

SOLONS PLAY BALL; WILSON PLAYS ON

Democrats and Republicans of House Clash on Baseball Diamond.

RED CROSS GETS PROCEEDS

Minority Defeats Majority Party Players by Score of 19 to 5.

WASHINGTON, June 8.—President Wilson laid aside the cares of state today to see the Democrats and Republicans of the House of Representatives struggle through their annual baseball game, which went for six and one-half innings and was staged for the benefit of the American Red Cross.

For once there was no debate as to the winner. The official scorer says the minority representatives had 19 runs to 5 for the majority party players and nobody disputed him.

Besides the President, Vice-President Marshall, Speaker Clark and many other high government officials were gathered at American League park, and they appeared to find keen enjoyment in baseball as played by the selected representatives of the people.

The players, too, enjoyed themselves until the novelty of running the bases and chasing the ball was supplanted by weary muscles and shortening breath.

Officially, the game was called on account of darkness, though it played on long before the sun went into eclipse.

Mudd's Delivery Fizzling.

The Democrats were unable to solve the delivery of Representative Mudd, of Maryland.

Representative Delaney, of New York, started out as boxman for the Democrats and was touched for three runs in the opening round.

In the third Representative McClintic, of Oklahoma, catcher and boss of the Democratic nine, inserted himself into the pitching position.

The Republicans went right along piling up runs and they settled the contest in the fifth round.

With the bases full, Delaney went over from his position at third base to give McClintic some pointers on what to throw.

OFFICIAL WAR REPORTS

French. PARIS, June 8.—The war office today issued the following statement:

"There was quite lively artillery action in the neighborhood of Hangard-En-Santerre, between the Oise and the Aisne and South of the Aisne. We continued our progress in the region of Veully-La-Poterie and Buslares and penetrated the village of Eloup.

"The enemy tried to check the advance which we made yesterday at Chesny and Dammard, launching violent counter attacks in this region. Our troops broke down all of the attacks of the enemy, whose losses were heavy. We have maintained all our gains.

"Calm prevailed everywhere else. "Eastern theater, June 7.—Near Lake Bulkovo, British troops dispersed a Bulgarian reconnaissance. On the front of Dolran-Srka-Di-Legen the enemy artillery carried out a sustained fire on our positions. In the region of Cerna and Monastir bad weather hindered the operations."

British. LONDON, June 8.—Field Marshal Haig's report from British headquarters tonight follows:

"We raised the enemy's trenches last night south of Arras and inflicted casualties on his garrison. "Early this morning French troops carried out a successful minor enterprise east of Dikicourt and captured 47 prisoners.

"Aerial operations by the British are described in an official statement issued tonight as follows: "In the air a good deal of observa-

LANE DOCTOR DEFENDED

INDICTMENT AGAINST DR. HARRIS HELD UNWARRANTED.

William Landee Issues Statement Declaring Evidence Was Not Convincing of Crime Charged.

EUGENE, Or., June 8.—(Special.)—William Landee, foreman of the Lane County grand jury, that Tuesday voted an indictment for manslaughter against Dr. John W. Harris, pioneer and prominent physician, whose body was found in Hendricks Park yesterday, tonight issued a public statement in which he asserts that in his opinion the indictment never should have been returned.

Dr. Harris was accused of performing an operation upon a 34-year-old girl, resulting in the death of her unborn babe. "The contention made by the doctor was that the operation was necessary to save the girl's life.

COTTAGE CHEESE BY ANY OTHER NAME IS JUST AS GOOD

FREE COOK BOOKS to every reader of The Oregonian. It is not merely a change of name that is undertaken in the free cook books that we give our readers. It is a mighty fine line of recipes of tasty dishes that are, oh, so easy to make.

"COTTAGE CHEESE" combined with other food in a startling variety. Soups and salads. Entrees and desserts. Meatless dishes and delicious combinations with vegetables.

Fight the big battle. Win the war with FOOD. We can't win it too often. Save MEAT. Save WHEAT. Eat instead the things that can't or need not be sent to the boys.

Government authorities stand back of these recipes. The booklet you and address with request for this booklet to The Portland Oregonian Information Bureau, Frederic J. Haskin, director, Washington, D. C. Enclose a 2-cent stamp for return postage.

His death is supposed to have resulted from a mental and physical collapse, following the action of the grand jury. No inquest was held. Mr. Landee says that he makes his statement in justice to Dr. Harris.

In part, it is as follows: "Even though the grand jury heard only the testimony that was offered on behalf of the prosecution and as foreman I was denied the privilege of calling other witnesses than those who were brought before us, enough came out to convince me that the charge was unwarranted."

The vote by the grand jury on the indictment is said to have stood five to two.

CARL KELTY CHOSEN

Lumbermen's Trust Treasurer in Government Service.

FEDERAL RESERVE CALLS

Task of Organizing and Distributing United States Treasury Certificates of Indebtedness Given to Portland Banker.

Carl S. Keltz, treasurer of the Lumbermen's Trust Company, has been called into Government service in the United States Treasury Department, and will leave Monday for San Francisco, where he will assist in the distribution of United States Treasury certificates of indebtedness.

Mr. Keltz has been lent to the Government for an indefinite period, but it is probable the first work will be dispatched within the next two months. His office will be in the Federal Reserve Bank at San Francisco.

E. W. Wilson, vice-president of the Anglo-London-Paris National Bank of San Francisco, is in charge of the distribution of the certificates for this district, and it is on his request that Mr. Keltz will be sent to San Francisco to organize the task and handle it. Millions of dollars have been invested by bankers and individuals as well as commercial and banking institutions in these certificates, which have been issued as "shock absorbers" for various income and excess profits taxes.

There is an immense amount of detail connected with the distribution of the certificates because they have been issued at various times during the last year, bearing varying maturity dates. Owing to over-subscription, a process of allotment also has had to be worked out, although this handicap does not apply so much to the later issues for anticipation of income tax payments.

Mr. Keltz is one of the well-known security bankers of the Northwest. He was formerly a newspaper man in Portland, having at one time been entering the Lumbermen's Trust Company as assistant city editor of The Oregonian.

He has been in California in the service of the Lumbermen's Trust Company.

EX-CZAR ALMOST ESCAPES

Plot to Leave Tobolsk for America Foiled by Servant.

AMSTERDAM, June 8.—The discovery of a plot to free the former Emperor of Russia while he was confined at Tobolsk, to take him to Sweden and thence to America is reported in German newspapers received here.

According to the accounts published, the chief conspirator was Prince Paul Dolgorouki, grand marshal of the Imperial Russian court, who was in charge of Nicholas, who placed 500,000 rubles at his disposal with which to bribe all the members of his guard. The plot failed, the papers say, owing to the indiscretion of a servant, who divulged the plans.

A dispatch from Petrograd to London on May 13 said that the Soviet government had officially confirmed reports that the former Emperor was removed from Tobolsk to Ekaterinburg in consequence of the discovery of a peasant conspiracy to assist in his escape.

GRANGE FIGHT IMMINENT

WASHINGTON BODY SPLIT OVER NON-PARTISAN LEAGUE. Effort to Weed Out Sentiment in Grange Favorable to League to Cause Clash, It Is Said.

WALLA, WALLA, Wash., June 8.—(Special.)—"A fratricidal struggle is being fought to a head by the high-handed action of the authorities here," declared George P. Hampton, director of the National Farmers' headquarters at Washington, D. C., in expressing resentment at the action of the citizens in barring the grangers from the high school. "The Administration is tired of having local organizations take it upon themselves to decide questions of loyalty or disloyalty," Hampton asserted that he is a personal friend of the President.

Most of the grangers left Walla, Walla last night and the remainder went today. Indications are that a bitter fight will be carried into all the subordinate granges of the district.

Hampton, who took over the running of affairs after the trouble Thursday night when grangers were elected from the High School, put Grange Master William Bouck into the background and did the talking. He will visit most of the subordinate granges in the next few weeks. The 75 so-called loyal grangers, those who repudiated the Non-Partisan League, have agreed to stay in the organization and will carry their fight to the locals, in an effort to weed out the Non-Partisan sentiment.

TOTAL ECLIPSE AT ORLANDO

Phenomena Begins at 5:44 o'Clock and Ends at 7:20.

ORLANDO, Fla., June 8.—The solar eclipse was total here at 6:40 o'clock this evening, and visitors from several states were here to witness the phenomenon. The eclipse began at 5:44 o'clock and ended at 7:20 o'clock. The eclipse was visible over most of South Florida.

No attempt at scientific observation was made.

Use Coconut Oil for Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and is very harmful. Just plain mulsified coconut oil (which is pure and entirely greaseless) is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and the hair rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Adv.
