Republican Victory Seen in Oregon Forecasts.

Democrats' Plea to Support President by Electing Smith and West Reacts Throughout State.

(Continued from Page 15.) is expected to bring out a heavy vote. Elkins, incumbent, who is serving out the unexpired term of J. C. Parker, retired, upon appointment by a Republican County Court, appears to have the edge.

DOUGLAS COUNTY IS AROUSED

President's Partisan Appeal Injects Life Into Politics.

ROSEBURG, Or., Nov. 2.—(Special.)—Up to the last 10 days interest in politics in Douglas County was slack and party leaders made little effort to arouse the voters. The war situation largely absorbed public attention.

Hundreds of Republicans who had previously taken no action, and apparently would not have taken the trouble to vote, now are working like beavers to get voters to the polls on election day. Within the week the whole political atmosphere has changed and there is every indication of a good vote November 5.

The normal school matter is attracting some interest here, but the prospect for its success is dubious. The Jackson delinquent tax bill is apparently not getting much consideration. The measure referred by the State Tax Commission appears to be a necessity and probably will be indorsed.

WASHINGTON HAS NO THRILLS

Lack of Interest Marks Campaign in That County.

HILLSBORO, Or., Nov. 2.—(Special.)—The political campaign in Washington County has been a campaign in name only, for there has been an almost complete lack of interest. No political meetings have been held and neither state nor county candidates have made canvasses.

With three to elect, there are but three legislative candidates on the ticket, all Republicans. They are W. G. Hare and J. W. Haines, both of whom have served before, and L. M. Graham. The only competition on the county ticket is for county judge and sheriff. In the former, J. W. Goodin, Republican, is opposed by R. O. Stevenson, Democrat.

George Alexander, present incumbent, is the Republican candidate for sheriff, and is opposed by J. E. Rasmussen, who was fired from the office two years ago. The only uncertainty as to the result of the entire ticket is believed to center in the office of county auditor, where the intention to vote it straight will give Alexander the office.

POLK COUNTY SHOWS INTEREST

Closing Days of Campaign Bring Issues Before Voters.

DALLAS, Or., Nov. 2.—(Special.)—Politics in this county, which have been rather dormant so far this campaign, have begun to liven up and a lively interest is now being taken, especially in the candidates for the offices of Senator, Governor and the county offices of County Judge, Clerk and Sheriff. Governor Withycombe, who has a large number of personal friends in the county, is almost assured of a big majority. Senator McNary, who is also well-known here, has the backing of the entire legal talent of the county and should carry the county, according to reports from various sections, by a big vote.

YAMHILL PREDICTS BIG VOTE

Wilson Partisanship Tonic Spurs Republican Voters to Action.

McMINNVILLE, Or., Nov. 2.—(Special.)—Interest in the coming election has revived since politics was "re-summed" at Washington. Republican leaders here predict an increased number of Republican votes at the polls next Tuesday—cast by voters who might have remained at home but for the recent stirring-up tonic of partisanship.

United States Senator McNary will receive hearty endorsement in Yamhill County. Governor Withycombe, also will poll a large vote. The legislative ticket is headed by Senator W. C. Vinton for re-election, who is opposed by Earl A. Nott, Independent candidate. The two Republican candidates for Representative are J. M. Crawford and W. B. Dennis, opposed by C. B. Matthis and by Y. Roe, Democrats.

PARTISAN APPEAL RANKLES

Umatilla County Voters Stirred by Wilson's Message.

PENDLETON, Or., Nov. 2.—(Special.)—While up to the beginning of the past week there has been little interest in politics in Umatilla County, the reception of the President's appeal has stirred both Republicans and Democrats

For Our Boys and Girls in the Service

BEGINNING Monday, November 11, and continuing until Monday, November 18, inclusive, a campaign will be waged in Portland and Oregon and the entire Nation for funds with which the war welfare work of these seven organizations may go on until our millions of boys and thousands of girls now serving the colors are safely home again.

- YOUNG MEN'S CHRISTIAN ASSOCIATION KNIGHTS OF COLUMBUS JEWISH WELFARE BOARD YOUNG WOMEN'S CHRISTIAN ASSOCIATION SALVATION ARMY AMERICAN LIBRARY ASSOCIATION WAR CAMP COMMUNITY SERVICE

A United Campaign is planned upon the recommendation of President Wilson and the War Department to reduce expenses and multiply results.

National, State and City Quotas The sum to be raised by contribution in the United States is \$170,000,000; in Oregon, \$700,000; in Portland, \$300,000.

Seven in Name—One in Aim Not one of these organizations could be dispensed with in creating and maintaining the morale of our millions. Broad gauged all—not one of these would refuse succor or good cheer to your son, your husband, your father, your sweetheart—or to those loved ones of your neighbors. Broad-gauged all—not one of us can refuse to lay aside policies, prejudices, principles or preferences—to get behind those boys through these necessary organizations.

The End of the War does not mean a cessation of our responsibilities to those brave fighters and workers who have made this so soon possible. Gratitude, as well as duty, now weigh in the balance. This money will be needed to even a greater extent upon the sudden release of military discipline and the involuntary "letting down" when an armistice is made and peace finally declared—than under the tension of striving for the survival of the fittest. Policing the borders, reconstruction work and transporting home will be long and tedious tasks—trying the mental, physical and moral fiber of every mother's son. These things must not be at the possible future expense of our certain future leading citizens.

Our Part and Your Part

The Portland organization must depend to a greater extent than in any previous campaign upon the generous, voluntary spirit of the people. The influenza epidemic will preclude the possibility of rousing meetings and the inspiration of bands playing. It will be a quiet campaign, but it MUST BE loyally responded to. Through the medium of the news and advertising columns of the papers—information and details of the campaign will be carried over the city. Circulars giving particulars will be distributed to every home and person. Read them and be prepared—in order that when one of our more than 4000 volunteer and unpaid workers calls upon you your knowledge of the need will be ample, and your contribution to this cause SUFFICIENT.

to activity and there is a probability that the most serious problem of the organizations of both parties has been solved, namely, that of getting the voters out to the polls. In the primary election Umatilla County's vote was extremely light. There is every indication that at the election Tuesday, the vote will be considerably larger. Umatilla County is normally Republican by an active majority of about 1000 and there is little doubt that the majorities here for the Republican candidate will reach close to that figure. Governor Withycombe will have a majority in this county, it is conceded. The estimates of his vote run from 500 to 1000 over that of Pierce. While the Democratic machine here is working hard for the West vote, there is little doubt that McNary will carry the county by about the same amount. Congressman Sinnott is unopposed. There are two candidates for County Commissioner, one from each end of the county. G. L. Dunning, Republican, of Stanfield, seems to have a considerable lead over his Democratic opponent, L. J. McIntyre, of Freewater. For Sheriff, T. D. Taylor, Democrat, is expected to be returned again to

office, though his Republican opponent, George Tonkin, district game warden, and his friends have been making a quiet and thorough campaign, the effect of which can only be known at the polls. Luu Hodgen, elected to the Legislature last year as an Independent, has something of an edge on his opponents, appears to be the favorite for the Governorship, while J. U. Campbell is expected to run ahead in the contest for Supreme Court Justice. Of the local offices, the only ones in which there are any spirited contests are for State Senator, Sheriff and Coroner.

CLATSOP CAMPAIGN IS QUIET

Chief Interest Centered Upon State Contests.

ASTORIA, Or., Nov. 2.—(Special.)—The political campaign in Clatsop County has been an exceptionally quiet one, due in part to the epidemic precautions which have prevented the holding of any public meetings. So far as the Congressional and state offices are concerned, the greatest amount of interest centers about the contest for United States Senator, Gov-

ernor and Supreme Court Justice. While the county is locked upon as safely Republican, and McNary will probably carry the county, West is a former Astorian, has many friends here and is certain to poll a big vote. Withycombe appears to be the favorite for the Governorship, while J. U. Campbell is expected to run ahead in the contest for Supreme Court Justice. Of the local offices, the only ones in which there are any spirited contests are for State Senator, Sheriff and Coroner.
