COUNT LUXBURG INSANE

DIPLOMAT HELD IN CONFINEMENT IN ARGENTINA.

Kaiser Protests at Detention of Former Ambassador on Island of Martin Garcia.

BUENOS AIRES, Jan. 19.—The Argentine government has received a note from the German government protesting against the confinement of Count von Luxburg, former German Minister to Argentina, to a hospital.

Germany admits the justice of the detention of von Luxburg on the island as punishment for leaving Buenos Aires without permission, but argues there is no excuse for continuance of a guard at the hospital.

In reply the Argentine government has transmitted to Berlin certificates of physicians, stating it is absolutely necessary to keep von Luxburg closely guarded until he is able to leave Argentina, because of his mental condition.

The German note also requests the Argentine government to recognize as charge d'affaires ad interim Secretary Count Don Hoff, of the German legation, until a successor to von Luxburg is appointed.

Argentina also refuses this request and declines to accept Don Hoff to continue to act as Secretary of legation, maintaining that all legation employees lost their official status when von Luxburg was given his passports.

GERMAN EDITOR ARRESTED

ABERDEEN, S. D., Man Held on Allegation of Being for Teutons.

ABERDEEN, S. D., Jan. 20.—F. W. Sallet, editor and proprietor of the Dakota Free Presse, and the Neu Deutsche Presse, weekly papers published here, was taken into custody last night by Federal officers upon a charge of pro-German activities.

He passed the night in the city jail and today will face arrest under a Federal warrant in the hands of United States Marshal Taubman. No opportunity was given him to furnish bail.

Formal charges are understood to be failure to file a correct translation of a certain article published in a recent issue as the espionage law provides.

Other factors which it is alleged that his pro-German activities have taken have been the solicitation and forwarding of money for the German Red Cross and of participation in the propaganda which was spread by Ambassador Bernstorff.

TORCH IGNITES EXPLOSIVES

Five Boys Enter Dugout; Four Are Injured and One Is Believed Dead.

LOS ANGELES, Jan. 19.—Five boys took a lighted torch into a dugout used for storing explosives on the grounds of a motion-picture concern here tonight and it was believed one was dead as the result of the explosion that followed. Another probably was fatally burned and three more received serious burns.

When the explosion ignited the boys' clothing they jumped into a large tank of water nearby. Four of them later scrambled out, but it was believed the body of the fifth, whose name his mother did not know, was still in the tank. Tonight the studio employees started to drain out the water in an effort to determine the lad's fate.

"Well, you ought to know everything in there, if you expect to run a car without endangering yourself and your fellow-citizens. Suppose you sit down in the corner there and study the book from Pringle to Pines."

At the end of a "study period" Officer Lewis called his pupil to the carpet. "What's the congested district?"

"From Front street to Tenth street, Oak to Yamhill," glibly responded the seeker after knowledge.

"Hm, that's right. How about the speed of a motor vehicle of less than 2000 pounds capacity?"

"On river bridges and in congested district, 15 miles an hour; outside of congested district, 30 miles an hour."

"But you're not obliged to go that fast all the time. A little less speed isn't against the law. That's all today—don't come back."

"Thanks, Officer—I won't."

ROME, Jan. 19.—The enemy attacked along a wide front on the Lower Piave on Thursday night. Today's official statement says he was repulsed.

LONDON, Jan. 19.—The War Office tonight issued the following statement in regard to the operations in Palestine:

"Yesterday our line was advanced to a maximum depth of a mile on a four-mile front in the neighborhood of Durah, 12 miles north of Jerusalem. Some prisoners were captured."

The following official report dealing with aviation activities was issued tonight:

"Bombs were dropped Friday and many rounds were fired from low altitudes by our airplanes at numerous targets, including a long column of the enemy, among whom many casualties were inflicted. Three hostile machines were downed by our airplanes and one by our infantry. Another enemy machine was driven down out of control by our anti-aircraft gunfire. One of our machines is missing."

Among the many drastic changes Field Marshal Sir Douglas Haig is making at British headquarters in France, according to the Times, is the appointment of Lieutenant-General Sir Herbert A. Lawrence as his chief of staff.
