

ALLIES DASH AFTER FLEEING HUN HORDES

Dutch Border Is Reached and Line Swings Eastward.

GHEENT SUBURBS NEARED

Brussels Is Being Evacuated by Enemy and Lille Salient Vanishes as Haig Moves Ahead.

(Continued From First Page.)

The main German support line in this region. The French maintain strongly their pressure between the Oise and the Serre and eastward along the Aisne.

Retirement Is Indicated. There are some indications that the Germans are preparing to retire from their positions in front of the American line north of Verdun between the Meuse and the Boulton forest. The American advance threatens the security of the Kreimhilde positions. A further advance in the Bantwille region would increase the menace to the Germans. East of the Meuse the enemy Saturday attacked the American position in the Bois de la Grande Montagne, but was repulsed.

WITH THE ALLIED ARMIES IN FRANCE AND BELGIUM, Oct. 19.—(By the Associated Press.)—The bewildered and shattered German hordes all day long have continued to give ground under the sustained pressure by the British, French, Belgian and American troops.

ALLIES FORCED TO RETREAT IN RUSSIA

Heavily Reinforced Bolshevik Army Encountered.

ARTILLERY ACTION SEVERE

Big Losses Inflicted on Enemy Despite Many Handicaps, Cossacks Victorious in Caucasus.

(Continued From First Page.)

The allied troops operating on the Dvina have been forced to retreat six miles, owing to an attack by the heavily reinforced enemy. The Bolshevik army has been strengthened by detachments from Petrograd under competent officers until it now has a greatly superior numerical advantage.

The withdrawal by the allies was successful under a severe bombardment. At last reports the Bolshevik reinforcements were reported advancing and the allied forces were under a hail of shrapnel shells and "pom-poms." Occasionally a six-inch shell from a Bolshevik gunboat and a land battery would strike.

The allies have been handicapped by a fall of the water, which left boats stuck on sand bars and barred progress by gunboats at critical times. It is believed that the Bolsheviks are trying to drive the Russian and allied troops from the Dvina before ice closes the river.

The troops opposing the allies in this region are mostly sailors and Lettish mercenaries.

While the allies have been handicapped by the smallness of their available forces in covering hundreds of miles of territory, the enemy has been able to move troops from Petrograd. Notwithstanding the various handicaps, heavy losses have been inflicted on the best troops of the Bolsheviks.

AMSTERDAM, Oct. 19.—The Don Cossack volunteer army and other detachments have surrounded the Bolshevik forces in the Northern Caucasus, says a dispatch from Kiev. The retreat of the Bolsheviks to Astrakhan and Tzaritzyn has been cut off.

Vladimir N. Kokovsov, former Minister of Finance during the imperial regime, and Prince Shakhovskoy, former Minister of Trade and Commerce during the Kerensky regime, have been summarily shot, according to a Moscow dispatch to the Lokai newspaper of Berlin. They had been condemned to death by the people's court.

STOCKHOLM, Oct. 19.—A portion of the Russian budget, published in Petrograd, shows that expenditure on public services and the postal and telegraph service in the year 1918 was estimated at \$1,000,000,000 rubles. The budget shows similar deficits in other departments.

"UNSINKABLE" SHIP SUNK

LUCIA TORPEDOED BY U-BOAT IN ATLANTIC.

Vessel Had Been Equipped With Buoyancy Boxes, Which Were Expected to Keep Her Afloat.

NEW YORK, Oct. 19.—The American steamship Lucia, equipped with the buoyancy boxes and supposed to be unsinkable, has been sunk, according to word received here today in shipping circles. She was torpedoed by a submarine in the Atlantic but details are lacking.

The Lucia, formerly an Austrian freighter of the same name, left an Atlantic port with cargo on October 12.

LONDON, Oct. 19.—Commenting on the report in the Handelsblad, of Amsterdam, that German submarines had been ordered by wireless to return at once to their bases, the Yorkshire Post says:

"If the Handelsblad story is as innocent as it seems, it is a damaging story of German mitigation of 'frightfulness.' If the German government can wireless to all its submarines, it could have prevented the outrage on the Leinster by telegraphing to all U-boat commanders that atrocities must not be committed."

"Outrages have been excused in Germany on the ground that it is impossible to communicate with U-boats by wireless. But if the government can recall the U-boats by wireless telegraph they could have modified the ferocity without waiting for President Wilson."

EPIDEMIC HITS NEW YORK

CASES NUMBER HALF MILLION, DEATH RATE HIGH.

Influenza Reported Subsiding in Army Camps; No Decrease Among Civilians.

WASHINGTON, Oct. 19.—The number of new cases of Spanish influenza in New York City today was estimated at half a million. The mortality rate is high.

The epidemic is subsiding rapidly in the military camps of the country, but among the civilian population generally the peak has not yet been reached.

Conditions in those Eastern states where the disease first appeared showed improvement today, but reports from the South, the Middle West and Pacific Coast were not optimistic.

New cases in Army camps today showed a decrease of 1403. Pneumonia decreased 238 from yesterday and the number of deaths was 153 less than yesterday, numbering 472.

Public Health Service reports from California said 18,300 new cases had been recorded since Thursday, with only portions of the state reporting. In Idaho the malady continues to spread.

District of Columbia health officials were inclined to the belief tonight that the peak of the epidemic in the district has passed. Sixty-six deaths were reported today in comparison with 93 yesterday. New cases also showed a decrease.

"Gets-It," a Liberty Bottle for Corns

There's Only One Genuine "Corn-Peeler"—That's "Gets-It!"

Ever peel a banana? That's the way "Gets-It" peels off corns. It's the only corn treatment that will. "Gets-It" is a guarantee that you won't get your corns gouged, pick, jerk or cut out your corns. If you want the pleasure of getting rid of a corn, be sure to get "Gets-It." It is the wonderful formula that has made "Gets-It" the corn marvel that it is, used by more millions than any other corn treatment on earth. A few drops on any corn or callus, that's all. It can't stick. It is painless, causes no pain. You can kick your "corny" feet around, even in tight shoes, and your corns won't trouble you. You can go about and work, dress, live, love and laugh as though without corns.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfd. by E. Lawrence & Co., Chicago, Ill. Sold in Portland and recommended as the world's best remedy by Owl Drug Co., 21 stores on the Pacific Coast.

Advertisement for Farming Sorrow Charged. Seattle Undertaker Arrested by Federal Authorities. SEATTLE, Oct. 19.—On a charge of defrauding the Government while under contract to prepare the remains of sailors and members of the Marine Corps for shipment to their former homes, G. M. Butterworth, of S. R. Butterworth & Sons, Seattle undertakers, was arrested by Federal officers today. Butterworth, it is alleged, attempted to "play upon the grief and sentiment" of relatives of sailors who died at the training station here of Spanish influenza to obtain money from them in excess of the amount allowed by the Government
