.

To carry on this extensive work at all Army, Navy and Marine camps and posts throughout the United States \$3,750,000 will be provided. Leisure activities of the men when they remain in camp are well taken care of by the Y. M. C. A., the Knights of Columbus and other organizations. But the men leave camp when they are on duty, and they need a change; if they did not get it they would soon grow stale.

PRISON COSTS INCREASE

PER CAPITA JUMPS FROM \$21.33 TO \$25.40.

Decreased Number of Convicts Declared to Account for Larger Average Expense.

SALEM, Or., Nov. 2.—(Special.)—The per capita cost at the State Penitentiary increased from \$21.33 in January when there were 446 inmates, to \$28.40 in October when there were 341 inmates, it developed at the State Board of Control meeting today. State Treasurer Kay declared that the per capita cost is running too high.

"The per capita cost from now on will be lower," stated Warden Murphy. "The past few months we have been purchasing vegetables, wood and other supplies to run us through the winter and these costs will be unnecessary in the future months."

"The population also has greatly decreased," stated Governor Withycombe, "and consequently the overhead charge makes the per capita cost run higher."

"Does it require as many guards to handle 300 convicts as it does 500?" asked State Treasurer Kay.

"Just as many," Warden Murphy responded.

The statement for the prison from the first of the year showing the per capita cost for each month and the number of inmates is as follows:

Table with 3 columns: Month, Per capita cost, and Inmates. Data for Jan through Oct.

Albany Farmers Welcome Rain.

ALBANY, Or., Nov. 2.—(Special.)—Farmers in this section of the state are rejoicing over a rain which began falling here yesterday afternoon. The moisture was badly needed for fall crops already planted and to place other ground in condition for plowing.

To Ladies Who Are Stout

Eat is fatal to health and beauty. Reduce weight sensibly and simply. Improve your health and figure. Avoid heart trouble, wrinkles, nervousness, weaknesses, etc., due to obesity.

UNIVERSITY OF OREGON, Eugene, Nov. 2.—(Special.)—With their work on the campus completed, the 50 members of the first of three six weeks' classes in ordnance stores accounting to be given at the university this year left this morning for Portland, where they will spend the first three days of next week visiting commercial and industrial plants in the study of receiving, storing and shipping goods.

Wednesday the class was reviewed by Representative C. N. McArthur and President Campbell. One hundred and thirty-five applications have been received for the second class, and it was hoped that permission could be secured from the War Department to increase the size of the class from 50 to 75 men.

MR. HAWLEY TO TOUR

REPRESENTATIVE TO VISIT EACH COUNTY IN DISTRICT.

Needs and Opinions of Constituents to Be Learned—Rivers and Harbors Projects Studied.

SALEM, Or., Nov. 3.—(Special.)—The itinerary of Representative Hawley for the next two weeks was announced here today.

Next Monday and Tuesday he will be at Tillamook and Nehalem, and Wednesday will start visiting the interior counties, stopping first at Hillsboro Wednesday night, going from there to McMinnville, which he will reach Thursday noon, remaining there until Friday morning and going from there to Corvallis, where he will arrive at 11:30 the same morning.

He will remain in Corvallis until Saturday, when he will return to Salem for a Sunday rest. During the week following he will be in Jackson, Josephine, Douglas and Lane counties.

Since returning from Washington Mr. Hawley has visited practically all of the rivers and harbors projects in the First Congressional District, from Coos Bay in the south, to the mouth of the Columbia in the north.

Speaking of the tour of Representative Hawley, Ronald Glover, his secretary, said today:

"Mr. Hawley is making this tour of the district so that he can interview his constituents, learning their desires and opinions, and to investigate various matters that will receive attention in the Congress convening in December.

While in the various localities he places his time entirely at the disposal of the people. He says that because of the shortness of time before he leaves for the East he will be able to visit only the county seats of the various counties unless some special reasons indicate that he should visit other localities. He expects to start for Washington, D. C., November 22."

DEFENDANT WINS ACTION

Directed Verdict Follows Taking of Evidence by Plaintiff.

VANCOUVER, Wash., Nov. 3.—(Special.)—Judge R. H. Back, of the Superior Court, today instructed the jury hearing the \$15,000 damage suit of Herman A. Kramer against the Carbolineum Wood Preserving Company, of Portland, to bring in a verdict for the defendant.

Kramer alleged that his prune orchard was damaged so badly that the trees had to be cut down and replanted as a result of using a patent preparation made by the defendant company, which was represented to be good for "borers" and other insects.

WILD MEAT SUGGESTED

Civil War Veteran Would Suspend Game Laws in Crisis.

EUGENE, Or., Nov. 3.—(Special.)—David M. Drake, veteran of the Civil War, said today that he intended to suggest to Governor Withycombe the suspension of game laws as a means of increasing the meat supply of the state and conserving other foods needed for the soldiers.

"Of course, there is another side to this proposal, but the first consideration is to defeat Germany, and if it takes food to do it, a suspension of the game laws will help supply the food," Mr. Drake stated.

A LAMP WITHOUT A WICK

A new safety gasoline lamp, which experts agree gives the most powerful home light in the world—better than gas or electricity—and a blessing to every home on farm or in small town, is the latest achievement of the Sunshine Safety Lamp Co., 508 Factory Bldg., Kansas City, Mo.

This remarkable lamp gives 300 candlepower at one cent a night. It has no wick and no chimney and is absolutely safe. A child can carry it. It gives such universal satisfaction that they are sending it on Free Trial. They want one person in each locality to whom they can refer new customers. Take advantage of their free offer. Agents wanted. Write them today.—Adv.

DANCE HALL MEN MOVE

Some Seattle Proprietors Shift to Tacoma Now.

TACOMA, Wash., Nov. 3.—(Special.)—That one of the immediate results of the action of Mayor Gill in ordering the Seattle dancehalls closed Friday afternoon was the coming to Tacoma of some of the dancehall men for the purpose of establishing themselves in Tacoma, if possible, John McCourt, ex-District Attorney for Oregon, who, as a representative of the Food and Drug Administration, has been investigating vice conditions in Seattle for the War Department, said today.

While walking about the Tacoma streets last night, Mr. McCourt says he saw men who had been forced to close shops in Seattle in this city. He predicted that if Seattle makes a determined effort to clean house there will be a migration of undesirables to Tacoma and other places close to the Army camp.

MORE LUMBER IS CUT

IMPROVED CONDITIONS SAID TO EXIST AT WEST COAST MILLS.

Threat of Commandeering Said to Apply Only to Southern Plants Where Work Is Held Back.

Improved conditions in lumber production and greater efficiency in handling aircraft lumber, ship timbers and other Government requirements are a heartening feature of the lumber situation, according to the weekly trade report of the West Coast Lumbermen's Association, just issued.

The output of lumber for the past week was 79,830,961 feet at association mills, as against 75,135,528 feet for the Seattle dancehalls closed Friday for the corresponding week one year ago.

Reports from Washington, D. C., that the Government is preparing to commandeer mills on six days' notice are said to be misleading, in that, to date, it is not the declared intention of the Government to take over West Coast mills, but rather the mills of the South, where there is some difficulty in getting out ship materials, even at the new average price of \$40. The West Coast price of ship material will remain at the \$35 average, it is said.

During the past week the War Board at Washington has instructed Pacific Coast collectors of customs not to grant clearance papers to vessels carrying export lumber cargoes which

OUR CLAIMS

for your patronage are based upon two important items—Merchandise Quality and Store Service.

We offer to our patrons the productions of the highest class of makers in this country and in Europe. Merchandise of doubtful character has no place in our store.

Courtesy is our watchword, and every employe is, of necessity, a gentleman at all times.

Confidence of obtaining the best of material and workmanship, combined with the satisfaction of being served by interested and courteous clerks, are two factors which are attracting many new patrons to this growing store.

We are ambitious to develop still more fully, and if you are not already one of our regular patrons we shall hope to include you in the very near future.

And now just a word about Overcoats:

We are offering the most attractive assortment of beautiful garments we have ever shown, and regardless of increasing costs, never have we offered better values.

Because we sell "the best in Portland" it does not follow that our prices are above the average pocketbook.

New Overcoats in every desirable weight and style are ready for your inspection, \$20, \$25, \$30, \$35 and up to \$65. We ask the privilege of showing you.

PEARS BRING HIGH PRICE

Carload of Hood River D'Anjous and Boscs Sells for \$1900.

HOOD RIVER, Or., Oct. 30.—(Special.)—Although the South American

market, where practically the entire crops of D'Anjou pears from Hood River have been sold in previous years, is closed this season because of lack of ships, indications are that growers will realize handsome profits from their fruit of this variety as well as Boscs in the domestic market.

The Apple Growers' Association today received a message from New York announcing that a carload of D'Anjous and Boscs, about two-thirds of the 204 boxes being extra-fancies and the rest of the fancy grade, sold on auction for a total of \$1900.

Service Hints From The Wiley B. Allen Co. Records In a Hurry When you want talking machine or phonograph records or player-piano music rolls in a hurry, just phone us and say so. They will come in special messenger. Small chance of not getting what you want. Our stock is most complete at all times.

A Particularly Good Bargain Among our Used Pianos—all of which are bargains worth talking about—is one which deserves especial mention. It is the kind of bargain that comes along only once or twice in a year. It is a Ludwig Upright in a mahogany case, in perfect condition, with all the sweetness and richness of tone that has made this make famous. It can be bought—if you are prompt—at \$200, and on easy terms at that.

Victrolas and Edisons After all, the one person whose opinion settles the question is the purchaser. The only way to decide which make of talking machine you want is to hear them all under similar conditions and choose on their merits as you find them. That is what makes important the fact that we carry ALL models in BOTH Victrola and Edison machines. Sit in comfort in our Talking Machine Department and make your own comparisons.

\$5 a Month Will Buy Almost Any Model We make very easy terms on all Pianos and Talking Machines, but the arrangement for the latter that is most popular is that which gives you a choice of five models of the Victrola (or the \$100 Edison). You can select \$5 worth of records and add the amount to the contract, which is settled on payments as low as \$5 a month. Further information given on your visit here, or sent if you will mail coupon printed below.

Player-Pianos We have been player-piano specialists ever since the first one was built. Of the scores of makes on the market we have, after years of experience, picked these as the most satisfactory and the best values obtainable:

- EUPHONA APOLLO CAROLA ANGELUS CONOVER MILTON

Each of these has some feature of price or quality which makes it supreme in its field. We state this emphatically and seriously and on long and expert experience. Prices range from the incomparable Euphona at \$510 to the Apollo Grand at \$1500.

For further information on any of the above or in regard to our Musical Service in general, call here or send coupon below:
