Ten Villages Are Occupied in One Day and Many Prisoners Are Taken.

# AVIATORS HASTEN RETREAT

Soldiers Who Were Forced to Enlist in Bulgarian Army Throwing Away Arms and Joining Army of Liberation.

LONDON, Sept. 21.—The Serbian troops east of Monastir have advanced more than nine miles in one day, and now are less than eight miles from the main highway connecting Priepet with the Vardar River.

A Serbian official statement received here says that a great number of prisoners have been captured, and that the allies have taken Godyak, west of the Cerna River, and 15 miles southeast of Priepet.

In their advance northward the Serbians have passed the line Krnyovo-Strigovo-Drogejel-Poloshko.

# Liberation Army Welcomed

Soldiers who have been forced to enlist in the Bulgarian army during the occupation of Southern Serbia are throwing away their arms and joining the army of liberation. The official statement reads:

"Our indefatigable troops continued to advance and have fought northward in one day more than nine miles. The infantry has passed the line Krnyovo-Strigovo-Drogejel-Poloshko. The cavalry is north of this line. More than 10 villages were liberated in one day. In the bend of the Cerna we have taken the village of Godyak. Aviators continuously bombard the retreating troops and attack them with machine guns.

# Many Prisoners Taken

"We have taken a great number of prisoners, including a Lieutenant-Colonel. Several guns are reported to have been captured but the number has not yet been ascertained owing to the speed of our advance.

"The population is welcoming the arrival of our troops with enthusiasm. The soldiers of New Serbia who had been forced to enlist in the Bulgarian army are throwing away their arms and passing to our side."

# LANE COUNTY FAIR CLOSES

Night Gate Receipts for Last Day Go to Red Cross.

EUGENE, Or., Sept. 21.—(Special.)—The sixth annual Lane County Fair exceeded the expectations of the association. President C. D. Rorer tonight said that financially the association would about break even, and he considered this fact as a triumph over all odds.

The exhibits, he declared, were the best ever shown in Lane County.

The entire gate receipts at the fair tonight were turned over to the Red Cross, which had charge of the evening's programme, following which exhibits of produce shown during the week were sold for the benefit of the Red Cross.

# AUTOS COLLIDE; TWO HURT

Mrs. H. L. Gillham Suffers Broken Rib and Lacerated Hand.

Mrs. H. L. Gillham, 254 East 19th street North, suffered a broken rib, a lacerated left hand, and severe bruises, and Earl Parsons, a soldier from Fort Stevens, was badly bruised about the legs, when two automobiles collided on Eleventh and Washington streets last night. The machines were driven by Mrs. Floyd A. Mitchell, 343 East Thirtieth street, and Mrs. Van Winkle, 111 King street.

Mrs. Gillham was taken to St. Vincent's Hospital by the Ambulance Service Company, while the injured soldier received treatment at the emergency hospital.

reconstruct their nation upon principles of democracy and self-government and acting therefore solely in the interest of the Russian people themselves, this Government feels that it cannot be silent or refrain from expressing its horror at this state of terrorism.

All Nations to Act.

"Furthermore, it believes that in order to check the further increase of the indiscriminate slaughter of Russian civilians all civilized nations should register their abhorrence of such barbarism.

"You will inquire, therefore, whether the government to which you are accredited will be disposed to take some immediate action which is entirely devoid from the atmosphere of belligerency and the conduct of the war, to impress upon the perpetrators of these crimes the aversion with which civilization regards their present wanton acts."

A precedent for this action on the part of the United States has been found in a situation of a few years ago when this country, after making a formal protest against the indiscriminate massacre of the Armenians by the Turks, called on the nations of the world to take similar action.

Former Move Recalled.

This alignment of the civilized powers of the world had an immediate effect, inasmuch as Germany, even then friendly and in alliance with Turkey, became alarmed and exerted its influence upon the Turkish government.

to save these loyal Russians that the United States has called on the civilized world to take immediate action.

Russians May Rise.

If the Bolsheviks declared outlaws by the world, they could find no asylum when they are overthrown and could be put on trial for their deeds.

It might result, it is believed, in the Russian people overthrowing Lenin and Trotsky, as they would be conscious of the support and approval of the nations of the world.

There is some speculation as to the attitude of the neutrals, especially those contiguous to Germany, but Mr. Lansing expressly says in his note that the joint action he desires shall be "entirely divorced from the atmosphere of belligerency and the conduct of the war."

However, as the major part of the world is already service against the central powers and the Bolsheviks have been pronounced their allies it is thought the allied governments will take prompt action.

AMSTERDAM, Sept. 21.—At a recent meeting of the members of the Russian Delegation and the Russian Imperial Council at Kiev, it was resolved, says a telegram from that city, to issue an appeal to the public opinion of all governments to put an end to "the Bolshevik terror."

The Ukrainian Council has decided to send a protest to all countries against the arrest and shooting of Ukrainian subjects in Russia.

The Ukrainian government also has decided to ask Germany to undertake the protection of Ukrainian Russia.

# APPLE RATE PROTESTED

COMMISSIONER TOLD INDUSTRY CANNOT STAND INCREASE.

Hearing of Complaint as to Addition of 10 Per Cent Closed—Freight Rate Cases Resume Monday.

Clyde B. Atchison, Interstate Commerce Commissioner, closed the hearing on complaint of the Oregon-Washington Idaho public service commissions on behalf of shippers against the increase of 10 per cent made effective July 25 last night. As in the freight rate hearings, the various representatives of Pacific Coast shippers, outside of the three states united in the complaint, intervened. The city of Portland also appeared as an intervenor in the express rate hearing, as an interested party in the shipment of fish and other products. The American Railway Express and other shippers who appeared as witnesses, as well as the intervenors, will have ten days in which to file briefs and submit references in support of arguments made.

Hearings on the freight rate cases will be resumed Monday morning at 9:30 o'clock and be adjourned to Washington, D. C., after the completion of testimony offered here, in order that the railroads may submit testimony in defense of the 25 per cent rate increase. Evidence introduced by the intervenors yesterday was to the effect that the orchardists of the Northwest could not stand an increase in freight rates an apple and maintain the industry.

H. G. Davidson, of Hood River, contended that apples have not been a profitable crop and cannot pay the higher rates. He said he and other growers were too low, but said that if they were absolutely necessary to raise rates, they would have no objection to applying the increase upon shippers who could pay it without destroying any industry.

Tomorrow the hearing will be directed to the complaint on diversion and reconignment of shipments.

# CITY ELECTRICIAN KILLED

George Miller, Aberdeen, Electrocuted by Grasping Primary Wire.

ABERDEEN, Wash., Sept. 21.—(Special.)—George Miller, city electrician, aged 23, was electrocuted about 10:30 o'clock this morning while repairing a fire alarm wire.

Miller was working alone on a fire alarm and electric light pole, using a safety belt to protect him from slipping, and it is supposed that he grasped the primary wire of the electric light circuit in mistake for a secondary wire, having held at the same time the fire alarm wire. He received a voltage of 2300 volts, causing instant death.

Miller, for some unknown reason, wore no gloves. When found, both his bare hands were gripping the wire, while the current poured through his body.

# TRAINING CAMP NOW OPEN

# METZ LINES STAND

Americans and Germans in Artillery Duel.

# HARASSING FIRE KEPT UP

Heavy Movement of Men and Wagon Trains Behind German Lines Taken to Indicate Possible Further Retreat.

(By the Associated Press.)  
WITH THE AMERICAN ARMY ON THE LORRAINE FRONT, Sept. 21.—Both German and American lines south of Metz have now been well established. Occasional clashes have occurred between outposts, but for the present neither side is making any serious effort to alter its position.

The German artillery has continued its harassing fire, but the American guns have far over-reached the enemy's front lines, a shell falling occasionally in the vicinity of Metz and serving to emphasize to the Germans the advances the allies have made.

There has been no bombardment of the city of Metz, and a bombardment of that place is not expected during the present operations. The fire against the forts around Metz will be continued at varying intervals.

Fires were observed today in the town of Dommartin, behind the German line, together with a heavy movement of men and wagon trains. These were taken to indicate a possible further retirement of the Germans. A harassing fire was kept up at different points, however, against the allied line and on positions in the rear.

The Germans are using gas shells to a limited extent, especially for sprinkling wooded areas. The towns of Wilsey and Xammer and the Presle Woods, southwest of Metz, are being more heavily shelled by the Germans. The American guns are returning the fire and are harassing the Germans to an equal degree.

No attempt was made by either side today to advance. The American patrol continued to dominate the greater part of the space between the lines.

WASHINGTON, Sept. 21.—Comparative quiet prevailed today in sectors occupied by American forces, General Pershing reported tonight to the War Department. Aside from patrol encounters and increased aviation activity in the Woivre the day was uneventful.

# ORTEGA DEFEATS KING

MEXICAN BOXER OUTPOINTS SETTLE FAVORITE IN 20 ROUNDS.

King's Overcast Excites Admiration, But Ortega's Aggressiveness Wins Him the Decision.

DEER LODGE, Mont., Sept. 21.—(Special.)—Batting Ortega tonight, at the end of a 20-round contest, was given a decision over Mike King, of Seattle, in one of the hardest-fought bouts ever witnessed in Montana. Ortega's aggressiveness and continued boring in the Mexican won for him, over an antagonist who showed a capacity for punishment which called forth the plaudits of about 1000 members of the Deer Lodge Athletic Club, under the auspices of which the contest was held.

The proceeds went to the Red Cross. Ortega showed the better generalship, but the cleverness of King in blocking barrages of swings and blocking punches, which came with pile-driving regularity stamped his work as of a superior character. His foot work stood him in good stead and he lightly stepped out of danger. The altitude seemed to affect his pace somewhat, while on the other hand it did not seem to bother the steam of Ortega, who appeared persisted throughout with little diminution.

King showed up better in the early rounds, in which he broke even with Ortega, who developed into a better fighting machine as the bout continued, though he seemed unable to penetrate effectively the defense of King.

Both lads made a splendid showing and efforts will be made to rematch them.

# HUSBAND AND WIFE TAKEN

Mr. and Mrs. Albert H. Kelly Found Dead in Their Apartment.

Mr. and Mrs. Albert H. Kelly, 160 1/2 Grand avenue, were found dead in their apartment last night. Detectives Goitz

and Tackaberry, who investigated, believe that Mr. Kelly went home and found his wife in bed dead and himself died of shock. An autopsy performed by City Physician Ziegler last night showed that Mrs. Kelly had died of acute heart disease.

Mrs. Kelley, who was 37 years old, is survived by two brothers, John D., and William M. Bunn, 563 First street, and a step-brother, Corporal Leonard Klontz, now recovering from an operation in a military hospital at Hempstead, N. Y.

Mr. Kelly was a special agent for the State of Oregon, having been appointed June 7, 1918. He formerly was a member of the Oregon Military Police, being discharged by Major Richard Deich, on July 17. He was 49 years old.

# Rengo Belt

Reducing Corsets

Made for Service and Keep Their Shape

All women with stout or medium figures require a corset which will retain the original stylish shapeliness, constant and lasting to the end.

Rengo Belt Reducing Corsets are designed not simply to reduce but to mould the figure to the perfect style lines which the designer gave to the garment.

And then Rengo Belt corsets will maintain their shape and continue to form the figure under severe wearing conditions throughout a long season's wear.

There is a special feature in Rengo Belt corsets, a scientific feature upon which the original making of these famous garments was founded, which insures continued shapeliness. On account of this, Rengo Belt corsets do not stretch or break down.

Every element of lasting wear is provided—first in the design, then in extra quality and strength of materials and, lastly, in doubling the watch-spring steels, which are guaranteed not to break or rust.

There are models with or without steelastic webbing.

# THE CHRISTIAN'S ATTITUDE TO HIS GOVERNMENT IN TIME OF WAR

Hear Evangelist L. K. Dickson on Conscientious Objection and Conscienceless Obstruction.

Evangelist L. K. Dickson.

FREE LECTURE AT CHRISTIAN'S HALL, 11TH ST., BET. MORRISON AND YAMHILL, SUNDAY NIGHT, SEPT. 22 AT 8 O'CLOCK.

In this lecture Evangelist Dickson makes clear from the Bible the duty of every Christian to uphold the great principles of his government and points out the danger of allowing certain so-called National Reformers to break down the great foundation stones of the American Constitution. He shows that a true Christian cannot place obstructions in the way of the Government in its efforts in the present war, striving to hide behind the so-called conscientious objection—ADV.
