

### COLLEGE PREPARES FOR READJUSTMENT

Change in Courses to Follow S. A. T. C. Demobilization.

### HOUSING PLAN CONSIDERED

Women Again to Occupy Dormitories and Fraternity Men Plan to Return to Former Quarters.

OREGON AGRICULTURAL COLLEGE, Corvallis, Nov. 30.—(Special.)—The demobilization of the Student Army Training Corps at the Oregon Agricultural College by December 21 will make a vast difference in the life of the college. Already plans are being considered for housing and other adjustments. At the beginning of the year the men's fraternity and club houses were turned over to the women and the girls' dormitories were taken over as barracks. Many possibilities for housing the men and women are now being considered and a decision will be made shortly. The fraternity men held a meeting this week with Dean George Peavy, chairman of the student affairs committee. It is evident that the boys will return to their normal fraternity life in houses. The question of finance will be considered.

Reorganization is Planned. It seems that the men will obtain board at the student hall, recently put up to accommodate the Army unit. If the men return to their houses, the dormitories—Waldo and Caithorn—will be arranged once more to accommodate the girls of the school who are not living in sorority houses.

The academic work of the college will be reorganized to meet the new conditions which have arisen. Plans are being made to offer special training to class B men who are able to do advanced work, but who have not sufficient high school credits to give them college standing. Courses for class A men will be arranged in all departments, as before the coming of the S. A. T. C.

### Normal Life to Be Resumed.

With the return of regular college life many time-honored student customs are to return. Class functions, solemn rites and privileges will be features. The soldiers are now being removed from the two gymnasiums where they have been quartered, and it will be possible again to hold large student body dances and other gatherings. The gymnasiums will be put to their original use, and classes for men and women in regular and corrective gymnastics will be resumed.

Seventeen different dishes graced the Thanksgiving table at the S. A. T. C. mess hall Thursday when several hundred hungry boys assembled for dinner. Food in abundance, well cooked, was set before the boys who were unable to go home, and a real Thanksgiving dinner was enjoyed by every soldier in the unit. The boys filled their plates repeatedly. The menu included roast pork, sweet potatoes, cranberry sauce, dressing, kraut, beet pickle, bread, crackers, oyster soup, celery, olive gravy, apples, pineapples, plum pudding and cocoa.

### DENSMORE SOUGHT BY JURY

SECRETARY WILSON URGED TO PRODUCE WITNESS.

Labor Unions Renew Determination to Strike if Leader Is Not Pardoned by Governor.

SAN FRANCISCO, Nov. 28.—Efforts to secure the appearance of J. B. Densmore, Federal Director-General of employment, before the county grand jury to explain his charges of irregularities in the Rena Mooney prosecution, were continued here today with the sending of a telegram to Secretary of Labor Wilson by Presiding Judge E. F. Mooney, of the Superior Court, asking for Densmore's appearance.

The International Workers Defense League, which is handling the financial phase of the bomb cases, in which Mooney is a co-defendant with her husband, Thomas J. Mooney, reported renewed determination on the part of the workers throughout the country to strike on Mooney's behalf. Mooney is serving a life term in San Quentin prison, following his conviction for murder in connection with the bomb explosion. His original sentence of death was commuted by Governor Stephens.

The San Francisco Labor Council will meet tomorrow afternoon to consider further action on Mooney's case. Cases against Mooney, his wife, Mrs. Rena Mooney, Warren K. Billings, Israel Wineberg and Edward Nolan, indicted on charges of murder in connection with the Preparedness day bomb explosion, beside those on which some of them have been tried, came up in Superior Court today before Judge Franklin Griffin. None of the defendants were present, either in person or by counsel, and the cases were continued one week.

SEATTLE, Nov. 25.—Without leaving a forwarding address for his mail or any intimation of his destination, John B. Densmore, Federal Director-General of the Employment Service, has apparently left Seattle. It was generally believed in Government circles here that he had left for Washington, D. C., although it is known he is wanted by the grand jury of the city and county of San Francisco, to appear before it in connection with his report in the Mooney case, which also charged irregularities in other civil cases in San Francisco.

### HOLD-UP STORY SCOUTED

Man Shot in Back Charged With Attempted Wine Theft.

Curtis E. Larson, 184 1/2 Portsmouth avenue, who told the police Friday night that he had been shot in the back by a highwayman who tried to rob him, and Joe Vandervall, 1661 Clarendon street, while they were riding in an automobile at the foot of Fiske street, was yesterday accused of attempting to steal a keg of wine from Frank Chioesi, who lives near the scene of the shooting. Chioesi admits shooting Larson, police say, but maintains that he did it to defend a choice beverage which he had preserved from "wet" days.

Vandervall was arrested yesterday by Inspectors Morak, Coleman, Mallett and Tichenor. Police say both men confessed that they were trying to steal the wine when Chioesi opened fire with a shotgun. Larson is in St. Vincent's Hospital. His injuries are not serious.

Five of the boys stole an automobile from Adam Burns, east of Salem. They were recaptured late last night by Sheriff Needham. These were Ralph Calhoun, Wallace Crews, Rex Swager, Abe Little and Fred Biggs. Swager is from Milwaukie, Little from La Grande and the other three from Portland. Percy Lute was captured by men from the school at Turner. August Larson gave himself up by returning to the school on his own volition. Three other boys were taken near Woodburn tonight.

### SHE DARKENED HER GRAY HAIR

Well-Known Lady Tells How She Darkened Her Gray Hair by a Simple Home-Made Remedy.

Mrs. E. H. Boots, a well-known resident of Buchanan County, Ia., who darkened her gray hair by a simple home-made remedy made the following statement: "Any lady or gentleman can darken their gray or faded hair, and make it soft and glossy with this simple remedy, which they can mix at home. To half a pint of water add 1 ounce of bay rum, one small box of Barbo Compound and 1/4 ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. This is not a dye, it does not color the most delicate scalp; is not sticky or greasy and does not rub off. It will make a gray-haired person look 10 to 20 years younger."—Adv.
