GUARD WILL APPEAL TO STATE EXECUTIVE

Armory Removal Order Brings Storm of Protest.

ADJUTANT-GENERAL SILENT

Members of Organization Say They Will Not Submit to Order Without Legal Decision.

Officers of the Multnomah Guard, including Coloned L. P. Campbell, commander, and Captain R. C. Dolbin, adjutant, last night declared that they would fight to the last ditch before they would submit to orders from Adjutant-General Beebe to vacate the

"We will take the matter into the courts if necessary," said Colonel Campbell. "We will make a test case Campbell. "We will make a test case of the ownership of the Armory and if we find that it belongs to the state—then the state will have to pay for it and we will ask the county to use the money it obtains from the sale to converting the Ice Hippodrome into an armory for the Multnomah Guard."

Colonel Campbell in interpreting the Jetter points out the following extracts: . . "I am compelled to request that your organization will vacate the building and arrange for quarters elsewhere." And farther on in the letter: ". . to the end that as rapidly as possible space in the Armory will be relinquished, and your organization wholly withdrawn at the earliest practicable date."

Adjutant-General Beebe, when asked about the letter yesterday, said: "The matter is now in the hands of the Governor and, as I am representing him, I cannot say anything more at this time." He then gave out a copy of the letter to Colonel Campbell for publica-

tion.

Multnomah Guard members yesterday began circulating a petition addressed to the Goyernor asking that the order to vacate the Armory be rescinded. One of the first signers was Rufus C. Holman, chairman of the Multnomah County Board of Commissioners, who remad after his signature: "Those who county Board of Commissioners, who penned after his signature: "Those who devotedly served in the hour of real peril should not now be repudiated."

Court Decision Is Sought.

"Adjutant-General Beebe, in his letter, has asked us to co-operate with him. We have done so. Companies A and B vacated the rooms in the Armory and B vacated the rooms in the Armory assigned to them during Adjutant-General White's administration for the National Guard and moved into the Ice Hippodrome. We were put to considerable expense in fitting up our quarters there. Later we shifted the band and another company to accommodate the guardsmen. We are not going to give up the Armory, however, without a fight. We are going to take the matter to the Governor and into court if necessary."

We are now confronted, however, by conditions which must be met if the state is to be in a position to fulfill the obligations imposed upon it by the United States Government in undertaking and carrying on the measures essential in accomplishing this re-

There will be no disposition to harshly received the matter to an unreasonably speedy conclusion, but I feel certain that in the attitude we are forced to take hecause of conditions permitting absolutely no other course, we will have your whole-hearted co-operation to the end that as rapidly as possible space in the armory will be relinquished, and your organization whosly withdrawn at the earliest practicable date.

WAR WORK DRIVE TO GO ON

Eleven States Have Subscribed Their Respective Quotas; Oregon's Total to Date \$688,000.

NEW YORK, Nov. 16 .- With only \$108,405,408 on hand towards its revised goal of \$250,000,000, officials of the united war work campaign announced tonight that the drive, sched-uled to end next Monday night, would be continued until Wednesday night. Eleven states have passed their quotas, according to telegrams received at National headquarters, but pending official confirmation none of these re-ports has been recognized. The 11 states which establish the

fact that they were first to pass their quotas will have the honor of having Y. M. C. A., Knights of Columbus or Salvation Army huts named after them. The 11 states which show the largest oversubscription will be similarly

A Talk by Rosenthal's on

Government Regulation and the Shoe Business

Every line of business is asked to co-operate with the Government. The shoe trade has been asked to curtail the number of styles in order that capital, labor, materials and transportation may be released. The Government has asked us to in turn seek the public's co-operation in making these regulations effective.

Unfortunately, false rumors, detrimental to the wearers of shoes, have appeared in the newspapers and we feel it our duty to state the facts as they are.

Shoe manufacturers have been asked by the Government to limit the class of materials and amount of labor expended in the making of shoes in order that shoes of good value and assuring a fair profit to maker and retailer may continue to be sold. Of necessity, however, this will eliminate, after present stocks are sold, all shoes of the very highest grades, which necessarily must retail at prices higher than will be charged for shoes restricted in style but which will not be on sale until some time in the future.

We have been asked by patrons if it is not "unpatriotic" to wear certain types of shoes. We answer that all shoes are patriotic shoes, for the Government expressly desires us and all shoe retailers to sell all shoes on hand at prices now prevailing.

After present stocks are exhausted certain beautiful and daintily colored shoes, now extremely popular, will not be obtainable. These were made in exact conformity with Government restrictions. When they are gone you cannot obtain them, however, at any price. Included in these numbers are the beautiful gray kid, two-tone and medium brown boots with French heels and turned sole boots. If you prefer these shoes of distinctive character and at present moderate prices you should take advantage of this opportunity.

Price and style restriction will affect all shoes-men's, women's, misses' and children's alike. And prices will be higher, quality considered, after present stocks are ex-

We have pledged ourselves to the Government patriotically to conform with the shoe restrictions, and have applied for a PLEDGE CARD which we will show in our window upon its arrival from Washington.

All shoe stores-wherever shoes are sold-have been asked to co-operate and to seek your co-operation, as we are
