MAKE YOUR HOME

AT

CAPAY RANCHO.

Here is a letter from a man who has just returned from Capay Rancho. This man went, saw and was conquered by the beauties and the opportunities of this wonderful country. His letter tells its own story.

Hamilton City, Cal.
January 5, 1918.

California Farms Co.,
Capay Rancho.

Gentlemen: I have been all over California and practically all other states and have never before seen such a fine body of land so uniformly fertile and as easily irrigated, and as productive for all lines of agriculture and horticulture.

I am very much pleased with the fine fields of alfalfa which I saw, and the stock pasturing on them makes a very fine sight at this time of the year.

I have purchased 40 acres of your land and expect to purchase more as soon as I can dispose of my holdings in Washington. I consider it a great pleasure to live in this country, as it has a fine, mild, even climate the year around, and I have never felt better anywhere else than here. I have found everything exactly as represented to me, and there has been more land purchased here in a short time than in any place I have ever been—a good, energetic class of people with substantial means are buying and moving in here, which means prosperity for the future.

I wish to state also that I never have been treated better by a real estate firm than I have been here. The conditions here are so favorable that if I was footloose I would stay right here and go to work and not lose valuable time.

I have never seen such good natural conditions for the building of roads, and there is a continuous concrete highway of 750 miles, which passes within two and a half miles of the ranch.

Yours very truly,
WM. S. LOUTHAN.

At the price of $135 to $150 an acre, with water included, Capay Rancho is the big opportunity for which you have been waiting. Come into the office and let us tell you more about it. If you can't come in right away clip and mail the coupon below. DO IT NOW.
