

## WORKERS READY TO CARRY LOAN GOSPEL

Field Managers Lay Plans to Visit All Oregon During Fourth Liberty Drive.

### COUNTY HEADS ARE NAMED

Supplies Are Being Sent Out and State Head Predicts Generous Response From People in All Parts of Oregon.

So rapidly has been assembled the organization to lead Oregon in the fourth liberty loan drive that J. L. Etheridge announced last night that the sectional conference will begin immediately. Some of the field managers will leave Portland today.

Mr. Etheridge, director of the field organization, has found a ready response and believes that Oregon today is more alert to her responsibilities than ever before.

Field managers will leave Portland well equipped with information necessary to prepare the county organizations for their work.

Workers Ready for Drive.

They will be able to tell the district managers that everything they need will be forthcoming. In many instances supplies of buttons, posters, cards and other requisites will arrive in advance of the field managers.

This organization department is in itself a marvel. Entering the rooms at 109 Northwest Bank building any hour of the day a battery of workers will be found addressing matter and preparing more for shipment. State headquarters has set itself a pace designed to keep ahead of any demands that may arise in the outside sections.

At 6 o'clock last night every member of the force was still working to attain the objectives ahead of schedule. Following is the list of field managers, county managers, county conference towns and the time of the meeting. All dates have been accepted, the last confirmations coming to state headquarters last evening.

### COUNTY TYPIST MARRIES

Romance Starting in Courthouse Ends in Pretty Wedding.

A romance started in the Courthouse was followed by a war-time wedding yesterday, when Miss Jean E. Sherman, a pretty typist in County Clerk Beveridge's office, was married to Harry J. Clark, formerly an abstractor at the Courthouse and now in training at Camp Lewis.

The bridegroom obtained a furlough to come to Portland and wed Miss Sherman, who is the only daughter of Mr. and Mrs. William Sherman. Rev. H. H. Griffith, of the First Presbyterian Church, officiated. She was attended by Miss Anna Robinson. H. J. Sherman was best man. This morning the bridegroom will return to Camp Lewis, and tomorrow morning the bride will go

back to the County Clerk's office and continue her work.

War Fund Subscribers. A sample shipment of fourth liberty loan buttons has reached Portland, the forerunner of the thousands upon thousands to come from district headquarters at San Francisco, from where 1,500,000 of the emblems will be distributed. The new buttons are different in design from those of the previous drives and are slightly smaller. The general color is still blue, but the center bears a reproduction of the honor flag awarded municipalities which reach and exceed their goals. Colors of the flag reproduce those of the actual emblem, with bars of blue, set on a field of white and all bordered by the legend bordering the button is in white.

guard was mobilized, and since then his advance has been steady. He will be in Oregon City soon for a week's furlough.

### PAIR HELD TO GRAND JURY

Falsifying of Questionnaire Charged Against Man and Woman.

John F. Beard, an employee at the Kenton stockyards, and Sarah Haugen, who were originally arrested on a white slave charge, were yesterday held to the federal grand jury by the United States Commissioner on a charge of falsifying Beard's questionnaire. Assistant United States Attorney Veach, who investigated the case, found that in filling out his questionnaire, Beard claimed exemption on the grounds that he was married and his wife was dependent upon him. It is charged by the Government that the Haugen woman signed the questionnaire as Beard's wife in support of his claim for exemption.

### THIRTY SIGN UP FOR WAR

OREGON CITY, Or., Aug. 24.—(Special.)—Clarence E. Frossard, of Milwaukie, celebrated his 21st birthday Saturday by walking into the County Clerk's war office and registering for war service. He is the son of John Frossard, of Milwaukie, and is a Standard-Clarkson shipyard employee.

Irving Francis Leonard, a pharmacist of Huntley Bros. Company, was the first man to register this morning. He appeared shortly after the opening of the registration.

The registration was heavier than expected and up to evening about 30 boys had registered.

### ASTORIA BOY IN BIG DRIVE

William Dow Injured but Preparing to Return to Front.

ASTORIA, Or., Aug. 24.—(Special.)—C. S. Dow received a letter this morning from his son, William Dow, who was in a regiment of regular infantry in the recent big drive at the Marne. The letter was dated at base hospital No. 6, on July 29. The young man says he was knocked senseless by a shell explosion on July 4 and was gassed July 15 while participating in attacks upon the Hun. He was convalescing when the letter was written, and he said he hoped to be able to join his regiment and go to the front within a few days.

### Destroyers Finish Job.

The destroyers did the rest. They hurried up and rammed the U-boat. There were only six survivors. The destroyers put her down, but she was the prize of Schieffelin, of Yale, and Cutler, of Harvard.

"Cutler, incidentally, was on his first flight as a pilot of war patrol and the bomb which damaged the submarine were the first that he had dropped in action."

localities were captured in the face of determined hostile resistance, together with over 2000 prisoners.

"Our troops are once more astride the Thiepval ridge and are advancing eastward.

"On the left center of our attack East Lancashire troops have been heavily engaged all day about Miraumont, where the enemy held out with great stubbornness until the village was gradually outflanked by our advancing columns.

### New Zealanders Win.

"North of this village the New Zealand division in the center of the attack struck in the direction of Bapaume. Advancing with irresistible dash and determination, it carried the defenses of Loupart wood, taking 440 prisoners. Pressing forward with great gallantry, it captured Grevillers and Biefvillers and reached Avesnes Les Bapaume, on the outskirts of Bapaume.

"On the flanks of this attack English troops gained possession of Ires and advanced in the direction of Saignies, overcoming strong hostile resistance at Ires and east of Bihucourt.

"On the left of the battle front English and Scottish divisions and the Guards are fighting on the front of Mory, Croisilles and Neuville-Vitasse and have captured St. Leger, Henin Sur Cojeul and the hill east of the latter village.

"No estimate of the captures can yet be given.

"This morning we have advanced our line west of Bailleul on a front of a mile, capturing some 50 prisoners. A counter attack attempted by the enemy during the afternoon was crushed by our artillery."

PARIS, Aug. 24.—The American troops in the Fismes sector have advanced as far north as the Soissons-Rheims road, according to the War Office announcement tonight.

The statement says:

"Between the Ailette and the Aisne we have made progress south of Coecy-au-Mont and taken about 100 prisoners.

Yankes Make Advance.

"West of Fismes the American troops have carried their line as far as the Soissons-Rheims road on a front of about 800 meters.

"On Friday nine German airplanes were brought down or put out of action and a captive balloon was burned. The same day our bombing planes dropped 12,300 kilos of projectiles and fired several thousand cartridges in the region of Anizy-le-Chateau, Brancourt, Landrecourt and Mortier Forest, where aerial observers had signalled important enemy reserves and convoys.

(By the Associated Press.)

Without pause the British forces battling against the Germans are moving forward in the direction of Bapaume. The fighting has been extremely heavy, but there has been no stopping Field Marshal Haig's men and the latest report from British headquarters says that they are making progress along the entire front of the British attack.

Bray Is Captured.

The important towns of Bray, Thiepval and Grandcourt, together with several smaller places, have been captured and more than 2000 prisoners have been taken.

Around Miraumont, which lies a little north of Grandcourt, the fighting has been of great intensity, and this place apparently has fallen, as Haig's report says that "the enemy held out until outflanked by advancing columns."

British detachments have reached Avesnes-Les-Bapaume which lies very close to Bapaume, whose capture is expected at an early date, but not without severe fighting.

American troops holding the ground around Fismes have moved up to the Soissons-Rheims road along a front of about half a mile, while the French,

though not extensively engaged, have made some progress south of Crecy-Au-Mont.

There are few details of the progress of the fighting south of the Somme. The capture of cannon is reported from this region, but there has been no news of further progress there by the British.

Along the Chaulnes-Roy sector there is comparative quiet. This region has not been mentioned in recent advices. Although the French are known to be close to Noyon, that city is still held by the Germans. The French hold ground along the southern bank of the Oise, and have been reported to be across it at two points, but they appear to have ceased their attacks for the moment, seeming to be waiting for the outcome of the fighting in Picardy and Artois.

The left bank of the Ailette is also held by the French. There have been reports that they have crossed this stream, but these have not been officially confirmed. South of the Ailette, the French appear to be definitely held up on the hills north of Soissons. Their position there, however, would seem to render the German position near Soissons untenable.

Trench raids by the French in the Lorraine sector are reported from the French War Office. This activity in what has been for some time a quiet sector, may prelude to an attack against the Germans there.

LONDON, Aug. 24.—In the fighting during the last three days the British have captured 14,000 prisoners. No return has yet been made of the total number of prisoners taken by the French, but a conservative estimate of the total of Anglo-French captures since July 18 confirms the earlier report from Paris placing them well over 100,000.

### BRITISH HEADQUARTERS IN FRANCE, Aug. 24.—(Reuter's Limited.)

The town of Thiepval, northeast of Albert, on the Ancre front, was entered today by British forces in the teeth of much machine gun and rifle fire. Bray also was captured by the British.

The area behind the German lines is jammed with men and transports, while south of Bapaume the Germans seem to be throwing in more troops.

Never before have the intense airplanes had such grand targets. A large number of planes are swooping over the roads emptying their machine guns and cargoes of bombs into the enemy masses, damming the roads with dead and wreckage and causing the greatest confusion.

The allied aviators emptied their guns and dropped their bombs as fast as they could and returned time and again for more ammunition.

The British armoured columns smashing through the Germans this morning all along the battle line.

The distance between the enemy and the British is continually widening. This morning the battle waged furiously in the vicinity of Bihucourt and Saignies, where the Germans were trying to save Bapaume.

To say nothing of the great number of wounded Germans in British hospitals, several thousand have passed through the prisoner camps of General Byng's third army alone. There has been no effort and no time to count the number of guns captured.
