

## How to Cut Shoe Expense

Shoes are judged largely by the way they wear.

And shoe wear, analyzed, means sole wear. What you have to pay for shoes, by the year, depends almost altogether on how long your soles last.

So when you buy shoes this Spring—for yourself or for others in your family—it will pay to give separate and thoughtful attention to the soles.

It will pay to learn the merits of Neolin Soles—for these soles, costing no more than others, wear longer and so make shoes cost less.

If you have not learned the economy of these soles do so now. Get them on all the shoes you buy for members of your family this Spring. And specify Neōlin Soles when you send worn shoes to the repairman for re-soling.

You will find that you get not only longer wear—money-saving wear—but also a pleasant and satisfactory kind of wear that you have not known before. For these soles were created by scientists to have all the qualities that soles should have—long wear, comfortable flexibility, waterproofness and resistance to slipping.

But when you ask for Neōlin Soles, look underneath for the Neōlin trade mark. Dealers and repairmen in the lists below will point out this mark to you as identifying the genuine.

Mark that mark; stamp it on your memory:

the trade symbol for a never changing quality product of

The Goodyear Tire & Rubber Co., Akron, Ohio
