

## PRISON PROBE TO LAY BARE WHOLE TRUTH

State's Attorney Brown Points  
Animus of Attack.

## INVESTIGATION THOROUGH

Large Amount of Testimony Given  
by Over 100 Witnesses Necessary  
to Prepare Report.

SALEM, Or., Nov. 2.—(Special).—The action of Governor Withycombe in the prison investigations has been that of a fair-minded, dignified Chief Executive of Oregon in search of the truth, the whole truth and nothing but the truth, declares Attorney-General Brown today in a statement baring the political animus which is behind the attacks on the Governor in posters being issued by Walter Pierce's campaign managers.

Intimation is there given that the Governor is withholding the report on the penitentiary probe for political purposes until after the election.

Attorney-General Brown virtually takes upon himself in his statement today responsibility for the result of the investigation not yet being made public, pointing out that more than 100 witnesses have been examined; that 696 pages of testimony have been taken down and that all this evidence must be studied with the greatest care and consideration before a report can be made that speaks the truth.

Investigation Thorough One.

In his statement today Attorney-General Brown says:

"Every effort has been made to complete a prompt, thorough and honest investigation of the so-called penitentiary scandal.

"With the aid of the District Attorneys of Multnomah, Marion and Linn counties, I have examined more than 100 witnesses and taken down 696 pages of testimony.

"All this evidence must be studied with the greatest care and consideration before a report can be made that speaks the truth.

"Gathering up witnesses from every corner of the state and subjecting them to rigid examinations and cross-examinations and weeding out from their testimony that which is incompetent takes considerable time which the people of the state should be willing to concede.

Governor Sought Whole Truth.

"Common right and fair play demands such an investigation as Governor Withycombe has requested, and such an investigation will be made regardless of political criticism.

"The action of Governor Withycombe in the prison investigation has been that of a fair-minded, dignified Chief Executive of Oregon in search of truth, the whole truth and nothing but the truth, and willing and anxious that the public may know the truth."

## CONTRACT RENEWAL UP

HUMANE SOCIETY ASKS SUP-  
PORT OF PORTLAND VOTER.

Officer of Organization Says All  
Proceeds Used to Better Lo-  
cal Conditions.

Every dollar taken in by the Oregon Humane Society is used in the way of going to improve conditions in the city, says Otto J. Kraemer, secretary-treasurer for many years, in urging Portland voters to vote for the renewal of the contract with the city for the carrying on of the pound.

"Before agreeing to the original contract, Mayor Aldrich carefully investigated conditions and strongly recommended its adoption," says Mr. Kraemer. "Mayor Aldrich, after visiting other cities where like contracts are in force, and studying conditions, recommends the renewal of the contract."

Persons suffering from catarrhal deafness, or who are growing old and find it difficult to hear, should know that this distressing affliction can usually be successfully treated by the use of a special medicine that in many instances has effected complete relief after other treatments have failed.

Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, put out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength). Take this home and add to it a pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure of the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing noises in their ears, should give this recipe a trial.—Adv.

RUB YOUR BACK!  
STOPS LUMBAGO

Don't Drug Kidneys! Rub the  
Pain Right Out With Old  
"St. Jacobs Liniment."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Liniment!" Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

the renewal of the contract. The city was authorized to make the original contract by a vote of 19,652 to 11,358.

"Most merciful and efficient methods of impounding and slaughtering dogs and other animals have been brought about by the society. Conditions in the pound have been materially improved and were never better. There is now very little cruelty to animals within the city limits, for which much credit is due to the humane society and its 40 years of humane teaching.

"An ounce of humane education is worth 200 pounds of policemen. No other state has better laws for prevention of cruelty than has Oregon, for which credit is due the society.

"The society within the state of Oregon has stopped docking of horses' tails, high checkreins, overloading of impounding and slaughtering dogs and other animals have been brought about by the society. Conditions in the pound have been materially improved and were never better. There is now very little cruelty to animals within the city limits, for which much credit is due to the humane society and its 40 years of humane teaching.

Unless the ban on assembling of crowds is lifted by next Tuesday election day, The Oregonian will not flash bulletins of the returns that night, as has been its custom. For the same reason visitors will not be admitted that night to The Oregonian's editorial rooms. The Oregonian regrets these restrictions, but they are unavoidable in the present unusual circumstances.

The Pacific Telephone & Telegraph Company has requested the public not to telephone for election day, as the telephone company's epidemic has cut down its working force and all available facilities are required under present conditions for emergency calls. As regards the Home Telephone Company, the situation is different, because of its automatic service, and The Oregonian will give out election news on the Home system. In case The Oregonian trunks are busy when you call, try A-5, the information number of the telephone company. As the polls do not close until 5 P. M., it is unlikely that any figures on the results in Portland will be available before 9:30 o'clock. Returns from the state at large will not be received before 11 o'clock.

teams and slaughter of songbirds. An automobile, a motorcycle and horse ambulance have been donated to the society and are used within the city for its benefit.

"Humane societies are helping the cities in the use of dogs and horses for war purposes. The Oregon society is no slacker. Vote ballot 500 yes and help the society only that the society may in turn better help you and the Government."

Common right and fair play demands such an investigation as Governor Withycombe has requested, and such an investigation will be made regardless of political criticism.

The action of Governor Withycombe in the prison investigation has been that of a fair-minded, dignified Chief Executive of Oregon in search of truth, the whole truth and nothing but the truth, and willing and anxious that the public may know the truth."
