

NEW YORK STRIKERS WILL RESUME WORK

Marine Workers Comply With President's Request.

MEN READY TO ARBITRATE

Government Operation of Boats Possible if Owners Refuse Offices of Labor Board.

NEW YORK, Jan. 11.—The marine workers, whose strike has tied up the port of New York for three days, voted tonight to return to work as soon as possible, in compliance with the cable request of President Wilson, according to an announcement tonight by Stephen J. Condon, secretary of the Marine Workers' Affiliation.

Mr. Condon also said that the strike committee had ordered word sent immediately to all members of the affiliation that as many as possible should return to work tomorrow morning. He added that the committee had agreed to leave the whole controversy for settlement by the National War Labor Board, which is expected to meet Monday morning at the latest.

WASHINGTON, Jan. 11.—The Government stepped in today in an effort to end the tie-up of shipping in New York harbor caused by the strike of marine workers on demands which the boat owners refused to arbitrate. At the request of President Wilson and with the assurance of the War and Navy departments, the Railroad Administration and the Shipping Board that they would abide by whatever decision was made, the War Labor Board agreed to take up the case anew, despite the attitude of the employers. Arrangements were begun for a hearing Monday at New York and official request was transmitted through the labor department to the strikers that they return to work pending a decision.

Federal Operation Possible. Much discussion was caused by the possibility of the boat owners refusing to accept the good offices of the War and Navy departments. The packers entrenched themselves when the police arrived and the Seventh Infantry was sent to reinforce the police. At nightfall the two opposing forces were still lined up in battle formation. Meat supplies were taken to the public institutions late this afternoon under heavy cavalry escorts. The food situation is critical, for anarchists have threatened to kill, and are killing, anyone attempting to distribute food of any kind. They have even drawn a cordon around grocery stores and pharmacies. The newspapers demanded that the government requisition the meat stored in the packing-houses.

Unbacked Anarchy Reigns. Throughout the entire day the city was in the hands of unbacked anarchy. There was no longer any semblance of law or order among the rioters, who committed all manner of murder and violence, single-handed or in groups, at will.

A milkman, delivering milk at the Plaza Hotel was approached by a lone individual who put a revolver at the milkman's head and fired. The man walked around the dead body, and placing his revolver in his pocket, continued his way. An old woman, with a market basket, was seeking food. She was attacked by two men, one of whom cut her throat.

Fighting was renewed in all parts of the city before noon and in the evening there were several pitched battles along the Avenida de Mayo. The 5th and 12th Cavalry, recruited to maximum strength, were sent in from Salta Province and are due to reach Buenos Aires tomorrow.

Many Russians Arrested. General Delleplane, as soon as he saw that the lawless mob intended to continue fighting, issued orders to the army and police to requisition all automobiles required, and all day troops were rushed from one scene of disturbance to another. General Delleplane also ordered the arrest of Russian anarchists wherever found agitating. As soon as taken into custody they were interned aboard warships in the harbor. It is understood that they will be deported under the law which permits the government to deport without trial any foreigner whose presence is considered detrimental to the public welfare.

Fighting persisted throughout the day in the Russian section, where many citizens joined the troops in arresting anarchists.

The question of food became very serious late in the day, not even enough supplies being distributed to feed the soldiers.

72 KILLED; MANY INJURED. Fighting is General in Streets of Buenos Aires.

BUENOS AIRES, Jan. 11.—Seventy-two persons were killed, 31 were gravely wounded and more than 800 received minor injuries in the fighting which occurred here yesterday and last night as a result of the general strike, according to figures compiled at 3 o'clock this morning. Firing was incessant in all parts of the city from 7 o'clock until midnight.

Shortly before midnight the telephone and telegraph lines to Mar del Plata, a fashionable suburb, were cut, and it is feared that the situation there is serious. Many of the city's wealthiest families are there and the season is at its height.

The Congressional place was the scene of hot fighting, in which the government troops were successful only by the free use of machine guns. The Palace of Justice also was attacked. The Palaza Mayo, in front of the government palace, is filled with troops.

"LOJU" HELD TO BE FOOD Representative Hawley Works to Eliminate 20 Per Cent Tax.

OREGONIAN NEWS BUREAU, Washington, Jan. 11.—Representative Hawley has secured an agreement from some of the House conferees on the revenue bill to stand with the Senate conferees for the elimination of the 20 per cent tax on loganberry juice, which, it is believed, would destroy the loganberry industry in the Northwest. The House conferees are asked to take the position held by the Senate that loganberry juice is a food product rather than a beverage.

JUDGESHIP IS AT STAKE

RECOUNT OF VOTES IN COLUMBIA COUNTY TO BE MADE.

First Election Contest Creates Much Interest; Case to Be Heard on Its Merits January 27.

ST. HELENS, Or., Jan. 11.—(Special.)—A recount of the votes cast at the last election will be made to determine whether W. J. Fullerton, Democrat, or Charles White, Republican, will occupy the office of County Judge. Fullerton is now in office, having succeeded Judge S. C. Morton.

White filed contest proceedings alleging irregularities in election board and illegal votes being allowed to be cast. Attorneys for Fullerton filed an answer setting forth the facts and so far as sufficient upon which to base a contest, and moved that the case be dismissed. Judge Eakin took the matter under advisement for a few days and then overruled the motion and set January 27 as the day to hear the case "on its merits," which virtually orders a recount.

BRITISH PRESS BARKS AT PREMIER'S HEELS

Cabinet Criticised as Lloyd George Goes to Paris.

U. S. AND ENGLAND AGREED

League of Nations Idea Said to Be Supported, and Now France's Consent Is Desired.

BY JOSEPH W. GRIGG. (Copyright, 1918, by the New York World. Published by Arrangement.)

LONDON, Jan. 11.—(Special Cable.)—Premier Lloyd George left today for Paris, accompanied by the Colonial Premiers and members of the Indian delegation. Bonar Law made a flight to Paris in an airplane. Japanese Ambassador Chinda and staff also have departed for the peace conference.

The Premier left with practically all of the British press backing his heels over his Cabinet-building operations. Some of his staunchest supporters are trying to soften the criticism by saying it is a stop-gap Cabinet and that after the conclusion of the peace deliberations a considerable part of it will be scrapped and new material substituted. This optimistic view is not held by the Liberals.

RAILROADS WILL BE SOLD

SPRUCE PRODUCTION BODY TO ADVERTISE FOR BIDS.

Locomotives, Cars, Tracks and Other Equipment From Five Logging Lines Placed on Market.

Dismantled railroads are among the articles that will be sold in the next five weeks by the United States Spruce Production Corporation. Any aspiring capitalist who cares to bid high enough has the opportunity to walk away with locomotives, cars, track—everything needed to set him up in the railroad business.

Five logging lines, which can be of little further use, are being torn up and the equipment assembled at Vancouver, where most of the great array of machinery of the Spruce Production Corporation—running well into seven figures in value—is being assembled for inspection. The lines being dismantled are those known as the Elk River, Wassek Creek, Nema, Nasel and Toledo roads.

PERSONAL MENTION.

Two veterans of the Cuban and Philippine wars, and both officers in the regular Army, met in the Multnomah lobby yesterday. One was Colonel William G. Gembril, from the Presidio of San Francisco, who is here on the semi-annual inspection of Vancouver Barracks, and the other was Lieutenant W. B. Marston, who came up from the ranks after 17 years with the old Seventh, thirtieth and twenty-third infantry regiments. The Colonel said he might be a little partial, but if he was in a tight place he would rather have 100 Yanks back of him than 400 of any other nation he ever knew anything about. Lieutenant Marston is the soldier who captured and tamed the famous bear cub that was afterward known as the largest silver-tip in captivity—when the press agent of the

Ellitch Gardens in Denver was advertising it.

Major-General J. L. Chamberlain, from the Adjutant-General's office, Washington, D. C., registered at the Hotel Portland yesterday. He is supposed to be on his way to Camp Lewis to preside at court-martial.

Major and Mrs. F. M. Emerson, of Camp Lewis, arrived at the Imperial yesterday. The Major is believed to be on an investigation of spruce.

H. G. Newport, contractor, of Hermiton, is at the Perkins.

Homer A. Rogers, proprietor of the Mount Hood Lodge at Parkdale, is at the Benson.

A. M. Runnells, a banker of Joseph, is at the Imperial.

Lieutenant H. P. Tichenor, of the Bremerton Navy-yard, who is at the Imperial, believes Secretary Daniels is giving a lot of personal attention to reducing expenses of the American Navy. Recently Lieutenant Tichenor sent a requisition for the purchase of 40 books of commutation tickets between Bremerton and Seattle. A few days ago the requisition was returned with the notation on the back: "Please get along with 20 books until June 1. Josephus Daniels." How the requisition ever got to the desk of the head of the Navy is a mystery.

Frank Brown, of Carlton, famous Oregon breeder of shorthorns, was among yesterday's arrivals at the Imperial. Representative Crawford was a member of the Legislature which elected Henry W. Corbett to the United States Senate.

Mr. and Mrs. James Twoly are in the city from Seattle and are registered at the Benson.

T. J. Thrift, who will represent Coos County in the Legislature, has been spending a few days with his daughter at Washougal and is now at the Imperial.

Complete mills are to be offered in the sale, bids for which will be opened on February 15. The equipment which would have gone into the Lake Pleasant and the Angeles Government mills will all be found at the Vancouver yard. Machinery and equipment of the Toledo mill is being left undisturbed, but is for sale.
