

NEW ADMINISTRATION
IN DAVID ORGANIZING

Republicans Will Control All
Important Branches.

FARM LEGISLATION IS DUE

Legislation Will Be Under Control
of Republican Influence in
Next Session.

BOISE, Idaho, Nov. 16.—(Special)—The passing of the general election has brought into prominence the new administration that will come into power, and the inauguration of the next Legislature. In many respects the administration-elect is similar to the administration that is soon to pass, prior to its inauguration, for two years ago the Democrats went into power with control of all important elective offices and the Legislature, and the Republicans will have the same thing January 1, 1919. Their victory is even more complete than was that of the Democrats, for they have captured every state office. The incoming administration will be able to enact such policies as it desires to adopt, into law, for the Legislature will be under control of Republican influence.

Farm Legislation Favored.
The platform of the Republican party pledges it to the enactment of strong farm legislation beneficial to the farmer and agriculturalist. It pledges the party to pass laws that will help and strengthen labor. It is for the direct election of members of the public utilities commission, good roads and for re-establishment of the office of labor commissioner, for the control and promotion by the state of the development of the unused water power and the submission of an amendment to the constitution to the people to bring this about. What may prove to be one of the most important planks in the platform is the one declaring for intervention in the reclamation policy in order that homes and lands may be provided for returning soldiers.

Gooding Is Pleased.
Ex-Governor Frank R. Gooding, who is credited with making the fight for the Republican party and while being defeated himself for short term Senator, was able to shatter the forces of the Nonpartisans and bring about the election of the Republican state ticket, says he is glad he made the fight. "Someone had to make the fight," he said, "and I would rather have made it and lost than not to have made it and won, for after all the seat in the United States Senate is an empty honor compared with a place in the hearts of the good people of this state. There is only one thing worth fighting for in this world and that is the respect of the people. A public servant, or a man who serves the people as a public servant and retires from office without the respect of the good people of the state or nation would better have never served the people at all. The official count of the vote cast for Gooding is not as high as it has been, but it will likely show Senator Nugent's election by 600 to 1000."

Halsey Ranchers Rally to Relief of Neighbors.
Chancy Sickles Leads His Community as Best in the World.

HALSEY, Or., Nov. 16.—(Special)—Chancy Sickles, a farmer living south of this city, has joined the "Don't Worry" Club. He also has discovered that he has 19 or 20 of the best neighbors in the world. The Sickles family has been having a siege of the Spanish influenza. They were all ill, father, mother, daughters, son and son's family. And the Fall plowing was not completed, nor the grain in.

PIONEER PREACHER DIES
Rev. Joseph Hardin Cornwall, of Dallas, Succumbs.

DALLAS, Or., Nov. 16.—(Special)—Rev. Joseph Hardin Cornwall, one of the few remaining old-time circuit preachers, passed away at his home in the western part of Dallas this week, after a lingering illness of several months, due to old age and complications.

THEFT OF CLOTH CHARGED
Walla Walla ex-Convicts Held by Salem Officers.

SALEM, Or., Nov. 16.—(Special)—Tracy Cartwright and E. W. Benta, probably of many aliases, are under arrest here for stealing a bolt of cloth from a local tailor shop, but their arrest divulged that they are ex-convicts from Walla Walla and apparently "soldier fakers." Alleged forged Army discharges and other documents found on their persons indicate that they have been working on the sympathy of the people. Federal officers will be advised.

HOOD RIVER BOY Expert Rifleman.
HOOD RIVER, Or., Nov. 16.—(Special)—Charles F. Johnson, son of Sheriff T. F. Johnson, is now with a contingent of United States Marines at Galveston, Tex. The young man, graduated last Spring from the Hood River High School, qualified, after training at Mare Island, as an expert marksman. In a letter to his father he writes expressing hopes that he will be sent to France for duty.

Earl Weber Y. M. C. A. Director.
HOOD RIVER, Or., Nov. 16.—(Special)—Earl Weber, son of Mr. and Mrs. W. G. Weber, is stationed as a Y. M. C. A. recreational director at a spruce production division camp at Seaside. In a letter to his father Mr. Weber says he has been spending the week engaged in the united war work drive in coast counties.

UMATILLA ROAD FUND CUT

COUNTY COURT REDUCES BUDGET ESTIMATE TO \$135,450.

Other Departments to Co-operate and Consolidate to Lower Expenditures.

FENDLETON, Or., Nov. 15.—(Special)—Umatilla County's road fund this year again will be a small one, compared with that of other counties, for the reason that the 6 per cent increase allowed by law is taken up by increased salaries and increased operating expenses in other departments of the county administration, according to the announcement of the County Court today in submitting its budget for the coming year.

The court has trimmed everywhere possible along the line and at present has provided \$135,450 in the road fund. The fund last year amounted to about \$107,000.

The work of the county agriculturist and the county demonstrator of home economics this year will be lumped together in the budget with a fund of \$2500, and they, with the aid of the County School Superintendent, will have charge of the county industrial club work.

The County Library, the fund for which was increased \$2000 this year, will undertake this year to operate a system of circulating books among the schools of the county under the direction of the County Superintendent.

Provision has been made for repainting the Courthouse.

TRIBUTE PAID TO WOMAN
MISS KATHLEEN MILLS ELECTED TILLAMOOK TREASURER.

Candidate Wins as Result of Friendship Made While in County Clerk's Office.

TILLAMOOK CITY, Or., Nov. 16.—(Special)—Second only to the Senatorial contest at the election just past, in local interest, was the contest for Treasurer in this county, which resulted in the election of Miss Kathleen Mills, by a large plurality over three other contestants, all of whom were popular.

She won on merit and on her record of 13 years' continuous service as deputy in the County Clerk's office, where she served till Clerk Harrison took office, and gave her a vacation. The courteous treatment accorded all while she was in the clerk's office won her the election. Voters generally who had transacted business at the office were friends.

Centralia Boy Wounded.
CENTRALIA, Wash., Nov. 16.—(Special)—Mr. and Mrs. Jacob Jacobson, pioneer residents of Lewis County, living at Alpha, received word this week that their son, Corp. Henry A. Jacobson, has been wounded in action in France and is in a hospital. The soldier received a bullet wound in the hip.

OFFICERS MAY FILE SUIT
Legality of Recent Election in Klamath Falls in Doubt.

KLAMATH FALLS, Or., Nov. 16.—(Special)—In order to test out the legality of the recent city election and have the matter definitely determined before next Spring, an action brought in a friendly manner by officers recently elected would be welcomed by City Attorney R. C. Groesbeck.

His attitude is taken in view of the difficulty which has arisen in Portland, where a great difficulty is being experienced, several suits having been brought and one of the old officers refusing to hand over their keys of his office.

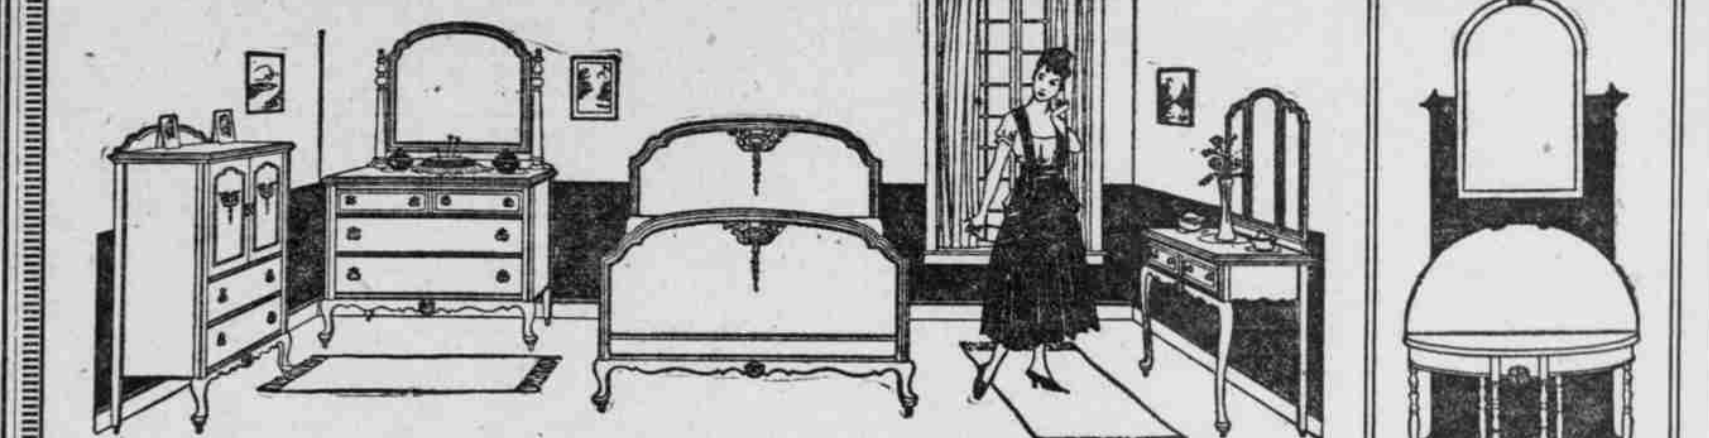

YAKIMA, Wash., Nov. 16.—(Special)—Officials in charge of the united war work drive in this city and county complain of the indifference shown by the wealthy and well-to-do, in contrast to the general and generous response of working people. The former, it is claimed, appear to think that the signing of an armistice and approach of peace enable them to "get by" with trifling subscriptions.

THOUSANDS NOW USING ANTI-FLU TREATMENT
New Solution Discovered by Georgia College Professor Designed to Kill Deadly "Flu" Germ—First Used It to Protect Own Family—Just a Few Drops Inhaled From Pocket Handkerchief Disinfects Nose and Throat.

AS announced in yesterday's papers, Wilson's Solution, the new preventive treatment for Spanish influenza which has been used in checking the epidemic in the South, is now on sale in Portland, and will be given as rapid distribution as possible throughout the United States. The solution, or "Anti-Flu," as it is more commonly called, was compounded by Professor Robert C. Wilson, in his home city, in the department of pharmacy of a leading Southern university, for the protection of himself and family against the malady. The immunity of the Wilson family and their circle of friends, which followed the use of the solution, and are recommending it to their patients.

THOUSANDS NOW USING ANTI-FLU TREATMENT
New Solution Discovered by Georgia College Professor Designed to Kill Deadly "Flu" Germ—First Used It to Protect Own Family—Just a Few Drops Inhaled From Pocket Handkerchief Disinfects Nose and Throat.

AS announced in yesterday's papers, Wilson's Solution, the new preventive treatment for Spanish influenza which has been used in checking the epidemic in the South, is now on sale in Portland, and will be given as rapid distribution as possible throughout the United States. The solution, or "Anti-Flu," as it is more commonly called, was compounded by Professor Robert C. Wilson, in his home city, in the department of pharmacy of a leading Southern university, for the protection of himself and family against the malady. The immunity of the Wilson family and their circle of friends, which followed the use of the solution, and are recommending it to their patients.

Although far more powerful than many other disinfectants now commonly used, it is non-poisonous, and the odor, although very pungent, is not unpleasant. A few drops of the solution inhaled from a pocket handkerchief at frequent intervals will disinfect the nose and throat. Professor Wilson strongly recommends spraying the nose and throat night and morning.

Glass of Salts Cleans Kidneys

If your Back hurts or Bladder bothers you, drink lots of water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. Adv.

Acid Stomach Causes Indigestion!
Instant Relief—So Why Worry
Gas, souring food, dyspepsia.
When your meals lay like lumps of lead and you belch acid, gases and feel sick and upset.
