

GREATER RESPONSE IS MADE BY CITIZENS

Last-Minute Spurt Brings in \$1,629,672.

ALL OREGON IS PRAISED

Third Loan Only Obtained 67,000 Names; Total State Number of Participants May Be 200,000.

Oregon spirit broke forth unexpectedly in final hours of the fourth liberty loan in a flood of new subscriptions that defied efforts of accountants to keep abreast, but when they quit for the night the aggregate oversubscription of state and city was \$1,629,672. For Portland, Emory Olmstead, chairman, announced a total of \$1,432,650. This is \$1,163,250 above the quota of \$1,322,400. Mr. Olmstead said the total will not stop short of an oversubscription of \$1,500,000.

The state outside of Portland, reported John L. Etheridge, director of organization, had a verified total of \$15,956,122. The apportionment was \$15,384,707, making the oversubscription \$571,415. It will reach \$1,000,000, consistently predicted Mr. Etheridge.

Up-State Counties Lauded. Total subscriptions for Oregon last night were \$2,337,772 set off against a total quota of \$3,761,100. In many sections of the state a glorious finish to the loan campaign was witnessed. In Portland there was unusual buying at banks and the Liberty Temple, and several large subscriptions were reported in from corporation headquarters in the East.

Officials at state headquarters hesitated to give the names of three or four communities which may not have attained their quotas. There was much praise for the towns which jumped in during the final hours and piled up remarkable oversubscriptions.

"Good Measure" Given. There was St. Helens, which had pushed on past a quota of \$89,000 to \$119,000. Word came early yesterday from Chairman Etheridge that the citizens proposed to pledge an additional \$25,000 just for good measure, and as a response to Secretary McAdoo's appeal. Before 10 o'clock state headquarters was thrilled with the message that St. Helens had duplicated its original quota during the day, subscribing for \$89,000 more bonds.

If the aggregate of \$28,000 is verified, St. Helens' record will be a subscription of 374 per cent. It was officially reported from the United States spruce production headquarters that the appeal of Brigadier-General Disque to the 130,000 men of his division may bring an aggregate of between \$5,000,000 and \$10,000,000 in bond sales. If average results over Washington and Oregon hold up, early returns the day's pledges of spruce workers will reach a total of that size, it was stated. Oregon will get credit for about one-third of such amount as these men subscribe.

Subscription Is Record. The record subscription to come to Portland from an outside corporation arrived yesterday. It was the payment of a subscription of \$200,000 from Swift & Co. to the city, announced through S. C. Osbury, local representative of the firm. The Bankers' Life Insurance Company forwarded a subscription of \$50,000.

The National Life Insurance Company of Vermont yesterday apportioned \$10,000 more to Oregon, through its state agent, William Goldman. This makes a total of \$30,000 allocated by the company in this state. Banks all over the state remained open last night to receive subscriptions and everywhere the response of citizens, anxious to see the Nation attain the \$6,000,000,000 goal, was astonishing. In Portland several of the banks had lines of persons waiting to make out their subscriptions at 6 o'clock and later. Liberty Temple did a remarkable amount of business, experiencing one of its best days, workers there reported.

It was estimated last night that the number of Portland subscribers to the fourth loan will reach 103,000. To the third loan there were 25,000 subscribers. It is believed that official checking of the state will show no less than 200,000 subscribers.

Clastop Oversubscribes Loan. ASTORIA, Oct. 19.—(Special)—The close of the fourth liberty loan campaign tonight finds Astoria and Clatsop County well over the top. The county quota of \$1,127,925 has been raised, and the definite figures will not be available before Monday. Reports from the banks at noon today showed an oversubscription of approximately \$200,000.

Two Counties Oversubscribe. OLYMPIA, Wash., Oct. 19.—(Special)—Olympia and Thurston counties have subscribed \$25,000 to the fourth liberty loan, which is \$200,000 over the city and county quota. On this total only \$12,000 is locally credited from the state's purchase of \$1,000,000 worth of bonds. Various loyal reports from the city and county bonds in the lumber camps have not yet reported.

Quota Is Nearly Doubled. SOUTH BEND, Wash., Oct. 19.—(Special)—At the close of the liberty loan drive tonight from best figures obtainable Pacific County has subscribed for \$75,000 of bonds on an allotment of \$371,000. Chairman L. L. Darling, of the South Bend district, reports subscription of \$217,500 on an allotment of \$55,000 for his district.

COLLEGE SCARE SCOUTED Corvallis Health Physician Declares Only 27 Cases in Hospital. OREGON AGRICULTURAL COLLEGE, Corvallis, Oct. 19.—(Special)—

Adler-i-ka Again!

"I had a bad case of constipation, gas on the stomach and other bowel trouble. Twelve hours after I took Adler-i-ka I felt better and after continuing I consider my CURED. (Signed) E. H. Beeman, Clatsop, Wash.

Adler-i-ka expels ALL gas and sourness, stopping stomach distress INSTANTLY. Empties BOTH upper and lower bowel, flushing ENTIRE alimentary canal. Removes ALL foul matter which poisons system. Often CURES constipation. Prevents appendicitis. We have sold Adler-i-ka many years. It is a mixture of buckwheat, cassava, glycerine and nine other simple drugs. Skidmore Drug Co., (and leading druggists)—Adv.

That the statement made in Portland that there are 1000 cases of Spanish influenza at the Oregon Agricultural College was without foundation was the assertion of Dr. R. L. Bosworth, City Health Physician, in charge of the situation at the college.

"It is foolish for any alarm to be sounded now," said Dr. Bosworth. "The situation is absolutely under control, the number of cases in the hospital today being but 27. The number of young women confined to their beds has been reduced to 28. There are three cases of pneumonia, but for the most part they are extremely light. Every precaution is being taken against the spread of the disease. The situation is equally favorable in Corvallis, there being few cases."

Major Charles Cross, of the United States Army Medical Reserve Corps, wired to department headquarters at San Francisco today that a favorable condition exists at the college and that the sick are being well cared for. Arrangements are being made to send to the college six hospital corps men, together with complete hospital equipment, to aid the Student Army Training Corps health service.

LIFE GIVEN FOR LIBERTY

SACRIFICE FACED GALLANTLY BY LESLIE TOOZE.

Last Message Received by Father of Officer Fallen in France Reveals High Ideals.

SALEM, Or., Oct. 19.—(Special)—"We leave for France soon, I expect to turn. But if I fall, you will know

that my life has been purchased at the highest price it ever could command, for the greatest cause history has ever known, the great cause of human liberty in the world."

These words were received by Walter L. Tooze, Sr., from Lieutenant Leslie Tooze, his son, who was shot by a German sniper somewhere in the St. Mihiel salient in France, September 23. News of his death was contained in a cablegram from Leslie's twin brother, Lamar, who is also in France.

On February 4, 23 years ago the Tooze twins were born at Woodburn, this state, and had been practically inseparable until the link which bound them was severed by the shot from the gun of the German sniper.

For several years they lived at Falls City where they graduated from the High School. There they first gained more than a local reputation on debating teams through and through the Willamette Valley. When they entered the University of Oregon they were well known to many of the students there and their activities in the student-body took a wide range.

Leslie was a member of the Beta Theta Pi fraternity of the Fraternity Club and an honorary member of the National Chamber of Commerce.

The twins were graduated from the University in 1916, and in 1917 entered the Harvard Law School, where Leslie won the Beals prize for the best first-year law brief.

When war was declared both entered the service, Leslie going to the training camp at Presidio and Lamar Plattsburg, N. Y. Each was awarded a commission as Second Lieutenant. At Camp Lewis both were promoted to the rank of First Lieutenant, and they sailed for France late in June.

Leslie in a letter which reached his father a few days ago, said he had just returned from inspection of 1500 German prisoners. The young officer met death "with conspicuous gallantry" said the cablegram bearing news of his death.

A third brother, Walter L. Tooze, Jr., had command of the training camp at the Oregon Agricultural College until transferred recently to command of the camp of a large school in Iowa. The mother lives in Eugene.

TRIPPLET TO FACE CHARGE

Military Policeman Professes Innocence of Liquor Violation.

Major Richard Delch, commander of the Oregon Military Police, said last night that C. C. Tripplet, a member of the Military Police, who is wanted at Medford to answer to a charge of maintaining a nuisance, will be returned to that city not later than Tuesday.

With Charles Smithers, of the police, Tripplet was stationed at Medford. In a raid by the police of the city Thursday night Smithers was alleged to have been caught in a drinking bout. He was haled into court Friday, charged with maintaining a nuisance, and entered a plea of guilty. A similar warrant for Tripplet was issued.

Major Delch says that Tripplet professes complete innocence and is entirely willing to face the charge preferred.

Scout Camp to Be Inspected.

Scout Executive Brockway, accompanied by Mr. and Mrs. T. T. Munger and Mr. and Mrs. George A. Bright, left yesterday morning for Wahtum Lake to inspect the new scout camp. They motored to the Hermann Creek ranger station and from there walked 10 miles through the forest to the lake. Work of the scout camp, a log structure 100x125 feet, has been practically completed.

Dye Works Hit by \$5000 Fire.

The Broadway Dye & Cleaning Works, 200 Broadway, was damaged to the extent of \$5000 yesterday by a fire which started at 4:15 A. M. from an overheated electric iron. The flames spread to the Cork Floor Products Company, next door, but the loss there was slight. The flames soon were controlled by the fire bureau, which sent a large amount of apparatus to the scene because it was in the downtown district.

Monaco Taken to Prison.

Giovanni Monaco, convicted murderer of 17-year-old Maria Sina, was taken to the State Penitentiary yesterday by Deputy Sheriff Taylor. He was sentenced to a term of life imprisonment by Circuit Judge Morrow.

CANDIDATES APPEAL FOR LEGAL DECISION

Rushlight and Baines File Mandamus Action.

THREE JUDGES TO DECIDE

Judge A. S. Bennett, of The Dalles, Announces Candidacy for Member of Supreme Court.

Three Judges of the Circuit Court will sit en banc tomorrow afternoon to determine whether the names of A. G. Rushlight and Arthur Baines are to be printed on the municipal ballot for City Commissioner. A petition signed by C. H. Leich, appearing as a voter, was prepared by Wilson T. Hume, demanding that the names of the candidates appear on the ballot. Mr. Hume is attorney for the Anti-Buoy Law League, which supported Commissioner Kellher last year.

As the decision of the court will be final and there can be no appeal because of the shortness of time, Judges Gatens, Stapleton and Gantenbein were assigned to hear the arguments.

The question involved is whether Mr. Rushlight and Mr. Baines had a right to file their nominating petitions for the short and long terms, respectively, after 12 o'clock Tuesday the last day for filing. City Attorney La Roche gave an opinion to City Auditor Funk that these petitions cannot be accepted. The issue was raised by Dr. L. E. Perkins, candidate for the short term, who will be elected Commissioner for seven months and receive about \$2900 salary. If Rushlight's name does not appear on the ballot.

It is said that before City Auditor Funk decided to keep his office open until Tuesday night, to give any prospective aspirant a chance to file, that he inquired at the City Attorney's office if the matter would be permissible and he received assurances that it would be all right. Mr. Funk in also said to have put the question to City Commissioner Barbur, who had been Auditor, and Mr. Barbur explained that he had followed the practice.

One report is that Mr. Baines appeared ready to file a few minutes before 5 o'clock, but on being informed that the office would be open until midnight he departed to gather more names for his petition.

Until the Circuit Judges made their decision on the mandamus proceedings the ballot cannot be prepared for the printer and the time is growing short.

Judge A. S. Bennett, of The Dalles, will be a candidate for the vacancy on the Supreme Court, which will be filled by the Governor. G. Starkweather, chairman of the Democratic State Central Committee, issues the following announcement: "In response to the urgent demands of his friends in different political parties, and from all parts of the state, Judge A. S. Bennett, of The Dalles, has consented to be named as a candidate for Justice of the Supreme Court for the place made vacant by the death of Justice Moore."

Sanderson Reed announces that he will be a candidate for the vacancy in the State Senate from Multnomah County, caused by the resignation of Conrad P. Olson.

"The vote given me in the primaries was largely personal," says Mr. Reed, "and many of those who worked for my election have called upon me to continue the campaign at this time. "It seems that I am under obligation to do this, considering the vote being given me in the primaries. I have had to be written in on the ballot, and those who are interested in my election will please notice this fact so that if they wish they can act accordingly."

State Senator Dimick, of Oregon City, is championing the candidacy of Judge James U. Campbell for Supreme Justice, the vacancy being caused by the death of Justice Moore.

"There are times," writes Senator Dimick, "when we must have men of sterling character in public positions and I assure you that Judge Campbell has every requirement to make a good Judge of the Supreme Court at all times and under all circumstances. Do not forget that he is a Spanish-American War Veteran and at all times 100 per cent American."

SALEM, Or., Oct. 19.—(Special)—Marion County politics is comparatively calm this year, owing to the few contests developing in county and district offices. Greatest interest is centered in the aspirations of Alec La Follett to succeed himself in the State Senate. He was defeated for the Republican nomination, but is running independently against Louis Lachmund and W. Al Jones, Republican nominees.

H. L. Clark, of the Salem school board, has also announced himself as an independent candidate against W. M. Bushey for County Judge. Bushey is incumbent and has both the Republican and Democratic nominations. The balance of the legislative and county tickets have no opposition and the nominees all received the dual support of the Republicans and Democrats.

THE MANNING GAS MAKER

Kerosene is the answer to the uncertainties of coal and wood. It's plentiful, cheap, easy to get, and furthermore its practicality makes it the best fuel for your home. It's a reliable and inexpensive day-in-and-day-out fuel for your home. It's a clean, safe, and healthy fuel. It's a fuel that will keep your home warm and comfortable all winter long. It's a fuel that will save you money and give you peace of mind. It's a fuel that will make your life easier and more enjoyable. It's a fuel that will make your home a more comfortable and inviting place to live. It's a fuel that will make your life a more pleasant and successful one. It's a fuel that will make your home a more beautiful and desirable place to live. It's a fuel that will make your life a more meaningful and fulfilling one. It's a fuel that will make your home a more loving and caring place to live. It's a fuel that will make your life a more happy and contented one. It's a fuel that will make your home a more peaceful and harmonious place to live. It's a fuel that will make your life a more prosperous and successful one. It's a fuel that will make your home a more comfortable and inviting place to live. It's a fuel that will make your life a more pleasant and successful one. It's a fuel that will make your home a more beautiful and desirable place to live. It's a fuel that will make your life a more meaningful and fulfilling one. It's a fuel that will make your home a more loving and caring place to live. It's a fuel that will make your life a more happy and contented one.
