Ravages in Last Twenty-four Hours Greatest Since Epidemic Started.

DEATHS IN CAMPS INCREASE

Spanish Malady Reported in Seattle. Mayor Orders All Churches, Schools, Theaters, Dance Halls to Close.

WASHINGTON, Oct. 5.—Spanish influenza increased more rapidly during the 24 hours ending today noon than in any similar period since the disease became epidemic.

Reports to the office of the Surgeon-General of the Army showed 17,233 new cases in Army camps.

The new cases represented an increase of 408 in comparison with the number reported for the preceding 24 hour period.

A total of 241 new pneumonia cases were reported, an increase of 287. Deaths at camps totalled 653, an increase of 359.

The demand for nurses has increased so rapidly that the Red Cross tonight announced that Canadian nurses would be enlisted for service in the United States.

Gains were made by the disease today in Washington, with 27 deaths reported in the last 24 hours, the largest number for any similar period since the start of the epidemic.

Definite reports as to the spread of the disease among the civilian population were lacking tonight. Dispatches received by the public health service, however, told of little abatement of the epidemic in most states. The stringent measures being taken, it was said, soon should show results.

Camp Taylor, Ky., with 1578 new cases, reported the greatest spread of influenza in the 24 hours ending at noon today; the Kentucky camp also reported 258 new cases of pneumonia and 49 deaths have occurred.

Reports received by the Red Cross from the Middle West show more than 400 nurses have been supplied by the organization to meet the emergency caused by demand for nurses.

PHILADELPHIA, Oct. 5.—There is no abatement in the epidemic of influenza in this city. At noon the report for the preceding 24 hours showed 245 deaths and 1480 new cases, an increase of 742 over yesterday's report.

Death Rate Breaks Record. During the week there were 1191 deaths from all causes, the highest death rate in the history of the city. The authorities estimate that 75 per cent of these were due to influenza.

CHICAGO, Oct. 5.—More than 1000 new cases of influenza with 37 deaths as well as 270 new cases of pneumonia with 64 deaths were reported to Chicago health authorities today.

Endicott, chairman of the state emergency public health committee, telegraphed today to the chairmen of public committees in all cities and towns in the state urging them to follow the example of Boston and close all saloons, soda fountains, bowling alleys, pool rooms and other places of public gathering.

SEATTLE, Oct. 5.—Every place of indoor public assembly in Seattle, including schools, theaters, motion-picture houses, churches and dancehalls, have been ordered closed by Mayor Ole Hanson and City Health Commissioner J. S. McBride as a means of combating further spread of Spanish influenza here.

Only public gatherings in the open air will be permitted. The police were instructed to see that orders are obeyed. Mayor Hanson asserted that reports to the health department indicated that influenza was getting a foothold in Seattle. Commissioner McBride said he thought the influenza cases here, mild and otherwise, totaled between 100 and 200.

Druggists to Stay Open. The King County Council of Defense was asked by the Mayor to request all Seattle drugstores to stay open tonight and all day tomorrow.

A Well-Known Actress Tells How to Darken Gray Hair With a Simple Home-Made Mixture.

Jolexy Williams, the well-known American actress, who was recently playing at the Imperial Theater in St. Louis, Mo., made the following statement about gray hair and how to darken it:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray streaks or faded hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Barbo Compound, and 1/4 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or any drug store can put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look 20 years younger. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not rub off.

HEARST OPENS WAR FOR LIFE IN NEVADA

State and County Councils of Defense Targets Before Federal Court.

DEFENSE IS PREPARED

Various Causes Given in Affidavits Which Present Charges Against Publications Which "Sowed Seeds of Discontent."

CARSON CITY, Nev., Oct. 5.—(Special.)—Argument on the suit brought by the Examiner Publishing Company to enjoin the State Council of Defense in Nevada and various County Councils of Defense from interfering in any way with the circulation of Hearst publications in Nevada, occupied yesterday and today before Federal Judge E. S. Farrington.

Arguments were opened by Frederick C. Wilson in behalf of The Examiner. Wilson conducted similar proceedings in behalf of the Hearst publications in Mexico. The rest of the day was taken up by Attorney-General George Thatcher and Sam Platt.

In the complaint Hearst states that the action of the State Council of Defense amounts to a boycott and is in violation of the Sherman anti-trust law and is a violation of the constitutional guarantee of free speech.

Scores of Extracts Filed. The affidavit filed by H. A. Lemmon, director of the State Council of Defense, contains the material on which the defendants base their case. It contains scores of extracts from Hearst's publications, which, it is alleged, are disloyal in tone and calculated to arouse passions among the people of Nevada, sow seeds of discontent with the methods employed by the Government, arouse opposition to the extension of the draft, all designed to bring aid and comfort to the German government.

An extract from Lemmon's affidavit sufficiently presents the charges against the Hearst publications. It reads: "Since the war the Hearst papers have consistently kept barely within the various acts passed for the suppression of sedition, disloyalty and treason, changing the character of their expressions as new and stronger legislation is enacted, protesting by direct words and with extravagant fervor their patriotism, while on the other hand they have, by editorial comment and editorial display, endeavored to undermine the ideals and purposes for which the war is being carried on and to which the war is being carried on and to harass and hinder those preparations and enterprises so necessary to the success of the United States and her allies.

"That the Hearst newspapers have, since the United States has been at war with Germany, attacked the war and our motives for entering into it, created a terrorism, magnified the horrors of war and the strength of the German army; consistently on all occasions our ally, England; attacked all our allies, directly or by innuendo; demanded separate peace on behalf of the United States; and in general, endeavored to divert national attention toward Mexico and Japan on a plea of danger from those quarters; opposed an adequate shipping program; opposed the Red Cross; and the U.
