

OREGON WILL TAKE SHARE OF STAMPS

Excellent Showing Made to Date in Sale of War Savings Certificates.

THURSDAY'S TOTAL \$61,682

State Managers Are Encouraged by Way Work is Going Forward. Increase in Business From Now on Expected.

IT is many thrift stamps and war savings stamps were sold every day in Oregon as were sold Thursday, February 28, the state would easily reach its quota of \$17,699,000 of the Government's \$100,000,000 campaign, by January 1, 1919, the date set for the achievement.

Steady Increase Expected. With this spirit actuating citizens generally the state director feels satisfied that from now on sales will increase steadily, and that it will be "Oregon first" again when all the returns are in and tabulated at the close of the campaign.

As compared with the \$61,682 total February 28, the sales on January 21 were but \$46,389.

Sales in Portland Multnomah County on the last day of February amounted to \$26,901.58. Linn County came next with \$4033.89, and Union County, reporting total sales of \$4852.26, swung into third place and helped Eastern Oregon's showing to a considerable extent.

Though not all counties have yet reported the grand total of sales, February will be well over the \$50,000 mark, bringing the aggregate sales in the state to date up to the million and a quarter mark set for March 1.

March 17 Thrift Sunday. Big returns are expected to follow the state-wide house-to-house thrift canvass on March 19, 20, 21, 22 and 23, preliminary opening of the week to be celebrated in all churches of the state on Sunday, March 17, which has been officially designated as Thrift Sunday.

The Greater Portland Association has entered the ranks of workers for the war savings stamps cause, E. J. Janssen, manager of the E. J. Janssen Investment Company, as a committee to confer with Henry E. Reed, chairman of the civil and military division, as to intensive campaigning.

Members in the Oregon Junior Rainbow Regiment has reached 898. J. A. Churchill, State Superintendent of Schools, reports the following as the last 100 boys and girls to qualify for membership by selling war savings stamps to the value of \$50 or more:

HOMAN FUNERAL IS HELD

CIVIL WAR VETERAN RESIDENT OF VANCOUVER FOR 40 YEARS.

Members of Ellsworth Post and Women's Relief Corps Pay Last Tribute to Comrade and Friend.

VANCOUVER, Wash., March 2.—(Special)—The funeral of Charles A. Homan, Civil War veteran, and for 40 years a resident of Vancouver, was held here today, Rev. E. G. Judd officiating. Members of Ellsworth Post No. 2, and the Women's Relief Corps attended in a body. A detachment from Vancouver Barracks escorted the casket to the post cemetery, where interment took place.

Mr. Homan was born in Brockville, Ontario, Canada, December 17, 1847. At the early age of 15 years he ran away from home, coming to the United States where he enlisted in Company F, 34th New Jersey Volunteers, Infantry, August 25, 1862. He served until July 29, 1865. He was with General Sherman on his famous march to the sea.

NEW SCIENCE COMES

Proper Placing of Men Aim of Human Engineering.

DR. E. H. LINDLEY SPEAKS

President of University of Idaho Discusses Releasing of Workman's Energies—Dr. Foster, of Reed, Starts Something.

Human engineering is a science that is revolutionizing modern industry, and one that has come to stay, said Dr. Edward H. Lindley, president of the University of Idaho, speaking before the Oregon Civic League at a luncheon in the Multnomah Hotel yesterday. He loosely defined the science as the study of how to release all of a workman's energies along the line of his work. This result is accomplished chiefly, he said, by placing the men in positions for which they are suited, and by assisting their enthusiasm through fair treatment.

"One-man control of industry," said Dr. Lindley, "is autocratic, and it is dead or dying. Just as surely as autocracy is facing its doom in Europe. The reason is that an industry of any size in modern times becomes so complex that no human mind can compass it in its entirety."

Dr. Foster Starts Something. Dr. William T. Foster, president of Reed College, literally "started something" when he was called upon for remarks at the conclusion of Dr. Lindley's address.

The Terror of Grip is the After Effects

Grip leaves its victims weak with localized troubles. Many of them drag along for months after an attack with aching backs, coughs and colds and impaired digestion. Grip is a catarrhal disease and it leaves the system full of that dread malady. Drive out the catarrh and you overcome the grip.

Rebuild Your Lost Strength with PERUNA—a good tonic

Because PERUNA is a good tonic and because it has special reference to catarrhal conditions its use in the weakness following Grip has proven very beneficial. It clears up the system of all the poisonous matter left after the attack, gives tone and strength to the digestive organs and overcomes the congestion and inflammation. What it has done for thousands is well told in the letter below.

LOOK AT THIS LETTER. Mrs. Frank Stroebe, R. F. D. 1, Appleton, Wis., says:

"I began using Peruna a few months ago when my health and strength were all gone, and I was nothing but a nervous wreck. Could not sleep, eat or rest properly, and felt no desire to live. Three bottles of Peruna made me look at life in a different light, as I began to regain my lost strength. While my recovery took nearly four months, at the end of that time I was better than I ever was before. I had a splendid cold and never weighed more in my life. I certainly think Peruna is without a rival as a tonic and strength builder, and it has my endorsement."

PERUNA IN TABLET FORM. PERUNA is now put up in tablets, not unpleasant to take. They are very effective and convenient treatment for catarrh in whatever form it manifests itself. They are invaluable in colds, affording quick relief, and are a preventive if taken in time. Carry a box with you.
