BORAH URGES U. S. TO ENTER RUSSIA

Military as Well as Political Intervention Advocated in Senate Speech.

SLAV TOILERS WAKING UP

Petrograd Workmen Issue Remarkable Appeal to Moscow and Entire Country—Trotzky Admits Bolsheviki Desert.

WASHINGTON, July 13.—Military as well as political intervention in Russia by the United States was urged in the Senate today by Senator Borah, of Idaho, who declared that not until that has been accomplished could a lasting peace be made.

Speaking in connection with the celebration of Bastile day, Senator Borah compared conditions in Russia now with those during the French revolution.

Official dispatches today brought a remarkable appeal addressed by the delegates of the works and factories of Petrograd to the workmen of Moscow and all Russia, declaring that the life of the working classes has become intolerable and proclaiming the Russian workmen will never recognize the alliance concluded with Germany.

From other sources today came reports of constant guerilla fighting in the Ukraine between armed peasants and German military forces.

Allied Help Necessary.

In a prepared statement today, John Zookine, of the Russian mission, declared again that only the help of the allies could restore Russia, and charged that Count von Mirbach, the assassinated German Ambassador at Moscow, had proposed German aid for the overthrow of the Bolsheviki and a "reconsideration of the Brest-Litovsk treaty."

MOSCOW, July 13, via Amsterdam.—Speaking at the All-Russian Soviet conference, now in session, Leon Trotzky, Bolshevik Minister of War and Marine, declared that he had received news from the front that unity among the Soviet troops had suffered as the result of an Anglo-French propaganda.

Part of the Bolshevik force, the Minister, added, had "deserted to the enemy."

NORTHAMPTON, England, July 13.—Arthur Henderson, labor leader and member of the British War Cabinet, speaking today at a labor conference here, said the British Labor party last month had succeeded in getting its statement of war aims into the hands of the Socialists of enemy countries and that five replies thus far had been received.

AMSTERDAM, July 13.—The revolutionary movement in Moscow has not been suppressed, according to the Kiev correspondent of the Rheinische Westfaelische Zeitung of Essen.

Lettish Guards Save Bolsheviki.

The Bolsheviki are able to hold their own only through assistance of Lettish guards, he declares.

The assassination of Count von Mirbach, the German Ambassador at Moscow, was ordered by the executive of the Social Revolutionaries of the left and was carried out in person by one of the party's confidential agents, says a Kiev dispatch to the Rheinische Westfaelische Zeitung of Essen.

3856 HUN PLANES FALL

BRITISH AIRMEN DO GOOD WORK DURING PAST YEAR.

Royal Air Force Downs 3232 Boche Machines and Naval Machines Destroy Total of 623.

LONDON, July 13.—In one year on the British western front the royal air force has accounted for 3232 enemy airplanes.

In the same period the naval airmen shot 623, a total of 3856.

An official statement dealing with these operations says:

"The royal air force during the year beginning July 1, 1917, on the British western front, destroyed 2150 hostile machines and drove down out of control 1083. In the same period the air force units working in conjunction with the navy shot down 623 hostile machines.

"During this period 1094 of our machines were missing; 92 of these were working with the navy.

"On the Italian front, from April to June, 1918, the British destroyed 165 hostile machines and drove down six out of control. Thirteen of ours were missing.

"On the Saloniki front, between January and June, 21 hostile machines were destroyed and 13 were driven down out of control. Four of ours were lost.

"From March to June, in Egypt and Palestine, 26 hostile airplanes were destroyed and 15 were driven down out of control. Ten of ours were missing.

"In all the theaters of the war the British air superiority and strength progressed rapidly and continuously. From this it is safe to assume that when the new factor of America's output, both aircraft and personnel, enters the situation in the fighting zone, the aerial ascendancy of the entente allies should give them very great advantage."

SOLONS GET VACATION

THREE-DAY RECESS PROGRAMME IS ADOPTED BY SENATE.

House Expected to Take Similar Action When It Reconvenes Tomorrow.

WASHINGTON, July 13.—Congress was ready tonight to start its Summer vacation Monday. The Senate, after passing the telegraph resolution, agreed to suspend important business and take a series of three-day recesses until August 24, beginning Monday. A similar programme for the House was blocked late today, but it is expected to go through when that body reconvenes Monday.

Under the arrangement, only a few members will remain to attend the perfunctory sessions twice each week. Outgoing trains tonight carried Senators and members of the House departing for their homes or Summer residences.

The vacation plan, it is understood, has the sanction of President Wilson, who called upon Congress last week to defer holiday plans to enact the telegraph resolution.

The three-day plan was adopted because of the constitutional provision against longer recesses by either house without the consent of the other and also because Congress technically remains in session prepared for any emergency action.

Plans for the recess were almost upset in the Senate at the last minute by informal objection from Senator Johnson, of California, who said he believed Congress "should stay on the job." Since the majority of the Senate was in favor of the recess, however, Senator Johnson did not withhold unanimous consent.

At the suggestion of Senator Smith, of Georgia, however, the agreement was modified so as to provide that if a quorum should be present before August 24 the agreement could be set aside and regular business transacted three days thereafter.

DRYS POSTPONE FIGHT

PROHIBITION LEGISLATION GOES OVER UNTIL AUGUST 26.

Some Senators Express Opinion That President May Want to Decide Issue.

WASHINGTON, July 14.—National prohibition legislation was postponed by Congress today until August 26 at least.

In arranging for a midsummer vacation, a formal unanimous consent agreement was entered into by the Senate to defer until August 26 further consideration of the $11,000,000 emergency food production bill, containing the amendment for "bone dry" war time prohibition effective New Year's day.

As a part of the agreement, however, the prohibition advocates secured the definite pledge that the bill shall have right of way when the vacation recess period of the Senate ends.

Senators on both sides of the fight expressed complete satisfaction with the arrangement, made after many days' spirited negotiation. The prohibition advocates are confident that they have a majority to keep in the bill some kind of a drastic wartime provision soon after the vacation ends.

On the other hand, the opponents are hopeful that during the coming weeks there may be developments to defeat or modify the legislation.

Some Senators heard during the day that President Wilson may take a hand in the fight next month. This report said he favors a proposal to give him the authority and discretion to determine finally, under all conditions, whether prohibition is desirable, and is inclined to oppose any action materially reducing internal revenues.

8 NEW FIRES REPORTED

MONTANA CLEARWATER FOREST ABLAZE IN 28 PLACES.

Uncontrolled Flames Burn Over 16,000 Acres in Onion Valley, Cal., Despite Every Effort.

MISSOULA, Mont., July 13.—Twenty-eight large fires in the Clearwater Forest make the situation there critical, according to Government forest officials at district headquarters. Eight new fires were reported today.

A relief force of 50 men was sent from Missoula to the Rocky Ridge fire, which is still the largest and the worst in the district. It is now two miles wide and six miles in length.

SAN FRANCISCO, July 13.—Five uncontrolled forest fires were consuming large areas of pine and fir timber in the Klamath National Forest and in the Onion Valley, Plumas County, the United States Forestry Service announced here today.

Sixteen thousand acres have been burned over already in the Onion Valley. The Forestry Service has been advised that there is no chance of controlling this fire for five days or more.

The other fires are in Siskiyou County and are baffling the best efforts of scores of fighters.

SAM SHOVE SEEKS LIBERTY

Man, Who Tried to Buy Hotel Umpqua, Would Serve Red Cross.

ROSEBURG, Or., July 13.—(Special.)—Sam Shove, the man who tried to buy the Hotel Umpqua a few weeks ago, and during the negotiations passed a worthless check, which lapse resulted in his being arrested, broke into the limelight again today with a novel proposition. Shove finds jail life in Roseburg anything but pleasant and wants to hire out to someone. He proposes to give all of his earnings to the local Red Cross chapter, provided he can get out of jail to find employment.

Since his case cannot be dealt with until the November term of court, Shove says that if someone needing a willing worker will stand good for the $1000 bond required by the court, that he will work faithfully and untiringly for such party and pledges all of his earnings to the Red Cross, the money to be paid directly to that institution by his employer.

EDWARD WHITE IS GUILTY

"Reasonable Support," Under Oregon Laws, Defined by Court.

"Reasonable support," as defined under the Oregon non-support statutes, means that a father has to provide his children with suitable food, clothing and education, acording to the instructions given to jurors yesterday by Circuit Judge Morrow at the conclusion of the prosecution of Edward C. White, under indictment for non-support. The jury returned a verdict of guilty after deliberating a short time.

The defendant testified that he had always been willing to provide for his child, but he and his divorced wife, who was prosecuting witness, could never agree upon the amount to be paid. He admitted never having given any money since he and his former wife separated. He will be sentenced early this week.

FRANCE'S FINANCES SOUND

Envoy Casenave Makes Reassuring Statement at San Francisco.

SAN FRANCISCO, July 13.—France will emerge from the war victorious and financially sound despite her growing war debt, now amounting to $18,000,000,000, Maurice Casenave, Minister Plenipotentiary to the United States and financial advisor to the French high commission, told members of the Chamber of Commerce at a dinner here today.

The French people have subscribed approximately $250 per capita to war loans, he said. Although the civil population paid taxes of $37 per capita in 1917, as against $9 in the United States, increased deposits have raised the balance of the Bank of France over that of 1914, he asserted.

TEUTONS QUARREL OVER THEIR LOOT

Germany Declared to Have Made Bad Bargain in Roumanian Treaty.

BELGIUM HELD AS PAWN

Hertling Says Ravaged Country Will Be Used as Factor in Future Negotiations; Alsace-Lorraine Deal Is Criticised.

AMSTERDAM, July 13.—"One or two more such peace treaties and we are lost," exclaimed Herr von Graefe, a Conservative member of the Reichstag, in an indictment of former Foreign Secretary Von Kuehlmann's "no indemnity, no annexations" peace treaty of Bucharest. The article, which is published in the Pan-German Deutsche Zeitung, develops four points as follows:

"First—Austria-Hungary has received by frontier rectifications the lion's share of the most valuable Roumanian territory, but we have to shoulder our billions of war debt.

"Second—The petroleum agreement is an absolute swindle. By it the banks profit, but not the German people.

"Third—We get Roumanian grain, but at usuary prices, of which the Roumanian treasury is sure to grab the main part by way of export duties, so it is we who pay an indemnity to Roumania.

Treaty of 1878 Basis.

"Fourth—The dynastic question and the position of Jews in Roumania are dealt with on the basis of the Berlin treaty of 1878, when self-determination of rights and non-interference in internal affairs of conquered states had not been invented."

The writer declared the German people have been sadly humbugged and that when their eyes are opened they will heap maledictions upon the heads of those who drafted the Bucharest treaty.

COPENHAGEN, July 13.—Denial that Germany intended to retain Belgium was made by Count von Hertling, German Imperial Chancellor in the course of his speech before the Reichstag main committee on Thursday.

A German official telegram received here today says:

"With regard to the statements made on Thursday by the imperial chancellor regarding Belgium, a view has spread among the public which may give rise to misunderstanding. We are, therefore, giving in full that part of the chancellor's speech. He said:

Expression Pawn Defined.

"'The present possession of Belgium only means that we have a pawn for future negotiations. We have no intention to keep Belgium in any form whatever.'

"By the expression pawn is meant that one does not intend to keep what one has in one's hand as a pawn if negotiations bring a favorable result."

LONDON, July 13.—Contradictions of policy among German officials seemingly has another illustration in the manner of publication of the statement made by Chancellor von Hertling regarding Belgium.

The German wireless service sent a report of Chancellor von Hertling's speech, which ignored all reference to Belgium.

The natural inference seems to be that the officials who issued the wireless version did not want Count von Hertling's statements regarding Belgium circulated.

AMSTERDAM, July 13.—At Thursday's session of the Reichstag main committee in Berlin the progressives, the Deputies of the Center party, and the Socialists criticised a contract which had been entered into between the government and a land company, which intends to purchase estates in Alsace-Lorraine and settle them with persons "who are reliable from a national standpoint."

All Sentiment Unfavorable.

Neither of the Alsace-Lorraine legislative chambers favored the contract.

The illness with which thousands of peraons in German industrial districts are suffering and which has been described as Spanish influenza is really an illness due to hunger and consequent exhaustion, the Telegraaf says it has learned.

IMPEACHMENT MOVE MADE

Action Demanded Against Former Roumanian Cabinet Members.

BUCHAREST, Roumania, Friday, July 12.—Deputy Stroict today introduced a motion in Parliament demanding the impeachment of members of the former Roumanian Cabinet headed by J. J. C. Bratiano, for their connection with the entry of Roumania into the war.

The statesmen mentioned by the deputy were ex-Premier Bratiano, E. Costinesco, ex-Minister of Finance; A. Constantinesco, ex-Minister of Agriculture; V. G. Mortzoun, ex-Minister of the Interior; Dr. C. Angelsco, ex-Minister of Public Works, and Take Jonescu, ex-Minister without portfolio.

FRENCH BANNER TO FLY

President Wilson Orders Observance of Fall of Bastile.

WASHINGTON, July 13.—President Wilson today issued an order that the French flag be flown from all public buildings and vessels tomorrow, July 14, in honor of the holiday commemorating the fall of the Bastile. A second flagpole was erected on the White House from which the French tricolor will be flown alongside the American flag.

Greetings of the American people to the French people were extended in a resolution adopted by the House, which directed the Secretary of State to communicate the resolution to President Poincare. It calls on the American people to observe tomorrow as a holiday in a manner similar to that which the French observed July 4.

Mine Victim Recovered.

BUTTE, Mont., July 13.—Men working on the 2400-foot level of the Granite Mountain mine today found the body of a miner who had lost his life in the North Butte disaster of June 8, 1917, when 163 underground workers perished. It had been known that one body remained in the mine and the finding of it today checks up the list announced at the time. The body was found in an old drift under two feet of mud. It could not be identified.

Eight Cows High in Butterfat.

WASHOUGAL, Wash., July 13.—(Special.)—A Durham cow owned by W. B. Sappington gave 58.7 pounds of butterfat in the 30 days ending June 30, according to the report of R. J. Lauderdale, official tester of the Clarke County Cow Testing Association. Eight cows coming under the jurisdiction of the association produced 50 pounds or more each of butterfat in the 30-day period.

Nation to Stop Thefts.

WASHINGTON, July 13.—Loss of more than half a million dollars annually by theft of journal brasses from railroad cars has caused the Railroad Administration to take steps for its prevention. Wholesale junk dealers have been notified that such material in their possession will be seized.

Avenue May Bear Joffre's Name.

NEW YORK, July 13.—Mayor Hylan next week will request the board of estimate to rename one of the finest New York thoroughfares as the "Avenue Joffre" in honor of the hero of the Marne.

A GOOD PLACE TO TRADE

EDWARDS CO

FIFTH—OAK STREETS

WORKS IN POISON OAK AND IVY WITHOUT FEAR

"THE Laurel Hill Cemetery, of which I am superintendent," writes J. H. Brummette, of Springfield, Or., "is full of poison oak. I take it very easily. When I sent to you for a bottle of Santiseptic Lotion, I had had poison oak for five months. I commenced using Santiseptic as soon as I got it and kept working in the poison oak. I am now entirely cured, and, believe me, it certainly takes something to even help me. I had and have tried everything I or anybody else ever heard of, including all kinds of guaranteed remedies. Just simply time and money wasted. Santiseptic certainly did the work."

Anybody who has ever experienced the tortures of poison oak or ivy will be grateful for the information that this extremely irritating annoyance is no longer to be feared. The pain, itching, fever and irritation disappear almost like magic with a few applications of Santiseptic. Santiseptic heals and prevents other skin irritations, such as sunburn, windburn, chafing, fever and cold sores and insect bites. It is a remarkable soothing and healing lotion. Men use it after shaving and the women for the complexion and for baby's skin.

Santiseptic is easily procured at drug and department stores, a good-sized bottle costing but 50c. If your druggist cannot supply it, his name and 25 cents in stamps or coin sent to the manufacturers, the Esbencott Laboratories, Portland, Or., will secure postpaid large introductory bottle.—Adv.

Changes in Train Schedules

Spokane, Portland & Seattle Railway

PORTLAND, ASTORIA, CLATSOP BEACH ON AND AFTER SUNDAY, JULY 14
