

# TROOPS IN SPRUCE CAMPS LACK CHEER

### Entertainment Is Needed for Soldiers, Burton O. Greening Reports.

## EYES OF WORLD ON CITY

### Fate of War Shuts Men Into Forests Who Would Much Rather Be Shooting Germans—Public Asked to Help.

The eyes of the world are on Portland as the spruce center and it is to uphold her good reputation in war activities, her citizens must do a great deal to make the boys in the spruce camps happy and comfortable.

They are engaged in building roads and railways into the woods and in harvesting the spruce crop. They have to date constructed 39 miles of railroad from Toledo and South Beach into the woods and connecting with the main line at Toledo. The spruce is shipped to Vancouver, Wash. where it is cut into the desired sizes for airplane construction at the Government cut-up plant there.

### Men Need Cheering Up.

The fact that the men feel downhearted because they are not actively fighting and because they are also cut off from pleasures and the most desired kinds of recreation is clearly shown by a sign which Mr. Greening says he saw near the end of an isolated street in one of the camps. It read, "Please, this way, 1000 miles to the other sign reading, 'Dance Hall.'" was found on the wall of a real estate office building. The streets of the camp are named after streets in Portland, the main street being called Broadway.

At the table where Mr. Greening was seated, a "delicious" meal he was served by a 324-degree Mason. The "delicious meal" which is an example of what the men in the camps have to eat, consisted of the following delicacies: Soup, meat (hash and beef), salad, potatoes, string beans, pie, cake, preserves, French toast and cookies.

Athletics form an important part of the little play which the men enjoy. At one camp, the "Warren Spruce Company" has hired Professor Robert Krohn to act as athletic director and conduct classes in gymnastics among the men. All kinds of athletic equipment is available by the men, and they make frequent use of it. Each camp has a phonograph and several have pianos.

## MILWAUKIE FIRST HOME

LATE MRS. LEWIS STOUT OREGON RESIDENT SINCE 1853.

### Mehama Woman Traced Ancestry to Peasants of Basle, Switzerland.

Mr. Stout Still Living.

Mrs. Lewis Stout died June 18 at her home in Mehama, Marion County, Or., at the age of 73 years. She was born in Des Moines County, Ia., January 14, 1845, descended from a family of pioneers who trace their lineage through a long line of descendants to the Swiss peasants of Basle.

Mrs. Stout was the fourth child of a family of 11 boys and six girls, seven of whom are still living. In 1853 she came to Oregon with her parents, spending the first winter at Milwaukie. During the following summer they moved to Douglas County, near Oakland. On October 26, 1865, Mrs. Stout was united in marriage to Lewis Stout, who had arrived in Oregon the previous year, and whose father, Ephraim Stout, had preceded him nine years, being one of those who first staked their fortunes with Marcus Whitman in 1843 on the first trip across the continent by wagon.

Mr. and Mrs. Lewis Stout first settled on the banks of the Santiam River, about three miles west of Mehama, where Ephraim Stout and his son had taken the first donation land claims. Stout mountain, situated on this claim, is a landmark.

For the past three years Mrs. Stout has been in poor health. Her life has been one of service and she has taken a keen interest in the affairs of the time. In addition to an aged husband, she is survived by eight children, 25 grandchildren and one great-grandchild.

## OUR BOYS IN FRANCE AND HOME PROTECTION

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that you should drink plenty of water daily between meals. Then procure at your nearest drug store, Anuric (double strength). This "Anuric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package. "Anuric"—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.

Mr. REECE JONES says: "Just a few lines in regard to Dr. Pierce's Anuric Tablets which I took for kidney trouble. I am glad to recommend them to everybody. I know that they are good or I would not recommend them."

After taking a few bottles I saw that the swelling was going down so I continued their use. I have quit taking them now and am cured—getting along fine and dandy.

"One old lady, 65 years old, to whom I have recommended Anuric says that it did her good, took the swelling out of

Dr. Pierce's Anuric Tablets

# SUGAR RULES RIGID

### Grocers of Oregon Receive Detailed Instructions.

## HUNS CAUSE OF SHORTAGE

### All Users of Sugar, Except Household, Must Obtain Written Permits to Buy From Food Administrator.

## SUMMARY OF SUGAR REGULATIONS IN EFFECT IN OREGON.

City householders may purchase but two pounds of sugar at a time for domestic use. Rural householders may purchase but five pounds of sugar at a time for domestic use. Per capita consumption for everyone is limited to three pounds per month. For canning purposes a family may purchase on certificate 25 pounds of sugar at one time. An additional purchase may be authorized by state or county food administrators if the need for it is shown. Manufacturers and eating establishments may buy sugar only upon presentation of certificates from the state food administrator issued through the respective county administrators. Amounts permitted these users vary according to groupings just made.

Detailed instructions to grocers of the state setting forth sugar regulations are being issued from the food administration headquarters. Study of the instructions to dealers will make every user familiar with the limitations applying to his or her case.

Reasons for the extreme conservation of sugar now imposed upon users of the state and Nation include the shortage of ships available to bring this commodity from producing countries and the sinking of cargoes by the Hun submarines which have recently operated in nearby Atlantic waters.

### Revised Instructions Sent Out.

Food Administrator W. B. Ayer's revised instructions to sugar dealers and users follow:

"The restrictions placed upon the use of sugar require that householders should confine their use to not more than three pounds of sugar per month, and the sales of sugar for domestic use other than canning are limited to two pounds at one time to city consumers and five pounds to rural consumers. Householders can secure 25 pounds of sugar for home canning upon signing a certificate provided for that purpose. An order in excess of 25 pounds that may be required for home canning can only be secured upon receiving a written permit issued by the county administrator. The above rules are already in effect and are well understood by you.

"No sale of sugar can be made by you to any other person without their presenting a certificate signed by me and issued through your county food administrator. An order is absolutely no exception to this rule and includes retailers and all others selling sugar to be used for direct consumption, manufacturers of confectionery, all bakeries and all public eating places.

### Urgency of Situation Great.

"On account of the great urgency of the situation it was necessary for the food administration to act promptly, and it may be a few days before we can have certificates printed and distributed to our county administrators.

"Class A includes all candy makers, soft drinks, soda fountains, chewing gum, chocolate and other confectionery, tobacco, manufacturers, flavoring extracts, invert sugar, syrups, sweet pickles, wines, etc.

"Class B includes commercial canners, vegetable, fruit, milk, medicinal purposes, explosives, glycerine, etc.

"Class C includes all hotels, restaurants, clubs, dining cars and ships, boarding-houses, logging camps, hospitals, public institutions and public eating places generally, and users in this class are limited, for all purposes, to three pounds for each 90 meals served.

"Class D includes all bakers and cracker manufacturers of all kinds.

"Class E includes retail stores and others selling for direct consumption.

### Certificates Must Be Obtained.

"All users in classes A and B for the entire state must secure their certificates from this office. All users in classes C, D and E in Multnomah County will secure their certificates from this office. All users in classes C, D and E in other counties will secure their certificates from their county administrators.

"Full instructions will be placed in the hands of the county administrators as soon as they are received from the food administration at Washington.

"In the meantime county administrators may issue interim certificates to users in classes C and D to such extent as necessary to cover their needs to July 10. Stocks on hand and in transit must be liquidated and certificates issued only to cover the balance.

"We have sent notice to all jobbers advising them of the basis on which they can take orders from retail stores until July 10."

## FISH EVANGELIST HOME

### MRS. SPENCER REPORTS SUCCESSFUL TOUR IN WASHINGTON.

Series of Demonstrations to Be Given Here. Then Campaign in California Cities.

Mrs. Evelyne Spencer, of Portland, now known as "United States fish evangelist" throughout the Northwest, has just returned to this city after a successful lecture tour of the state of Washington, under the auspices of the United States Bureau of Fisheries. The trip was part of a campaign conducted throughout the Northwest by the Department of Commerce to induce people to eat more fish and save other foods essential to the winning of the war.

Mrs. Spencer was accompanied by H. S. Kelly, fish expert, and her daughter, Adrienne Spencer, who assisted in the demonstration work. A series of lectures will be given by the trio in Portland soon, after which time they will leave for a campaign in California.

While in Seattle Mrs. Spencer was honored at one of her demonstrations by the presence of Secretary Redfield, of the Department of Commerce, and Dr. Hugh Smith, commissioner of fisheries of Washington, D. C. After the lecture Secretary Redfield said to her: "You do not know how often the President and his Cabinet sit in solemn thought to decide what to do about us or our allies. And yet we have

# The Greatest Furniture Sale in Portland Here Is Your Opportunity to Save

\$50,000 worth of fine, new Furniture, Rugs, Carpets, Ranges, Draperies, Trunks, Suitcases, Refrigerators, Dishes and complete House furnishings to be closed out at once—nothing reserved, every article must go. # FELDSTEIN FURNITURE CO.

166-168 First Street, Between Morrison and Yamhill

## BIG DEAL IS CLOSED

### W. P. Fuller & Co. Acquire Important Property.

### PRICE CLOSE TO \$250,000

### HOME OWNERS.

The Equitable Life Assurance Society will make loans on approved home property to be repaid by monthly installments over a period of 10 years, with additional provision that in event of death of borrower loan is cancelled by a policy of life insurance issued therewith. Interest 6 per cent. No brokerage or costs. These loans are made only in close-in residence districts of Portland, and only on improved homes. Others need not apply. Will take up existing mortgages or assist in buying. Owner's equity must be 50 per cent of appraised value. Call at Equitable offices, Oregonian Bldg. Edgar W. Smith, manager.—Adv.

### Linn Pioneer Passes.

LEBANON, Or., June 29.—(Special.)—The funeral of John A. McKnight, who died at Bellingham, Wash., June 23, was held here Thursday afternoon, interment taking place in the Masonic Cemetery. Mr. McKnight was 85 years old and a pioneer of Linn County, where he settled on a donation claim a few miles west of Lebanon in 1842. He lived here for about 25 years, when he moved to Washington. For a number of years he had lived in Bellingham. He was an uncle to County Judge D. B. McKnight, of Linn County, also of Judge McKnight, of Malheur County. He is survived by a widow and one daughter.

### Announcement was made yesterday of the sale to W. P. Fuller & Co. of the buildings and property of the Pacific Hardware & Steel Company, at 22d and Nicolai change.

While no figure was officially announced, revenue stamps on the papers in the transaction showed the consideration was in the neighborhood of \$250,000, which makes it one of the biggest deals made in Portland in several months. The price is understood to have been paid in cash. The deal was closed yesterday.

The property acquired by W. P. Fuller & Co. includes four and one-third acres of ground, on which is a four-story brick building with basement, covering a space 132x290 feet; a galvanized iron warehouse, 100x90 feet, and a building, 60x125 feet, formerly occupied as a sash-weight foundry. The main building on the property is at present occupied by the Columbia

## HEIGHTS RESIDENCE IS SOLD

Beautiful Home on Prospect Drive Bought by Augusta Grant.

Almira C. Wood sold last week to Augusta Lemp Grant a 10-room residence at 701 Prospect drive, on Portland Heights, near Montgomery drive. The property occupies about a lot and a half and overlooks the whole city. It is accounted one of the beautiful residences of the heights. The price was about \$20,000. The purchaser is the wife of A. Roderick Grant, of the Eastern Glass Bottle Company. Mrs. John Brooke handled the sale.

### Two Sawmills Being Erected.

WOODLAND, Wash., June 28.—(Special.)—Two cars of machinery, one for the Coast Tie & Timber Company, which is building a sawmill at Cougar, 30 miles up Lewis River, and the other for the Lewis River Tie Company, building a mill near the first named. Both of these mills are being erected to cut

Basin Wool Warehouse Company and the New York Lubricating Oil Company. The deal was handled by the Title & Trust Company, Charles E. Woodruff, manager of the W. P. Fuller Company, acting for that concern, and Arthur C. Callan, for the Pacific Hardware & Steel Company.

# "TIZ" FOR FEET

### For Tired Feet, Sore Feet, Tender, Aching, Swollen, Calloused Feet and Painful Corns

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your feet will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

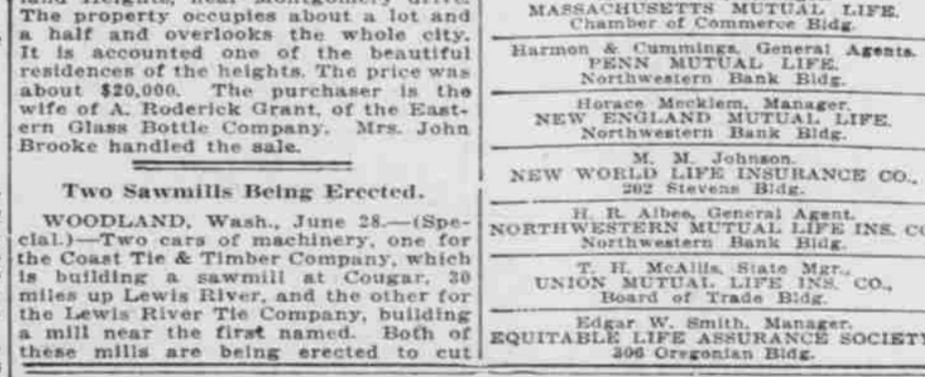

When your feet feel like lumps of lead—all tired out—just try "Tiz" bath. It's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture. Get a 25-cent box of "Tiz" at any drug or department store; don't wait. And how glad your feet get, how comfortable your shoes feel.—Adv.

## THE WEAR INSIDE ON THE RIM IS NOT AS APPARENT AS OUTSIDE WEAR ON THE ROAD—BUT IT IS AS FATAL TO A TIRE'S USEFULNESS.

Federal's Double-Cable-Base remedies this danger. This is an exclusive advantage—no other tire has it.

It prevents the tire from shifting on the rim. It also prevents tubepunching; blow-outs just above the rim; slipping off and rim-cutting. Adopt Federal tires and avoid all these troubles. The Federal Rubber Company of Illinois, Factories, Cudahy, Wis.

# FEDERAL DOUBLE CABLE BASE TIRES

THE wear inside on the rim is not as apparent as outside wear on the road—But it is as fatal to a tire's usefulness. Federal's Double-Cable-Base remedies this danger. This is an exclusive advantage—no other tire has it.
