Senator Lodge Asks Postponement of Discussion.

NATION'S DIVISION FEARED of the House.

Secret Diplomacy, Freedom of Seas, Economic Barriers Are Among Number.

WASHINGTON, Dec. 21 .- Five President Wilson's 14 principles peace were held up in the Senate today by Senator Lodge, the Republican leader, as questions which might lead to division among the nations which have conquered Germany and which certainly should be postponed until after the peace conference. They relate to secret diplomacy, freedom of the seas, economic barriers, reduction of armaments and the league of nations.

The Senator recalled that no treaty can become binding upon the United States without the Senato's consent and declared that untoward results could be avoided only if the Senate expressed itself frankly in advance.

"While I think it a grave mistake," he said, "on the part of the President to ignore the Senate because our ultimate responsibility in making the peace is quite equal to his own, I have no fault to find with his not appointing Sena-tors as delegates to the peace con-

Views Should Be Known. "In the present situation," he said, "I think it is of last importance that those concerned in the actual negotiathose concerned in the actual negotia-tion of the treaty should at least know the views of the Senate, so far as the Postmaster-General, in control of the cables, and Mr. Creel, in control of the news, will permit."

In his discussion of the freedom of the seas the Senator called attention at the seas the Senator called attention in Poland, especially as should be barred from the mails and what should be excluded under the nection with the pending naval appropriation bill—the advocacy by Rear Admiral Badger of a programme calling for a Navy as large as that of England by 1925. "We need a powerful fleet in the Pacific, and I feel sure we will have a Navy sufficient to furnish that fleet to the Western Coast."

Of suggestions that a great Navy is

of suggestions that a great Navy is needed for police duty in connection with the league of nations, the Senator said he would "not stop to ask who is to order that Navy about the world. "Peace being our object, terms must be exacted which will make it, so far as human insight goes, impossible for Germany to break out again upon the world. This cannot be done by treaty engagements and signatures to documents.

They really wish to form a state within a state, yet they intend also to take part in our own political life. It is absurd.

"They are now interfering with our new government and attempting to divide our political parties. There are five Jewish parties. The largest is the orthodox, but the Socialist party, which is divided in Bolsheviki and Radicals, is very active.

Heavy Indemnities Demanded.

"In addition to these guaranties there must be heavy indemnities paid by Germust be heavy indemnities paid by Germany for the ruin she has wrought in Belgium and Northern France and in Italy, and for her destruction of vessels, both neutral as well as beiligerents, through the use of submarines. "It will be for the peace conference to determine what disposition should be made of the German colonies, but one thing is essential, and that is they should not be returned to the tyrannical misgovernment of Germany and that she should be deprived of those means for extending her commerce and building up military outposts in all parts of the world." parts of the world."
Of the league of nations, Senator
Lodge said no definite plan has yet
been put forth that would not cause
indefinite controversy.

"The attempt to form now a league of nations with power to enforce its decrees," he said, "can tend only to embarrass the pence that we ought to make at once with Germany. If it were successful and ... were to come before the Senate, it might endanger the peace treaty and force amendments."

Attorney, agreed that the matter should go over until Monday, when Duncan be detectives, was to be questioned regarding statements he was alleged to have made that there was not enough evidence against Nolan to justify any indictment.

"Are we prepared to allow any asso-ciation of nations by a majority vote to order the troops and ships of the United States to go to war? Unless we are prepared to do so, we are not pre-pared to join a league of nations which

la going to enforce peace."

In urging the postponement of the question of freedom of the seas, Sentor Lodge said it was another undefined question.

Treaty Cannot Exist.

Discussing secret diplomacy, the Senator said this point of President Wilson need not be incorporated in the peace trenty, because secret treaties never have and cannot exist in this country. Urging postponment of action in the matter of economic barriers, he said it "opens a wide field of discussion," and "its settlement is not in the least essential to ending the war by a peace with Germany."

(Rainbot tor of a Ryan, w March, Colons named a duction, and sits settlement is not in the least essential to ending the war by a peace with Germany."

Russia, Senator Lodge declared, presents an important problem in connection with the world peace and reconstruction which cannot be shirked. All civilized nations, he urged, must aid in restoration of Russia.

Congressional Recess Approved.

WASHINGTON, Dec. 21.—Plans for Congressional recess, beginning next week, and continuing until January 2, were approved today by the House.

In one of his extemporaneous statements Senator Lodge said:
"The only alternative, if we are to have a league of nations, to travel all over the world settling disputes, is that all nations would have to be on the same footing and the Monroe Doctrine would have to be abandoned."
When the Senator concluded he was congratulated by several Senators, including Democratic Leade. Martin and Restoration of the Mailing Privliege to Anti-War Literature Favored.

CHICAGO, Dec. 21.—Frank P.
