

PURSES OF NATION OPENED FOR LOAN

Many Cities, Towns, Villages Report Quota Subscribed on Opening Day.

ALASKA FIRST TO REPORT

Every Community in Territory Has Made Good and Efforts Now Centered on More Than Doubling Allotment.

WASHINGTON, Sept. 28.—Messages from all parts of the United States reached the Treasury Department today almost simultaneously with the opening of the campaign for the fourth liberty loan, telling of villages, towns and cities which had within a few hours subscribed their quotas of the \$4,000,000 total.

The first reports were from the Territory of Alaska. A message reached the Treasury soon after Secretary McAdoo arrived at his desk saying that the Alaska Packers' Association, of San Francisco, with a subscription of \$1,700,000, had completed the entire loan allotment for every town, village and fishing camp in the territory. A telegram received from Juneau tonight, however, said that communities are ambitious to more than double their allotments.

War News Stirs Activities.
Parades and other patriotic demonstrations marked the opening of the campaign throughout the Nation. News from the war fronts in Europe, particularly from the sectors where American troops were driving forward, added to the impetus of the first day's campaign.

While reports were received from scores of communities reporting over-subscriptions of allotments on the initial day of the great campaign, it was pointed out that the speedy and effective organization in smaller places which served to complete the allotted task so quickly, had not brought in sums which will bulk largely when compared with the \$4,000,000,000 total.

The Treasury, in a statement tonight, said the selling stride would scarcely be struck over the entire country before next week.

Big Task Recognized.
"It will be impossible to predict before that time whether the campaign had started successfully," the statement said. "The most encouraging note of all in today's reports is the realization that the country has before it an enormous task in the raising of \$4,000,000,000. The consensus of opinion appears to be that over-confidence is the greatest danger to be guarded against until the loan actually is subscribed."

Fort Dodge, Ia., was among communities first reporting in a message stating its quota of \$2,000,000 was raised exactly at midnight Friday.

St. Albans, Vt., reported at 10 A. M. an over-subscription of \$30,000. A score of New York towns, including Irvington, the former home of Secretary McAdoo, completed their allotments at noon.

CLACKAMAS SWINGS INTO LINE

Crown-Willamette Co. Takes \$10,000; Employees \$12,500.

OREGON CITY, Sept. 28.—(Special.)—Under guarantee of the local committee Clackamas County went over the top Friday night, but was put over in real earnest today, when the subscription of the Crown-Willamette Paper Company for \$10,000, and of the company's employees at West Linn, aggregating \$12,000 more, were received. The Weyerhaeuser Timber Company purchased \$5000 worth of bonds today and J. C. Elliott, of Damascus, brought in subscriptions totaling \$3500, while J. E. Townsend, of Sunnyside, followed with \$2500.

Of the seven banking districts in Clackamas County, Oregon City, was the last to go over, its quota being \$21,150. Sandy went over the top early in the week and the other districts followed in rapid succession, Canby closing up on Friday.

YAMHILL COUNTY NEARS QUOTA

Seven Towns Have Already Reached and Passed Their Goal.

McMINNVILLE, Or., Sept. 28.—(Special.)—County Chairman E. C. Apperson at 10 o'clock this morning reported that Amity, Carlton, Dayton, Lafayette, McMinnville, Willamina and Yamhill had gone "over the top" while Sheridan was slightly in arrears, but citizens were sure the full quota would be met.

Yamhill County, it is believed, will be over the top at the close of the opening day. In the McMinnville district the number of individual subscriptions in the third loan was about 900, whereas at the present time it is upwards of 1600.

ABERDEEN DOUBLES QUOTA

Industrial Plants in Grays Harbor 100 Per Cent on Loan.

ABERDEEN, Wash., Sept. 28.—(Special.)—Aberdeen probably will double her liberty loan quota of \$440,000 on the first day of the loan drive. The figures stood at over \$1,000,000 at 5 o'clock with the men at headquarters still counting.

The great over-subscription here puts the county safe for its \$1,800,000 quota. Practically every industrial plant in the city is 100 per cent subscribed on the basis of a \$100 bond to the man.

Astoria Has Banner Day.

ASTORIA, Or., Sept. 28.—(Special.)—This has been the banner day in Clatsop County for subscriptions to the fourth liberty loan, several subscriptions of \$5000, \$10,000 and \$15,000 each coming in. Owing to the banks being closed this afternoon it is impossible to secure accurate figures, but unofficial reports indicate the total tonight is well over \$700,000.

Centralia Well Over Top.

CENTRALIA, Wash., Sept. 28.—(Special.)—C. Paul Uhlmann, chairman of the Centralia division for the fourth liberty loan, reported to N. E. Coffman, Lewis County chairman, this morning that the division had gone over the top. Exact figures were not obtainable, but the amount subscribed is well over the division's quota of \$255,000, with subscriptions still coming in.

Gresham to Hold Mass Meeting.

In celebration of attaining their liberty loan objective, citizens of Gresham will hold a mass meeting tonight at the Methodist Church in that city. Several Boy Scouts, for valuable services in the drive, will be awarded special medals by the local committee. The principal ad-

dress will be delivered by Milton A. Miller, of Portland.

DESCHUTES COUNTY IS CLEAR

Four-Minute Men of Portland Given Credit for Successful Drive.

BEND, Or., Sept. 28.—(Special.)—Under the mystic influence of the oratory of Tommy Ryan, speaker of the liberty loan party from Portland, which has been aiding in putting Deschutes County "over the top" with flying colors, the last subscriptions of the campaign came in last night.

In the afternoon Bend was several thousand dollars behind her quota. After Mr. Ryan's appeal subscriptions came pouring in and soon the county had a surplus.

The Liberty Temple built by local carpenters was dedicated, Ted Lansing, deputy city attorney of Portland, delivering the first address.

The party, which is under charge of Sherman R. Hall, state chairman of the Four Minute Men, left for Portland this evening.

QUOTA IS MORE THAN DOUBLED

Pledges of Soldiers in Willapa Bay District Total \$127,000.

SOUTH BEND, Wash., Sept. 28.—Soldiers in 32 detachments—about 1700 men—in the Willapa Bay sub-district of the Spruce Production Division subscribed for \$127,000 of fourth liberty loan bonds today on an allotment of \$60,000.

The soldiers voluntarily raised their allotment of \$60,000 to \$100,000 and it is predicted that they will go \$140,000 before the campaign ends. The amount pledged now averages about \$55 per soldier.

At the base camp on North River 53 soldiers pledged \$11,000, which will be increased when the rest of the men connected with the camp come in from the woods.

Douglas Goes Over Top.

ROSEBURG, Or., Sept. 28.—(Special.)—J. H. Booth, county chairman, today reported Douglas County over the top in the liberty loan drive. Roseburg has exceeded its quota by \$4000, this being accomplished Friday evening.

INFLUENZA IS TO END

ARMY DOCTORS INVENT SERUM TO COMBAT EPIDEMIC.

Provision Made to Vaccinate 50,000 Persons Daily; Congress Appropriates Millions for Work.

WASHINGTON, Sept. 28.—Vaccination with a recently discovered serum, which in less than a week has been found to be an almost positive means to prevent contraction of pneumonia, will be used to combat the epidemic of Spanish influenza, which in the week ending today had made its appearance in every state, and in all but a few Army camps, causing many deaths. Use of the vaccine will be widely extended.

The serum has been used to a limited extent in several camps but no announcement had been made of its discovery pending the results of widespread tests. The Army Medical School developed the formula for the serum, which, it was stated tonight, is now being manufactured in quantities sufficient to provide for the treatment of 50,000 persons daily.

Congress today appropriated \$1,000,000 to be used by the public health service in fighting Spanish influenza and other communicable diseases.

The public health service, aided by the medical forces of the Army and Navy, immediately took steps to render effective aid to all districts in which influenza has made its appearance. Nurses and physicians in large numbers will be dispatched to the affected states and training camps.

Reports received today by Acting Surgeon-General Richard show that the influenza epidemic has not yet been checked.

During the 24 hours ending at noon today 8320 new cases of the disease were reported, as compared with 6254 for the day before. The total number of cases in all camps was reported as 51,217. A large increase is also shown in the number of deaths, resulting from pneumonia, 247 having been reported against 179 for the previous day.

CHICAGO, Sept. 28.—For the first time since the outbreak of Spanish influenza at the Great Lakes Naval Training Station on September 9 the number of sailors returned to duty after recovering from the disease far surpassed the number of new cases reported today. There were but 123 cases reported in the past 24 hours, according to a statement by Captain William A. Morfett.

Sixty-seven deaths occurred during the 24 hours ending at 8 o'clock tonight. A total of 1969 sailors are now on the sick list, while the total number of cases since the start of the epidemic is 8385.

CAMP LEWIS, Tacoma, Sept. 28.—The weekly health report shows an increase in pneumonia and a decrease in influenza. The influenza is not the disease commonly known as "Spanish influenza," but a much milder form. There has been no Spanish influenza in this camp.

During the last week the report shows there were 94 cases of influenza among 40,826 soldiers training here. This is a marked decrease from the 145 cases of influenza treated last week. There were 63 cases of pneumonia against 24 last week.

CAMP KEARNY, San Diego, Cal., Sept. 28.—It was announced today that the number of observation cases of suspected influenza had decreased in the last 24 hours from 11 to five. There are no cases of true Spanish influenza in the camp.

PRESIDENT FOSTER HEARD

Reed College Head Addresses Civic League Weekly Luncheon.

Dr. William T. Foster, president of Reed College, was the principal speaker at the weekly luncheon of the Oregon Civic League in the Crystal room of Hotel Benson yesterday. The assigned subject was "The S. A. T. C." Dr. Foster told his auditors that the new regulations governing athletics in colleges are in harmony with that which Reed College has been practicing for seven years. He related how red tape had been cut with the result that the new barracks at the college were completed before the bids reached the War Department at Washington.

Private Joseph Conlin, in service at Fort Stevens, entertained with vocal selections.

Corporal Gibson, an American citizen who enlisted in the British army, was the speaker for the fourth liberty loan. He participated in the first battle of Ypres and was actively in service until he was wounded in action, early in 1916.

Three deposits of nickel have been discovered in Alaska and work is under way to ascertain the extent of two of them.

SPEECH STIRS LABOR

American Alliance Indorses Wilson's Address.

GREAT APPEAL RECOGNIZED

Declaration Is Made That Zeal of Working People to Strive for Victory in War Will Be Without Limit.

NEW YORK, Sept. 28.—The American Alliance for Labor and Democracy approved President Wilson's speech opening the liberty loan campaign in a statement tonight, declaring that "under such a banner as ours, inscribed with such principles, no real democrat and no true follower of labor's cause can remain inactive or continue in a position of opposition."

The alliance asserted that the President's restatement of the principles of international justice "must bring fresh enthusiasm and vigor of conviction to every workman and woman."

Service to Be Without Limit.
It predicted that the bounds to which "the working people will go in service and sacrifice to bring victory to the great cause of humanity so pre-eminently defined" by the President are without limit.

"It grows clearer day by day," the statement continued, "that the feeble opposition to democracy's aims proclaimed by those who, while professing faith in democracy, have sought to undermine democracy's strength by continuously misrepresenting the purposes of our democracy, must grow still more feeble and become finally impotent."

"We can realize to the full the possibilities of the future only when the world, by conduct in deeds and not alone by the professions of statesmen, accepts the standards of democracy and lives from day to day according to them."

No Compromise Wanted.
"There can be no compromise with autocracy, no bandying of words with autocrats, no negotiated peace—nothing but complete triumph for democratic principles which is the world's history by the deeds of all the world's people in common concert."

WASHINGTON, Sept. 28.—President Wilson's liberty loan speech at the New York last night was read to the Senate today and ordered printed as a public document.

Senator Shafroth, of Colorado, in suggesting 1,000,000 copies, declared it one of the greatest addresses ever delivered and "an inspiration to every man who loves liberty and humanity."

MURDER TRIAL REOPENED.
TACOMA, Wash., Sept. 28.—(Special.)—The state is prepared to reopen in the Superior Court the case of George Pidd, former Camp Lewis soldier, after the jury which was trying him as a civilian for attacking Lawrence Berquist with a whip last December disagreed. Pidd was first tried at Camp Lewis by court-martial and was sentenced to life imprisonment, but was pardoned by President Wilson and dishonorably discharged from the Army, after it was discovered that a technical error had been made in the trial by admitting adverse testimony of Pidd's wife. Pidd formerly lived in Portland and later was stationed at Vancouver Barracks. He and his wife were arrested in Portland.

JAM AND JELLY COLLECTED FOR SOLDIERS.
COTTAGE GROVE, Or., Sept. 28.—(Special.)—The Red Cross has collected 450 quarts of jam and jelly, to be sent to the soldier boys in the hospitals. It is expected this amount will be increased to 500 quarts.

BAKER STILL HARD AT WORK.
BAKER, Or., Sept. 28.—(Special.)—Loan subscriptions in Baker County at

close of banking hours this afternoon totaled \$517,000 as against quota of \$680,890. Sumpter and Huntington are over the top and Baker is 80 per cent subscribed, with buyers still busy in local banks which are open this evening.

Prune Packing Congestion Hangs.
Congestion at the prune packing centers met no relief yesterday, so far as known to the State Food Administration. It was said that shipping orders, anxiously awaited by the packers, will come direct from the Government.

Centralia Realty Transferred.
CENTRALIA, Wash., Sept. 28.—(Special.)—The sale of E. E. Teachner's residence in the west end of the city to W. E. Brown, manager of the Stillwater Lumber Company, was announced today. The consideration was \$2800. W.

R. Patton has sold 15 acres on Fords Prairie to James Patterson for \$2000, while Roy Boyd has purchased five acres on the prairie from A. I. Timmerman.

Masonic Hall Disappearing.
CENTRALIA, Wash., Sept. 28.—(Special.)—The work of tearing down the old Masonic Hall in Winlock, one of the landmarks of that town, was started this week by John Gunell, who purchased the structure. The Winlock Masons and Eastern Stars for the present are using the Woodman Hall for their meetings.

Company. The special deputies' commissions issued from our office are intended for use only at the employment specified at the time when taken out, and Souser did not have his commission changed to cover employment at his new place.

The sheriff further said that since the beginning of the war he has issued nearly 1000 special deputy commissions at the request of industrial institutions which are employing guards and watchmen.

"In every case the employers of these men stand responsible for their acts," said the sheriff. "I could not under any condition be responsible for every special deputy commission which I issue as a matter of courtesy to these employers."

Lieutenant Thatcher, of the police War Emergency squad, yesterday said that it was unfortunate that the watchman, Souser, should in any way be connected with the Sheriff's office.

"Our force has always worked in harmony with Sheriff Hurlburt and his men and there is no question of discrimination," he said. "There is not the slightest friction between us and the Sheriff's office."

ROOMS WILL BE FACTOR

FUTURE WAR CONTRACTS DEPEND ON ACCOMMODATION.

Homes Registration Committee Appointed to Make Canvass of Resources—Co-operation Asked.

Official appointment of the person selected Friday by Mayor Baker on the United States homes registration committee was made yesterday by Mark C. Cohn, representative of the United States Department of Labor.

In this committee's hands will rest the responsibility of making an immediate survey of the available housing resources of Portland, as the Government has recently adopted the policy that all future recommendations as regards the letting of war contracts will be determined largely from the information obtained by the making of this survey.

The offer of J. C. Ainsworth, member of the committee, of the old Ainsworth bank building on Third and Oak streets for the use of the Placement Bureau which will be established as soon as the survey has been made, has been accepted.

Additional war contracts given to Portland will depend solely on showing that the city is able to care for more war workers. It is therefore necessary for every patriotic person and every loyal Portland resident to offer such resources in the way of rooms as they may have at their command.

The details of the survey, which will be made within a few days, will be outlined at a meeting to be held in Mayor Baker's office tomorrow afternoon at 4 o'clock. Oregon City and Vancouver will be included in the survey.

MURDER TRIAL REOPENED.
