A Wonderful Showing of New Spring Suits \$31.50

—The very handsomest models in new Spring tailored suits. Some have the most effective trimming of silk military braid, others show clever button trimming or white collars. —Splendid serges in navy, gray, tan and black. In all sizes from misses' 16 to 46.

Exceptionally Lovely New Silk Frocks \$27.50

—They are the prettiest styles, these new frocks. The one sketched is of soft shaded wisteria Georgette over shimmering silk of the same shade. Many, many others of taffeta, satin and combinations of taffeta or satin with Georgette, in the most charming effects.

—As the sketch shows, one is small and tailored with but a single quill and ribbon bound edges, another is large, with band of ostrich trimming and bunch of colored flowers, and the third is in the popular poke effect, with an ostrich fancy right in front. There are scores and scores equally smart and becoming in this newest shipment at \$5.
