# THRIFT PRIZE GOES TO JACKSON COUNTY

School Children Make Best Showing in 1918 Campaign.

WORK TO BE CONTINUED

1922 Youngsters in County Save and Deposit 10 Cents Per Week for Year.

Corvallis, Jan. 19.—(Special,)—Jackson County won the \$59 prize in the thrift campaign conducted by the school obliders of the state during last year under the suspices of the Gregon under the auspices of the Gregon Bankers' Association, the Oregon State Teachers' Association, the Oregon Department of Education, the United States Department of Agriculture and the Oregon Agricultural College through the boys' and girls' club work department. Thousands of children were interested in the campaign and began habits of thrift which are expected to mean much to Oregon in the future.

The work has proved so successful

Those keeping personal expense account, or who assisted their parents in keeping household or farm accounts numbered 1878. The total number of activities reported by G. W. Ager, County Super-training. Upperclassmen will probably 250 men at least will take the training. Upperclassmen will probably a ratio of more

pupils enrolled.

The thrift movement is expected to mean much in the promotion of business enterprise and industry in Oregon. It is expected that a definite place will be assigned in every public school programme for the teaching of thrift. The basis on which the prize was awarded to Jackson County was the summarised report of the superintendents, which was made up from individual reports of pupils taking part in the contest. Wasco, Linn and Union Countless were highly complimented for

Deal With Municipality.

PENDLETON, Or., Jan. 11.- (Special.) - Members of the Pendleton City Council may continue to sell goods to the city when the need arises, is the decision of the new council. A motion to stop such practice was defeated by that body by a vote of five to two at the first regular meeting.

It was pointed out that the Mayor to the only dealer in electrical supplies in posed would make it necessary to go out of the city for supplies and serv-ices of that nature. The city charter places some limitations on this pracmembers of the council have taken advantage of their opportunity in this di-

# IDAHO LEGISLATURE IS READY FOR BILLS

First Week of Session Disposes of Routine Business.

PLEDGE IS DISPOSED OF

Majority and Minority Indicate De sire for Speedy Transaction of Business.

BOISE, Idaho, Jan. 11.—(Special.)— The first week of the Fifteenth Idaho The first week of the Fifteenth Idaho Legislature finds that body well organized to feed administration and other necessary and important bills into the hopper. For a body composed largely of new men, it has done remarkably well. Not only has it disposed of one important pledge which both the Republican and Democratic parties promised the people in their respective platforms—ratification of the Federal Constitutional prohibition amendment—but it has started on the way a number of other timely and important measures.

With both the majority and minority there seems to be a ready disposition

The work has proved so successful that the Oregon Bankers' Association will not enty again offer \$50 in cash to the county making the best showing, but has voted \$109 for the printing of pupils' record books. The State Teachers' Association is preparing to publish a report of the work accompilished in the last year, and plans for future work.

Deposits Are Made.

Ination of the underclassmen of the university and minority and minority into four companies of the reserve officers' training camp, the university started its programme of combined military work and athletics for the men this year. Drill hour was decided as 3:20 on Monday, Wednesday and Friday afternoons. One term of credit will be given for this work. In addition, the men will do two hours a week athletic work.

The upperclassmen with whom en-

Deposits Are Made.

One thousand nine hundred and twenty-two children in Jackson County saved and deposited in banks or possofices an average of 10 cents a week during the year. An average of three hours or more a week was devoted by 1261 pupils to home industries, including food production or preparation, such as gardening, poulty-raising and pig-raising, fruit-picking, cooking, canning, sewing and carpentry. Written work on thirft was prepared and submitted to teachers, County Superintendents or to some newspaper for publication by 1762 children. Readings, recitations and debates were given in thrift programmes by 1878 youngsters.

Those keeping personal expense accounts, emb project account, or who have the project account, or who have the project accounts numbered to president Campbell is that their parents in keeping has been definitely determined, but the same of first reading and later passed under superson of the ruling majority—the Republican members—well in hand.

First Week Busy One.

Summarized the initial week's work may be presented in the following disease for intention of covernment rulings. The prerequisite for envolument for upperclassmen is two academic years of service in the selection of Speaker Kiger. Had introduced and passed by unanimous vote the House resolution to ratify the service.

House—Organized Monday with the selection of Speaker Kiger. Had introduced and passed by unanimous vote the House resolution to retrieve the men must sign up for five hours a week of drill if they are to receive pay and must also agree to take the men and sale of intoxicating liquors. Heard the strong measures especially dealing with the strong measures especially dealing or on seven to underclassmen has been held that the produced and passed by on first reading and later passed un-der suspension of the rules House bill No. 1, appropriating \$75,000 to meet the expenses of the Legislature. Held memorial services in honor of the late Theodore Roosevelt, after passing reso-lution of sorrow. Received memorial to those Senators in Congress opposed

## "Learn Something New Each Day"

Something Good and Useful for Yourself and Others-

"Rules" Travel Beaten Paths; "Exceptions" Blaze New

Tell us what you have FOUND OUT, not what you have "dug out" of textbooks. We know the "rules"-know what to do when everything happens "according to Hoyle," but what we ALL lack is originality, initiative—the power to analyze the unusual and make rules for the "exceptions."

This year the "flu" baffled the ablest efforts of our most learned physicians-there was no "rule" to go byand therefore no specific.

The "exception" is filling graves because it is an "exception."

Next year impotence on the part of the medical profession may be termed "incompetence"; we MUST have a specific; the "EXCEPTION" MUST BE A "RULE."

Let some scientist make his name immortal by leaving

the beaten path long enough to find the cure in the unexplored wilderness. Ever since dentistry was in its infancy dentists have

searched for a PERFECT local anesthetic, one that AL-WAYS worked, one that was ALWAYS safe, one that NEVER produced bad after-effects and one that was in-

I have not found the "PERFECT" ANESTHETIC, but I have perfected one that more nearly represents the ideal than any other I have ever seen or heard of.

I did not find it in the textbooks, either; it was and is the result of countless experiments carefully made in actual practice; it is not a "rule," it is an "exception" in an exceptional dental office.

MY WORK IS GUARANTEED ABSOLUTELY. Examination and estimates free. Work completed in ONE

DAY when practicable and necessary.

Health Authorities Alarmed At Increasing Death Rate From Kidney Diseases

60% of 100,000 Deaths Each Year Are Due to Neglect

In our pursuit of the mighty dollar, we too often are absorbed in the topics of the day, pleasure, etc., to stop and consider our health. Stop now—think-kidney diseases caused 400,000 deaths last year. Are you going to be included in this year's toll? Why, you will exclaim, do so many die, why are the health authorities so concerned? The answer is, we bolt down our food, take no exercise, neglect our sleep and otherwise subject our system to all sorts of abuse. Is it any wonder, then, the kidneys become diseased and fall in their duties of poison elimination?

Poisons are constantly being created in our bodies, and if the kidneys fail to carry them off they are absorbed by the blood, causing ill health and misery in the form of headaches, backaches, tired feeling, indigestion, etc.

You may avoid considerable suffering if you heed nature's warnings and as-
