

AMERICANS LEAD IN ADVANCE IN GERMANY

Twelve Miles Each Day Will Be Covered.

HUNS STEAL PROPERTY

Civilians and Officers Ask That Movement of Troops Be Made as Soon as Possible.

(By the Associated Press.)
WITH THE AMERICAN FORCES IN FRANCE, Nov. 16.—The American Army will begin to move toward Germany at 5:30 o'clock Sunday morning. The Army will travel about 12 miles each day.

To the Army just organized has fallen the honor of heading the first big unit of the allied occupational force. The advance will be made in columns. The Americans are following on the heels of the homeward-bound German forces.

Great quantities of civilian property are being carried away by the retiring Germans, according to Lieutenant M. K. Lockwood and Lieutenant D. C. Bebe, of the 20th Aero Squadron, who returned to the American front today after being prisoners in the hands of the Germans for ten days. The aviators were shot down November 4 in the region of Tannay, east of Reims, and were released by the Germans on Thursday.

Walking towards the American lines, Lieutenants Lockwood and Bebe passed great numbers of motor trucks and occasional guns and cannons abandoned here and there in the mud, but in every instance the value of the truck or gun appeared to have been destroyed deliberately. The aviators said the Germans were taking herds of cattle, crates of chickens and wagons loaded with household articles.

During the first few days the Germans billeted the aviators in Sedan, later removing them further back. The Lieutenants said their guards had their attention centered on the uprising in Germany and fretted because of the meagerness of news from Berlin. Two days after their capture the aviators said they heard soldiers "spoke" their officers and the guards repeatedly spoke disparagingly of the Kaiser.

The German soldiers heard little news from Berlin and other cities, as the wires had been tampered with by some element desiring to keep news developments from the army at the front.

The aviators had plenty to eat, but the food was of poor quality. Officials and civilians in villages in German-occupied territory are sending many messages to headquarters here, arguing that American troops start toward the Rhine as soon as possible. It is feared that after the Germans move back there will be trouble caused by stragglers.

Most of these messages have been sent with French and Italian soldiers who have been released from German prison camps.

BERNE, Switzerland, Friday, Nov. 15.—Field Marshal von Mackensen, who commanded the German troops occupying Roumania, has arrived with his staff and 1000 men at Hermannstadt, in Transylvania. PARIS, Nov. 15.—(Havas.)—French and American troops continue to move in their occupation of Alsace-Lorraine. Both forces continue their movements in the direction of Metz today, according to the Temps.

PARIS, Nov. 15.—(By the Associated Press.)—Belgian advance guards entered Brussels Saturday morning. The German troops, in accordance with the armistice, began moving out of the Belgian capital Friday and now are nine miles away, according to the correspondent of the Midi on the Belgian front.

PARIS, Nov. 15.—Allied forces are expected to enter Bucharest on Sunday, according to Jassy advices to L'Information. A triumphal reception has been prepared for them. It is said: The allies crossed the Danube on November 9 and easily overcame such resistance as was offered by German forces there. British troops have entered Constantza, a Roumanian seaport on the Black Sea, 60 miles southwest of the Delta of the Danube. There was great enthusiasm among the people when the British arrived.

General Berthelot, who commanded the French armies fighting around Rheims and later in the advance across the Aisne, is now in Roumania.

WHITE BREAD AGAIN.

There is genuine rejoicing throughout Portland since the food administration has authorized the bakers to discontinue the use of substitutes in making bread. The Log Cabin Baking Company has a further reason for rejoicing; they have recently installed the most improved wrapping machine obtainable. It wraps and seals 3000 loaves an hour. The Log Cabin will continue to use the Victory wrappers on their white loaves.—Adv.

DANCING

Taught by Professional Instructors.

DANCING CLASSES NOW OPEN.
AND PRIVATE LESSONS

De Honey's beautiful academy, 230 and Washington streets, a school where you meet refined people and learn from America's best professional dancers and instructors. Entirely different exercises should not be classed with the ordinary public hall or so-called dancing school.

DIFFERENT FROM OTHER SCHOOLS.
First, we do not teach before dancing parties begin or give short one-hour lessons. This is the only school teaching one lesson the entire evening, 8 to 11, where you receive the proper amount of practice.

Second, the only school with a separate hall and extra teachers, where backward pupils receive special attention.

Third, the only school with a system which gives you a chance to dance with dozens of different partners during each lesson—the only way to become a practical dancer—teaching the gentleman to lead and lady to follow.

Fourth, each step and figure of all dances are thoroughly taught, and as our classes are strictly private for pupils only, the most backward person will not become embarrassed.

Fifth, each pupil receives a printed description of all dances free.

Sixth, our beautiful academy is in the best residence location. You will meet refined people and we guarantee to teach you to dance in eight lessons.

This photo was taken of this group before it was necessary for them to scan the want ads. It is useless at this early date to venture the occupations they are liable to pursue, but it is generally understood that the French are most solicitous regarding their welfare and have offered them positions with the government. Most of the work will be done in overalls on the roads of that stricken country. It is believed the offer will be accepted, being regarded as the most likely of all offers.
