HOKUM AND HILARITY IN THE MONSTER DOUBLE COMEDY BILL BEGINS TODAY

BIG SHOW ASSURED

Camp Lewis Soldiers to Stage Military Tournament.

TWO DAYS OF FESTIVITIES

More Than 1000 Soldiers and 6500 Horses Will Participate in Celebration of July 4 at Great Army Camp.

TACOMA, Wash., June 29.—(Special.)—Every phase of the war game as it is played today will be shown in the Western States Military Tournament to be staged in the Tacoma stadium on the nights of July 3 and 4. The tournament will start with a military horsemanship show put on by men from the Remount Station at Camp Lewis, where the best riders of the West are assembled in the service. The pick of 1000 men and 6500 horses has been made by Sergeant W. A. Richardson, who has staged rodeos at Ontario, Or.; Pendleton, Cheyenne, Miles City and other places of the West. His corrals and chutes are already constructed.

Woman Rider to Participate
 Mildred Douglas, of Nevada, champion woman rider of the world and an old friend of Sergeant Richardson, is in Tacoma on a visit and she will participate in the event. The vast amphitheater, seating 40,000 persons, offers an exceptional setting for the test of horsemanship, according to Sergeant Richardson. It would be impossible to gather such a galaxy of riders in peace times for they would be scattered over the many states, and could not be assembled in one show. This exhibition will be a forerunner of the Infantry, Artillery and Cavalry maneuvers to be put on by the First Infantry of the United States Army on the night of July 4. Every angle of the war game as it is carried out in France will be shown. Perhaps the most interesting event will be the machine gun drill.

Drills to Be Feature

A gas mask, liquid fire display and exhibition in visual signaling by mounted orderlies will be features. The First Infantry is made up of seasoned soldiers of the command of Lieutenant-Colonel E. A. Shuttleworth and his associate officers have followed every development of this war and have trained their men according to these modern methods. The First Infantry arrived here but recently from Hawaii.

CAMP LIFE IS STUDIED

EDWARD ALLEN MUCH INTERESTED IN WELFARE OF SOLDIERS. Visitor Will Pass Tuesday in Portland and Probably Will Talk Before Commercial Organizations.

OREGONIAN NEWS BUREAU, Washington, June 29.—Edward F. Allen, special representative of the War and Navy departments on the Commission on Training Camp Activities, will visit the Pacific Coast cities and various Army camps in the West to gather data for future publicity work. Mr. Allen will be in Portland on July 2 and probably will address a luncheon at the Commercial Club and spend part of the day at Vancouver Barracks. Prior to his stop in Portland he will

visit the Puget Sound cities and American Lake. He will later go to San Francisco to take charge of the exhibit of the Commission on Training Camp Activities.

Mr. Allen is the author of the recently published book, "Keeping Our Fighters Fit—for War and After," written with the co-operation of Raymond B. Fosdick, chairman of the commission, and prefaced by a special statement from President Wilson about the whole significance of the social, theatrical, athletic and educational programs being furnished for all the men in service.

The Western camps are given considerable attention in this book. In the chapter on athletics, in the hostess house chapters and in the chapter devoted to community entertainment they figure notably. One of the main purposes of Mr. Allen's visit is to gather further material along the lines of recreational life in the camps and training stations on the Pacific Coast for future publication. Mr. Allen is the former editor of Travel and Lippincott's Magazine and is widely known here for his writings on the West and the National parks. He brings the latest official training camp news from Washington, particularly the latest news from Mr. Fosdick, who is now at the American front in France making a survey of the recreational facilities there in co-operation with Pershing and at the direction of Secretary Baker.

SHRAPNEL HITS GUY READ

Portland Boy in Trenches Reported Wounded in Action.

D. H. Read, of 7902 Fifty-ninth avenue Southeast, yesterday received word that his son, Guy E. Read, had been seriously wounded in action on the French front. The young man sustained wounds in the arms and legs from shrapnel, and a letter received by Mr. Read from the boy's Captain stated that the boy would be on crutches for some time. Guy Read and his brother, Ross E. Read, are both members of Company D, First Engineers. They are Portland boys and enlisted a year ago. Ross Read was recently cited for bravery. He rescued a companion from a barbed wire entanglement under heavy machine gun fire.

VANCOUVER PAYROLL BIG

More Than 3500 Men Now Employed in Industrial Plants.

VANCOUVER, Wash., June 29.—(Special.)—Mayor G. R. Percival, of Vancouver, has compiled figures showing that there are 3500 industrial employes in Vancouver and that within the next two months, employment will be given to an additional 4000 men. Figuring an average daily wage of \$4.50, Vancouver will have a monthly payroll of \$1,900,000.

The tax valuation of all property in Vancouver last year was only \$4,000,000.

POLICIES ARE DISCUSSED

Relations of Political Problems of Nation to Military So Developed During War as to Greatly Change Earlier Conditions.

LONDON, June 29.—Emperor Charles of Austria has refused to accept the resignation of the Austrian Premier, Dr. Von Seydler, and has summoned the Austrian Parliament to meet July 16, according to an Exchange Telegraph dispatch from Copenhagen, which states that the Vienna newspapers have published an autograph letter from the Emperor to Dr. Von Seydler to this effect:

AMSTERDAM, June 29.—The Berlin press is now predicting that Dr. Von Kuehlmann, the German Foreign Secretary, will retain his office. In fact it is certain, the newspapers declare, that he will remain at his post. Dr. Von Kuehlmann, however, will not be free from attacks by his opponents, the Dusseldorf Nachrichten as-

serts, and it predicts a fresh collision between his adherents and those in opposition to him.

Discussing the strained political situation in Germany caused by the speech of Dr. Richard von Kuehlmann, the foreign secretary, the Frankfurter Zeitung takes up the question of the relation of the political problems of the Nation to the military, and remarks that this has developed in such a way during the war as to render the notable phrase of Karl von Clausewitz that "the army should be the instrument of policy" no longer valid in its old meaning.

The relationship, declares the newspaper, has today become such as to make it perhaps impossible to restore the old. It concludes: "If the supreme army command determines that the course of its policy is the national course, it should be with some one in that quarter openly to assume its direction."

BRITISH HATER IS WHIPPED

Von Bernhardt's Troops Suffer at Hands of English.

WITH THE BRITISH ARMY IN FRANCE, June 29.—An interesting sidelight of the defeat which the British dealt to two German divisions east of Nieppe Forest yesterday is the fact that General Friedrich A. J. von Bernhardt was the commander of the Army Corps that suffered this heavy chastisement.

Von Bernhardt has been a writer of articles on the war, the majority of which contained bitter attacks on the British. A while ago it was reported that he had been killed, but it now definitely is established that he is commanding this corps in Flanders.

WAGE SCALE AT ISSUE

PORTLAND GARMEN MEET TO HEAR REPORTS OF COMMITTEE.

Employees of Local Street Railway Company Seek Wage Advance of About 33 1-3 Per Cent.

Local Division No. 757, American Association of Street and Electric Railway Employees, assembled at their hall, 208 Third street, at 1 o'clock this morning to hear reports of the conference

committee of that organization, in charge of conducting negotiations with officials of the Portland Railway, Light & Power Company concerning the proposed new wage scale. The conferences have been in progress for two weeks.

The schedule proposed by the union embraces the wages of platform men, electrical workers and the entire maintenance forces. The present scale under which platform men are working was fixed by a board of arbitration last October and expired today. The new scale proposed an advance of about 33 1-3 per cent over the present wages.

The meeting of the union this morning was called for the early hour in order that all the members of the union could be present to hear the re-

port, which affects 1600 men, or about two-thirds of the employees of the Portland Railway, Light & Power Company.

Los Angeles Aviator Killed.

DAYTON, O., June 29.—When an airplane in which he was flying late today went into a nose dive at a height of 1200 feet, Lester E. Holt, 29, of Los Angeles, tester for a New York aircraft company, was instantly killed. The machine landed in a cornfield, crushing Holt to death.
