## General March Points Out How Germany Is Alone.

### YANK TROOPS IDENTIFIED

#### American Divisions Are Distributed All Way From Swiss Border to Near Holland Border.

WASHINGTON, Nov. 2.—The debacle of Germany's allies is being pressed to completion, General March said today, and the events of the past week in the world war have resulted in the concentration of enemy resistance in one nation.

Resistance of the Germans on the west front has continued and the greatest allied advance has been registered on the Italian front, where progress of 37 miles has been made. General March said the object of the allies on this front was the cutting of the Austrian line of withdrawal. "This has been accomplished," he added.

Units in Italy Identified. General March identified the American forces in Italy, where the 22d Infantry regiment, with ambulance battalions 5, 6, 11, 12 and 13, Field Hospital 192.

In addition there are certain air service training units.

The new Franco-American attack on both sides of the Argonne, already, the chief of staff explained, has progressed to such an extent that a decided pocket has been formed in the German lines, indicating the necessity of an early withdrawal from the northern portion of the Argonne Forest. This would bring the American forces with their heaviest artillery nearer the main German railway line through Stonay.

General March announced that influenza conditions among troops arriving in France have improved so materially that deaths from the disease have practically stopped. A recent transport convoy carrying 25,000 men arrived at the American port of debarkation, he said, with only 78 cases of influenza.

Regimental units identified and located by General March included the 14th Engineer, the 22d Infantry, the 2d Pioneer Infantry with the Fifth Army Corps in the same territory. These are not part of any division.

Divisions Are Located. General March said the 5th Division (Kansas, Missouri, South Dakota, Colorado, New Mexico and Arizona) was last reported in action October 29 between the Argonne and the Meuse.

The 25th Division (Missouri and Kansas) has not been in the front line since September, although it is attached to the First American Army.

The 32d Division (negroes from Camp Dodge) is on the line east of the Meuse.

The 37th Division (Ohio) had been on the line in the Vosges, but more recently its headquarters was reported in the Woivre.

The 38th Division (North Dakota, Minnesota, Iowa and Western Illinois), commanded by Major-General William Weigel, is on the line in the Belfort sector in Alsace, near the Swiss border.

The 26th Division (New England) has been in action east of the Meuse.

The 50th Division (West Virginia and Pennsylvania) has not yet been reported in action.

The 53d Division (Ohio and Western Pennsylvania) has headquarters at Lemans.

The 90th Division (Texas and Oklahoma) was reported in action with the First Army west of the Meuse on October 22.

The 39th Division (Tennessee, North Carolina, South Carolina and District of Columbia) is with the British in Picardy.

The Fourth Division (regulars) is west of the Meuse.

The 78th Division (New England and New York) still is acting as a depot division.

The 27th Division (New York) is with the British in Picardy.

#### Independent Socialists Hold Meeting and Demand Formation of Republic.

AMSTERDAM, Nov. 2.—Shouting "Down with Wilhelm," "Abdicate immediately," a crowd of several thousand, despite police efforts to disperse them, today reached the Royal Palace at Stuttgart.

Some mounted the palace railings, clamoring for disposing of the Emperor, according to the Weser Gazette.

After several scuffles and exchange of shots police drove the mob away.

The demonstration was the sequel of a meeting of Independent Socialists, which resolutions were passed demanding the establishing of a Socialist republic.

At a meeting of the Progressive party at Munich, Professor Grosse, a Deputy in the Landtag, declared "vital interests of the German people demand the Emperor's abdication."

A resolution was adopted demanding that the Emperor abdicate to attest the sincerity of Germany's conversion into a people's state.

#### OFFICIALS OF PORTLAND RAILWAY IN POLICE COURT.

#### Judge Rossman Warns Conductors and Motormen Against Permitting Overcrowding in Rush Hours.

Franklin T. Griffith, president of the Portland Railway, Light & Power Company, and 50 other officials and employees of the streetcar company were dismissed with a reprimand yesterday when they appeared in the Municipal Court on a charge of operating overcrowded streetcars.

Carmen protested that they were unable to keep the passengers from crowding at rush hours.

"You will obtain more leniency if you back a passenger's eye than if you crowd your cars," Judge Rossman announced. "I do not mean to encourage disorderly conduct, but I consider it a more serious offense to let passengers crowd than to throw them off for crowding."

Mr. Griffith was ordered before the court by Mayor Baker. The carmen were notified by the police.

#### Phone Service Congested.

VANCOUVER, Wash., Nov. 2.—(Special.)—On account of the quarantine at Vancouver Barracks tonight, the telephone service between Portland and Vancouver was seriously congested.

As soon as the quarantine was ordered, men who had made appointments with friends in Portland for tonight and Sunday resorted to the telephone to explain their enforced absence.

## A Little Store With a Big Ambition

Was my start over 17 years ago, an ambition to specialize in diamonds and to be known for having the finest stock and giving the best of values. Knowing an article well bought is half sold, I made connections with one of the largest firms, direct importers and cutters of diamonds, in America, a firm with a reputation for representing quality, weight and perfection.

"Their policy has been my policy." I have probably sold more diamonds in this time than any other Jeweler in the city, and my sales are growing larger every year, and so is my reputation as a reliable and dependable diamond merchant.
