

BEND ENTERPRISES AL KADER TEMPLE

Shriner Gathering in Central Oregon City Is Enthusiastic One.

BIG CLASS CROSSES SANDS

Visitors Are Accorded Ringing Welcome—Belgian Baby Milk Bottle Proves Too Small for Coin Contributions.

BEND, Or., June 29.—(Special.)—One hundred and twenty-five members of Al Kader Temple, of Portland, invaded Bend today. Augmenting this number were 100 Shriners from other parts of Oregon, who drove over mountain passes and across leagues of sage land to be present at the convention in Bend, where 25 seekers after truth crossed the burning sands tonight to the tune of "When Your Toes Tootle Are Blistered, You May Walk Upon Your Hands."

Upon the arrival of the delegates this morning they were taken to the Pilot Butte Inn for a trout breakfast. Local fishermen had gone out to the celebrated Crane Prairie fishing ground the day before and hundreds of the speckled beauties graced the table. The breakfast was to have been the scene of the presentation of a valuable dog by Fred Stanley, of Bend, to his lifelong friend, Judge Stapleton. Mr. Stanley says he raised this hound from a pup with that intention in view. He brought the dog up from the Deschutes home yesterday and left it in the garage, with orders to have it brought to the hotel in the morning. This was done, but in the lobby Post Potentate James Moffett saw it and claimed it as one he had lost on a recent trip through Central Oregon. Mr. Stanley has a certified pedigree from a kennel in Seattle, which he claims is authentic. Mr. Moffett, on the other hand, has a wired Portland for a description of his dog. Judge Stapleton is keenly disappointed, for the animal is undoubtedly a valuable dog. Stanley says he is a full-blooded wolf hound and the only reason that Moffett claims the dog is the fact that the animal in his possession resembles a cross between a Red Cross sweater and a minnie whiffer.

Patrol Band Entertains. This morning a complimentary programme was given to a crowded house at the Liberty Theater. This evening on the famous lawn of the Emblem Club the patrol band entertained citizens with a concert, after which dinner was served at the Pilot Butte Inn for 250 guests. Following the dinner the parade started from the Pilot Butte Inn for the athletic clubhouse, where the last part of the work was put on, but was halted before the office of the Bend Press, where Potentate William Davis saw hanging from the bulletin board, where war dispatches appear daily, one of the French and Belgian baby relief milk bottles. Calling on the nobles to fill the bottle with their spare coins, he ordered them in single file by the bottle.

W. J. Hoffman and Phil Metcahan, Jr., sensed the spirit in the air and knew that the milk bottle would be too small and too slow, and taking a flag which hung in front of the office, they held it by its corners and the rain of silver, gold and bills into its folds bespoke the true fellowship spirit in the hearts of the Al Kader Temple boys, which finds its expression in liberality and thoughtfulness for others. The scene was wholly spontaneous and was cheered by the hundreds of citizens who lined the street to witness the parade.

Shriners to Go Fishing. Tomorrow large numbers of the visitors will be taken to the famous fishing grounds of Central Oregon, some planning two and three-day trips. Automobiles are in readiness, furnished by local members, for any trip they may desire to take. The centennial has been pronounced one of the most entertaining ever held in the state.

PENSIONS WILL BE \$30

ALL CIVIL WAR VETERANS WILL SOON GET INCREASES.

Commissioner of Pensions Issues Circular Explaining Operations of New Law.

OREGONIAN NEWS BUREAU, Washington, June 29.—All Civil War veterans who are now carried on pension rolls will soon be drawing \$30 a month or more under the terms of the new pension law which becomes operative June 10. The Commissioner of Pensions has issued a circular explaining the operations of this new act which reads as follows: "The act of June 10, 1918, amending the Sherwood pension law of May 11, 1912, provided the rate of \$30 per month for soldiers and sailors of any age who served 90 days and less than six months during the Civil War and were honorably discharged, and who are now receiving a lower rate. Those who are 72 years of age, or over, and who served six months, are entitled to receive \$32 per month; those who served one year, \$35 per month; one and one-half years, \$38 per month; and two years or over, \$40 per month. These increases will be granted automatically, and without application of any kind to the Pension Bureau, to all soldiers and sailors now pensioned under the act of May 11, 1912, and who have attained the required age and served the necessary length of time. "Soldiers and sailors who served during the Civil War and are pensioned at lower rates under some other law, but who are entitled to pension under the act of May 11, 1912, will be required to file an application under that act in order to receive the benefits of the new law. "The Pension Bureau will make these allowances with all the dispatch possible under existing conditions. A special force for the adjustment of cases within the provisions of the new law has been organized, which will handle these cases exclusively. It should be borne in mind by those concerned that there are now nearly 368,000 pensioners under the act of May 11, 1912, and all are urged to exercise patience and consideration. While every effort will be made to hasten this work, there will be no avoidable interference with the progress of claims now on file or hereafter filed under other laws. A special effort will be made not to interfere with the adjudication of widows' claims. "It will be wholly impracticable to make any payments at the increased rate on July 1, 1918, but it is hoped that payments due August 4, 1918, may be made at the rate provided by the new law. It will not be necessary to write the Bureau about these increases. Letters of inquiry will simply delay the work of making allowances. "No attorney's fees will be allowed or paid for services in securing increase of pension under the act of June 10, 1918."

PIONEER FARMER DEAD

THOMAS WILMER SAIN PASSES AT WASHINGTON COUNTY HOME.

Veteran Resided in Scoggins Valley for Many Years and Served as Director of Gaston Bank. FOREST GROVE, Or., June 29.—(Special.)—Thomas Wilmer Sain, prominent farmer and pioneer resident of Washington County, died at his home in Scoggins Valley June 25. He was born in Hazelgreen, Ia., October 28, 1851. From there the family moved to Wisconsin, later crossing the plains with his parents in a train of 65 wagons and locating in Washington County. On the trip across the plains the family suffered many privations and had considerable trouble with the Indians. Upon reaching Idaho they had four oxen and two cows, all of which died with the exception of one cow, which they exchanged for pasture. The climax of their troubles came when members of a passing pack train stole their horses, leaving them without means of transportation. On September 25, 1875, Mr. Sain was married to Alice J. Smith, a daughter of Darling Smith. He then located on the farm where his death followed. At that time it was a forest, only a small tract of four acres being cleared. From this wilderness Mr. Sain carved out a beautiful home. Mr. Sain was a successful business man and had accumulated considerable property, being one of the stockholders and directors in the Gaston State Bank. He was also a member of the Woodmen of the World and Oddfellows.

County Attains Stamp Quota With Excess of About \$50,000.

ASTORIA, Or., June 29.—(Special.)—Clatsop county went over the top in the war savings stamp campaign by approximately \$50,000. The returns for Astoria, Seaside and Warrenton are not yet complete and six small districts with quotas amounting to \$6000 have not been heard from, but the returns in the hands of the committee show pledges and cash sales amounting to \$420,000, or \$44,000 more than the county's quota. The country districts subscribed exceptionally heavy and all those heard from exceeded their quotas by a good margin. Thirty-two of these districts with a total quota of \$88,500 reported \$125,267 and the committees are still working.

POWER BILL IS ATTACKED

Maker of Minority Report Says He Voices President's Views.

WASHINGTON, June 29.—Representative Ferris, of Oklahoma, today filed in the House a minority report on the administration water power bill, in which he attacks the provision recommended by the majority, by which the government, state or municipal authorities would be required to "net investment" in power projects at the expiration of license periods, if the government of the municipalities desired to take them over. Mr. Ferris said President Wilson was in accord with his views. Payment by the government of "fair values" is proposed by Mr. Ferris.

Lane to Fight Thistles.

EUGENE, Or., June 29.—(Special.)—The Eugene Park Board today proclaimed Tuesday, July 2, thistle day, calling upon all citizens to cut thistles about their homes and in the streets and alleys. The Canadian thistle has made its appearance in Lane county and the action on the part of the city before the plants go to seed, will aid in checking the spread of the pest, it is believed.
