

WE HAVE ENLISTED TO HELP WIN THIS WAR

The Government needs Expert Mechanics. Will you help to release them? Self-sacrifice is the rule

NOTICE

Complying with the request of the War Economy Board of the Council of National Defense, and in accordance with the resolution adopted by the Board of Directors of the National Automobile Dealers' Association at St. Louis, May 18, 1918, the following wartime policy will be enforced by the undersigned establishments for the purpose of releasing expert mechanics for Government work:

1. Our repair shop and all service departments will be closed at 6 P. M. daily, and all day Sundays and holidays.
2. In order to eliminate unnecessary office work, the Government has requested that all business be conducted as economically and efficiently as possible. Charge accounts will be discontinued. All parts, repairs and labor will be on a cash basis.

Your Patriotic Duty

It will be the patriotic duty of every owner to make minor adjustments and service to the end that every expert mechanic available for war work may be released to the Government. Owners are urged to see that their tools are in order, that jack and pump are in working condition, that extra tubes and tires are in proper repair and that other necessary equipment is in condition to enable them to take care of emergency repairs on the road.
