PONIES

GIVEN WINNERS

Competition Among High Schools and Grade Schools of State Is on Subject: "What We Can Do to Win the War."

Three ponies, offered by Russell Haw-Three ponies, offered by Russell Haw-kins. of Tillamook, as prizes for the three best essays to be written by the high school students and grade school pupits of Oregon on the subject. "What We Can Do to Win the War." will be given to Miss Opal Clark, of Washing-ton High School, Portland; Irma V. Coulter, of Hood River, and Dorothy Christian, of Prineville.

Coulter, of Hood River, and Dorothy Christian, of Prineville.

The contestant essayists were divided into three classes, each of which tried for one of the ponies. The first class was composed of high school students. was composed of high school students, the second of grade school pupils aged li or more and the third of grade school pupils aged 10 or less. Miss Clark was the winner in the first class, Irma Coul-ter in the second and Dorothy Christian in the third.

The essays were all written last No-vember. The best essay in each school-room contended for the privilege of rep-resenting the school. The winner in resenting the school. The winner in each high school and the two winners in each elementary school were sent to county school headquarters, where another selection was made. The final se-

Contest Is Long Continued.

other selection was made. The final se-lection of the three best essays in the state occupied the judges from early in December until yesterday.

The contest between the essay of the high school winner, Miss Opal Clark, and that of Miss Mary Dustin, of Baker, was so close that all the judges agreed that the choice for first place lay be-tween the two papers. One of the Judges favored Miss Dustin's paper and two Miss Clark's. Others who received two Miss Clark's. Others who received a ranking close to these two leaders were: Miss Estelle Graybili, La were: Miss Estelle Graybill, La Frande; Miss Ruth Linklater, Hills-ler, Willamina; Kathleen Murphy, Soro: Miss Jessie Dillinger, Dundee; Clatekanie, and Kathryn Kirk, Tilla-Francis Jordan, The Dalles, and Miss Viva Green, Philomath.

Essays Are Praised.

Commenting on these esseys, one of the judges suggests the following: "Miss Opal Clark's paper has a splen-did introduction, which possesses a marked degree of patriotic thought. It is, however, the practical suggestions which she expresses throughout her paper which appeal particularly to me. Since explains the situation with definite reference and, it seems to me, brings out the various points better than any other essayist. Her paper is well organized and well worded. The paper undoubtedly is absolutely genuine and not the result of coaching on the part of her instructors or her parents. The paper, I believe, is very creditable.

"The paper of Miss Dustin, of Baker, is entitled, I believe, to first rank on the score of patriothem and to second rank on general principles. There are several thoughts in her paper which impressed me, notably the reference to the lack of need to hearken back to the days of 76 and '\$1 for patriotic theiles, and which consume as much as 200,000 and the layer.

for the young folks to render patriotic cards."-Kathryn Kirk. work by assisting in marketing crops and also by giving entertainments in the schools to raise funds for the pur-chase of Emerty bonds, etc.

tained and also the practical thought

In my judgment the papers of Miss Viva Green and Miss Estelle Grayhill come next in rank, the latter contain-ing several practical ideas. Miss Green's

April 2; "The American Red Cross in France," April 2.

RESEARCH WORK PLANNED Reed College Students Will Study

Municipal Problems.

Students of the political science clas-

of Reed College will do actual work this semester in the study of municipa government in Portland, under the rection of Robert D. Leigh, head of the political science department.

Municipal administration will be undertaken concerning some of the city's problems. Among the problems which will be investigated to some length is the question of the street railways and jitneys, housing workers during war times, analysis of the civic organiza-

suite, consisting of fullsize Bed, Chiffonier, Dresser, and Dressing Table with triple mirror. The same design is also furnished in ivory enamel. Both suites displayed in our windows today.

If Kidneys Act **Bad Take Salts**

Says Backache is sign you have been eating too

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dixy spells; your stomach sours, tongue is coated, and when the weather is had you have rheumatic tunges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two er three
