SHIPYARDS MAY FORM LEAGUE IF FLEET OFFICIALS APPROVE.

There are a number of prominent tennis players working in the shipyards and a corking good tournament could be staged.

The people behind the local movement to organize a tournament expect the Tacoma and Seattle shipyards to follow suit, and as a result there might be a chance for a Northwest shipyard championship tennis tournament being pulled off.

TEACHING "OUR BOYS" HOW TO STRIKE OUT THE HUN.

"Bill" James, formerly pitcher for the Boston Braves, has changed his uniform for that of Uncle Sam's crack team of scappers.

He intends to strike out every Hun who faces him and not one is going to walk except back to the bench at Berlin.

In this photo "Bill" is showing his fellow troopers how to hurl the newest thing in bombs, and his unerring aim, due to his practiced eye and arm, has placed him in advance of his brethren in arms at a training camp, where he has been appointed drill instructor.

THE MATERIAL IS LACKING AT OREGON

Only Three Letter Men From Last Year's Varsity on Bezdek's Machine.

STEERS' PLACE NOT FILLED

Medley, Wilson and Leslie Form Nucleus—Several Freshmen From 1917 Squad Promise to Do Good Work.

When the University of Oregon lines up this year on the first football call, Hugo Bezdek is going to find himself minus a few of his veterans—in fact, it seems that only three lettermen will be back.

Of the members of the freshman team, who made such a good showing last Fall, eight or nine will be on hand again.

Carl "Mob" Maunta, a former Washington High School student and the mainstay of last year's freshman line, will play in the varsity.

Bob Cosgriff, last year's freshman halfback in the Army, to Dean Walker's estimation Cosgriff would have made one of the greatest backs in the country.

CROW SHOOT IS ANNOUNCED

Appropriate Prizes Will Be Offered for Event in 1919.

In connection with a campaign in the interests of food conservation and the protection of insectivorous and game birds, the largest of all American organizations, the Pennsylvania Game Commission, is announcing that during 1919 a National Crow shooting contest will be offered for those who kill the largest number of these destructive birds.

The crow is one of the greatest destroyers of bird life on this continent. It is an arch-enemy of game birds and crooks, and is a pest to the farmer.

Trotting Gossip.

A unique incident occurred in an open handicap for 25 pounds at a trotting meeting in Dublin, Ireland, on July 22, in the final Terry and Lord Droghda trotted a dead heat in 2:41.

The 2-year-old pacing record over a half-mile track was reduced from 2:15 to 2:14 1/2 by the Gray mare, she is by Dromer I, 2:23 1/2, a son of Guy Acworth, 2:08 1/2, and the Patron mare Caracalla, 2:10, that was bred by John H. Shulkin, her dam, Deliah, 2:11 1/2, was got by Delmar, 2:11 1/2, out of the Red Wilkes mare, Kadiah, 2:28 1/2, that also produced a two-year-old, hold a crowd hunt.

The 6-year-old bay gelding, Lord Stout, that won his engagement at Morton, Middletown and Goshen, where he trotted a third heat in 2:11 over a half-mile track, was bred by Stout Bros. of Clarkburg, W. Va. He is by Lord Roberts, son of Orion and Nancy Hanks, 2:04, out of Ruth Max-

SHIPYARD GAMES TO DRAW CROWDS

Foundation-McCormick Contest Today to Decide Winner of Pennant.

After making a trip through the Great Western circuit with Calgary Earl, 2:09 1/2, his driver, J. Keener, expects to start in a few events at Columbus and Lexington. This horse is the fastest performer bred in the Canadian province of Alberta, having been foaled in Calgary, where he was bred by S. H. Roe.

John E. Madden's 2-year-old filly, Periopole, is being prepared for her stake engagements. Ben White worked her a mile in 2:08 1/2 last half in 1:03 at Philadelphia Wednesday.

It is beginning to look as though Millard Sanders would get Napoleon Direct, 1:59 1/2, to the races. He has been a mile in 2:08 1/2 with him and a quarter in 29 1/2 seconds.

The gray gelding, Fay Richmond, is making a few more flying trips over the Western half-mile tracks. During the meeting at Rockwell City, he reduced the track record to 2:06 1/2, which is a second and a half faster than the one made by Knight of Strathmore last year.

The chestnut mare, Sarah Douglas, that won at Goshen, N. Y., in 2:06 1/2, one of the new foals got by the gray horse, Bob Douglas, before he was exported to Russia. She was bred by Gay Bros. of Pigeah, Ky., and is out of the mare, Chatterton, by On-dale, the sire of the dam of Miss Harris M., 1:58 1/2, and was recently purchased by the Brook Farm stable by Richard Delafield.

BIG INCREASE IN SHOOTERS BOUND TO FOLLOW WAR.

Grand American Handicap Tournament Brings Entries From Practically Every State in Union.

BY PETER P. CARNEY, Leading Authority on Trapping.

It is interesting to know where the numbers in the grand American handicap trapshooting tournament come from.

This trapshooting event—the classic of trapshooting—modern times, attracts from virtually every state and Canada. There was a feeling that with the country at war and so many trappers in the service that the entry list in the grand American would be cut in two, not by one-third, but by one-half.

The "learn-to-shoot" slogan has been instilled into young America and it was the young man that brought up the numbers in the grand American this year. With traps in the cantonments, in the flying schools, behind the trenches in France, and with trappers in the grand American, the proficiency must be attained to become an aviator, there will be hundreds of thousands more trapshooters when the war is over.

It was a pleasure to note in the grand American handicap so many men in service uniforms. The champion of the grand American, Louisiana, Maine, New Hampshire, Nevada, New Mexico and Rhode Island were not represented. These states were again without representation. Idaho and Arizona were also without representation.

Forty-one states and Canada were represented in the handicap. Bankers, farmers, clerks, mechanics, men and women of all walks of life met and shot on equal terms. One could go down the list and find many names of prominent men in the grand American.

Illinois led in the number of entries, as it has for the past five years. The entries from Illinois, which were 204, out of a total of 1,100, about one-half of them from Chicago. The entries from each state are herewith given:

Table listing states and their respective number of entries in the trapshooting contest.

DU PONT AMERICAN INDUSTRIES

Velocity Counts. Velocity means speed—speed means penetration—speed properly controlled means pattern. These are important features in the shooting qualities of shotgun shells.

DU PONT Sporting Powders

as loaded in the shells you buy represent the blending of many different batches of Powder—a blending that is only satisfactory after countless ballistic tests have proved that every practical combination of powder, shot and wads gives the right results.

Old timers tell by the "feel" on the shoulder. Du Pont powders have the "right feel." That's why 85% of the country's shooters use them. See that the name Dupont or Ballistite is on every box of shells you buy.
