If we all would practice inside-bath-ing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-checked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our pres-ent mode of living. For every ounce of food and drink taken into the system. nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood. Men and women, whether eick or well, are advised to drink each morn-

ing before breakfast, a glass of real hot water with a teaspoonful of lime-stone phosphate in it, as a harmless means of washing out of the stomach, liver and bowels the indigestible ma-

terial, waste, sour bile and toxins.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleaneing, sweetening and freshening effect upon the system.—Adv.

New dependability in Bonds

NATURALLY every dependable American will buy Liberty Bonds, primarily because our boys need his help. And need it now!

But it's comforting to know that Liberty Bonds bring new dependability as an investment. The reason?

No bonds ever enjoyed such great insurance of safety as do Liberty Bonds. For behind every one of them stands a great reserve—the

total wealth of the United States. Liberty Bonds make the United States safe. The United States make Liberty Bonds safe.

For Constipation! Physic Purge or Laxative?

Everyone now and then becomes constiputed, and flions are chronically in that condition. The perplexing tion arises what to use.

Purgatives and cathartics are drastic and usually cause reaction. Saline waters are rapid in action but do no more than empty the bowels.

Just as certain an effect, and certainly a much more meant one, can be obtained by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It acts gently, without griping. It is an especially ideal medicine for children,

nen, old people and others who find purges too powerful. Only a teaspoonful is required, and by morning the movement is free and complete. A bottle in the house is insurance for the whole family against constipation, indigestion, head-

sches, flatulency and other digestive ills. The druggist will refund your money if it fails to do as promised.
