

# HARD-PAKED FACTS

## AND NO GETTING UNDER OR AROUND THEM

FACTS SO GLARINGLY APPARENT, CONDITIONS SO CONVINCINGLY EVIDENT, THAT NO ONE SHOULD IGNORE THE REASON FOR THEM

Without any attempt at bragging, we hereby submit to you a few real and genuine facts.

**FIRST**—We are the builders and sellers direct of one of the few REALLY and GENUINELY HIGH-GRADE pianos (of today).

**SECOND**—No condition can arise, or exist, which will convince us that our policy of (build the best at whatever cost) is wrong, for we have proved, at no little expense to ourselves, that our policy of building the best that money can buy is the only one upon which to establish a successful business.

**THIRD**—This policy adopted and rigidly adhered to since the inception of the Bush & Lane factories has created an unprecedented demand (BY PIANO DEALERS THROUGHOUT THE COUNTRY) for the selling rights of the famous Bush & Lane Pianos.

**FOURTH**—Our determined fight against the cheap and worthless stencil piano is too well known to elaborate on it here, suffice it to say that every piano built in the Bush & Lane factory bears our name and guaranteed by us. (NOTE—The makers of stencil pianos dare not insert their name and address anywhere in or on the piano.) THERE IS A REASON.

**FIFTH**—Since 90% of the public know little or nothing about the interior construction of a piano, it is safe to say that the buying of a piano becomes a matter of guesswork. For this reason, we would suggest that you inquire into the "character and standing" of the makers; this procedure should assist you in making a satisfactory and safe investment, for pianos cost considerable money and should not be gone into blindfolded.

**SIXTH**—The maker of "good goods" has his reputation at stake, while you have your money at stake; both should have interests identical.

There are a few pianos that (supposedly) stand aloft from the common brood. They are the "so-called" (old, honorable and artistic makes) and for one reason or another have, in times long ago, found their way into the better homes. The makers of these pianos have not been slow in offering their pianos for use on the Concert Stage, paying the artists huge sums of money, receiving in return written testimonials, with which to further the sale of their pianos. Whether there is any merit in this (peculiar) method of advertising remains to be seen; for instance, a number of the "so-called" old, honorable and artistic makes can be found offered for sale in the second-hand columns of almost every piano dealer in the country at ridiculously low prices. Why this almost frantic desire? to unload these "worthy and artistic" pianos by every dealer in the country at these silly prices.

During the past few years we have accumulated many thousands of piano advertisements clipped from newspapers from all over the U. S., and we find in nearly every advertisement items such as the following: "A VERY HIGH-GRADE (so-and-so) PIANO, costs new \$750.00, only few months old, now only \$265.00"; also, "THE WORLD'S BEST PIANO, like new, cost originally \$950.00, now only \$315.00, terms, etc." Yet in all these thousands of second-hand piano advertisements taken from thousands of different newspapers, we do not find A SINGLE BUSH & LANE PIANO offered for sale in the second-hand advertisements. (NOTE—The above mentioned advertisements can be seen at our store.) It is very evident that Bush & Lane Pianos give complete and lasting satisfaction, since there are none to be found offered for sale second-hand.

### PASTOR NOW POLICE JUDGE

DR. ALBERT BUXTON ASSUMES DUTIES JANUARY 27.

Official Is Graduate of Medicine and Law and Long Prominent in Church Work.

CENTRALIA, Wash., Jan. 25.—(Special.)—Dr. Albert Buxton will assume his duties as Police Judge here on January 27.

Dr. Buxton, who recently tendered his resignation as pastor of the First Christian Church, came to Centralia a year and a half ago. He graduated from Brown University, where he was a classmate of Charles E. Hughes, A. M. and A. B., and later took four years of post-graduate work at Harvard. He then studied at Bonn and Heidelberg, Germany.

While attending Harvard Dr. Buxton studied law in the offices of Leonard & Welles in Springfield, Mass., Glendon Welles having been Secretary of the Navy under President Lincoln. He also graduated in Medicine at Harvard, although he has never continuously practiced either medicine or law. He was admitted to the bar in Missouri while president of a college in that state, and two weeks ago was admitted to the practice of law in Washington by the State Supreme Court, qualifying him for his appointment as Police Judge.

Salt Lake City, Norfolk, Va.; Pueblo, Colo., and Joplin, Mo., are among the pastorate that have been held by Dr. Buxton. For many years he has been a National director of two societies of the Christian Church. His wife is also an ordained minister and has occupied pulpits in several Washington cities. Among former students of Dr. Buxton who now reside on the Coast are Professor Hovan, of Eugene, Or.; State Secretary Swander, of Portland; Rev. O. J. Lee, of Puyallup; Rev. D. A. Adams, of Spokane, and Rev. A. F. Linn, of Enterprise, Or.

### Spiritual Invalidism Bad.

Christian Herald.  
Holiness is always a very unimpressive weakling if it cannot face and endure the rigors and inclemencies of the street. It has the inevitable paleness of all cloistered virtue. It never gets beyond the wanness of a prison plant. It is an invalid which never goes forth on daring ventures. And it is in reference to this peril of spiritual invalidism that our Lord prayed we might have deliverance. "I pray not that thou shouldst take them out of the world."

### CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Permin (double strength), and add to it 1/2 pint of hot water, and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the inflammation of the middle ear. Clogged nostrils should open, breathing becomes easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.

### OFFICIAL CASUALTY LIST

WASHINGTON, Jan. 25.—Casualty lists today contain, in addition to more than 300 corrections of casualties erroneously reported, 201 new names, classified as follows: Died of wounds, 36; wounded seriously, 104; missing in action, 61. Following is the summary to date:

Deaths—	Reported Today	Total	
Killed in action	30,192	30,192	
Last at sea	381	381	
Died of wounds	12,724	36	12,760
Died of disease	15,415	18,415	
Died of accident	2,962	2,962	
Total deaths	64,314	64,330	
Wounded	134,324	104	134,428
Missing and prisoners	12,481	61	12,542
Total casualties	211,299	301	211,600

Chief among the long list of corrections of special interest in this state is the name of Lieutenant Robert McMurray, son of William McMurray, passenger agent of the O., W. R. & N. Railroad of this city. Lieutenant McMurray's address is given in the list as Albany, Or., where Mrs. McMurray is now residing with her parents during her husband's absence. She was Miss Gertrude Taylor, of Albany, and is now a proud mother of a babe whom the father has never seen.

Following is the list of those reported killed and dead and corrections:

- OREGON.**
  - Died of wounds—Pietrole, Paul B., Stayton, Or.
  - Erroneously reported killed in action—McMurray, W. Robert (Lt.), Albany, Or.
- WASHINGTON.**
  - Died of wounds—Halverson, J. A., Meridian, Wash.
  - Wounded severely—Schaufer, Louis (Sgt.), Eldon, Wash.
- IDAHO.**
  - Returned to duty (previously reported missing)—Clegg, Henry A., Dubois, Idaho.
  - Missing in action (previously reported wounded severely)—Hammond, Lyle E., Troy, Idaho.
- CALIFORNIA.**
  - Died of wounds—Briggs, C. M., Yuba, Cal.
- FLORIDA.**
  - Died of wounds—Simmons, W. C., Orlando, Fla.
- ILLINOIS.**
  - Died from wounds—Arnold, R. F. (Lt.), Watertown, Ill.
  - Johnson, Jas. E. (Mech.), Camp Point, Ill.
  - Halperin, J. S., Chicago, Ill.
  - Folker, C. H., New Baden, Ill.
- KENTUCKY.**
  - Died of wounds—Goben, John W., Louisville, Ky.
  - Henderson, C. L., Covington, Ky.
- MAINE.**
  - Died of wounds—Castonguay, A. (Sgt.), Waterville, Me.
- MASSACHUSETTS.**
  - Died of wounds—Fennell, M. J. (Sgt.), Somerville, Mass.
  - Richardson, G. L., Winthrop, Mass.
- MICHIGAN.**
  - Died of wounds—Hoffman, Charles (Cpl.), Detroit, Mich.
- MINNESOTA.**
  - Died of wounds—Wolff, Geo. R. (Cpl.), Hopkins, Minn.
- MONTANA.**
  - Williams, C. T., Butte, Mont.
- NEW YORK.**
  - Died of wounds—Sigafoos, F. W. (Cpl.), Lackawanna, N. Y.
  - Farrar, J. P., Glens Falls, N. Y.
  - Ging, M. F., Brooklyn, N. Y.
- NORTH CAROLINA.**
  - Died of wounds—Garver, J. P., Lenoire, N. C.
- NORTH DAKOTA.**
  - Died of wounds—Bennett, A. H., Minot, N. D.
  - Klaveand, Belair, Mayville, N. D.

### RODENTS TARGET OF BILL

Douglas County Measure Provides Poison Sold at Cost to Farmers.

ROSEBURG, Or., Jan. 25.—(Special.)—Douglas County Measure Provides Poison Sold at Cost to Farmers. The bill provides that "every person, firm, co-partnership company and corporation owning, leasing, occupying, possessing or having share of or domain over any land, place, building, structure, wharf, pier or dock which is infested with ground squirrels or other noxious rodents or predatory animals" to proceed at once to exterminate them by poisoning and trapping.

It is provided that the County Court shall appropriate funds to purchase poison and supplies. This poison will be sold to farmers at cost, the proceeds to go into a revolving fund. Mixing of the poison with grain will be done under the direction of the county agricultural agent.

Where lands are infested with rodents of any kind the county agent may notify owners. If the owners refuse to place the poison, the county agent is empowered to do the work and charge the expense to the property.

### NEW ORCHARDS SHOW GAIN

Upper Hood River Valley Yield Increases 25 Per Cent.

HOOD RIVER, Or., Jan. 25.—(Special.)—Many of the young orchards of the Upper Valley have come into bearing during the past year, and the yield of fruit from that district showed an increase of more than 25 per cent for 1918. More than 100,000 boxes of apples were shipped from Parkdale. Of this number 60,000 boxes were handled through the community packing house maintained by the Apple Growers' Association. The Lava Bed Orchard Company shipped 13,000 boxes, and heavy shipments were made by Dan Wulfe & Co.

The young orchards will increase their yield rapidly for several years, and next season it is expected that Parkdale warehouse facilities will have to be increased.

Colorado Brook Trout Planted.

JUNEAU, Alaska.—In the flood of Gold Creek here, last September, it has developed nearly all the trout planted in that stream were washed out. To replace the fish, members of the Alaska Fish and Game Club, have planted 20,000 Colorado Brook trout, hatched and developed in the experimental hatchery of the club, Juneau. Read The Oregonian classified ads.

### HOOD APPLES IN DEMAND

San Francisco Crowds Enjoy Fruit During Celebration.

HOOD RIVER, Or., Jan. 25.—(Special.)—That red Hood River apples were in demand as a refreshment for the people of San Francisco engaged in their annual celebration of New Year's night is the feature of a story received here from the city of the Golden Gate.

The owner of a billiard and pool parlor on Market street purchased a large supply of Hood River fruit and made an enticing display in the front of the parlor. The score of boxes of apples were sold early in the evening, despite the price of 25 cents each, and it was necessary to hurry a truck for more fruit.

Seasoned slabwood and inside wood, green stamps, for cash, Holman Fuel Co., Main 353, A 233.—Adv.

### Fighting the Influenza

So is medicine fighting to-day, even more than ever before, against the deadly attack of the Spanish Influenza. Many lucky persons saved themselves by practicing common-sense medication. That is, they kept skin, nose, throat and bowels CLEAN! The first thing any good physician orders, even before he knows what the matter is, is a good purgative, such as castor oil, or a pill made from May-apple, leaves of aloë, jalap, to be had at every drug store in the land as Dr. Pierce's Pleasant Pellets.

Many times the Influenza leaves one with serious inflammation of the kidneys, due to nature's effort to throw off the poisons, or toxins. If the kidneys and the intestines are clogged with toxic poisons, and you suffer from backache, headache, rheumatic pains, sometimes swollen feet, get rid of the toxins and take an antiseptic for the bladder, kidneys and intestines, known as "Anuric" (anti-uric-acid) tablets. Drink plenty of hot water daily and hot lemonade. If you need building up, if you are weak, pale and anemic, you can readily gain in red blood, vigor and vitality by taking an iron-ionic tablet. The best is called "Ironitic." Or if you want a good herbal tonic you can procure at any drug store, Dr. Pierce's Golden Medical Discovery, made from wild roots and herbs, without the use of alcohol.

### DOING A MAN'S WORK

Easy When You Feel Right

Mr. Frank Lamprey at his lathe in the Caffey & Currier Shop at Bristol, N. H.

A few men are just plain lazy. The efforts of the real honest-to-goodness man are limited only by his health and strength.

Keep healthy. Watch yourself. That is the way. If you notice a letting down, if you are not feeling just fit and right, there is something wrong. Above all things, don't neglect a cold or a cough. Not that these minor afflictions are necessarily dangerous, but on account of the possible developments, they should be promptly banished.

Colds are acute catarrh. Ninety-seven per cent of the people have catarrh in some form, either acute or chronic. A large percentage of the ill of life are directly due to catarrh and catarrhal conditions. Catarrh is not the simple, harmless disease affecting only the nose and throat, as many imagine. A catarrhal condition may exist in any organ in any part of the body.

Get fit and stay that way. If you catch cold, get rid of it. Do as Mr. Lamprey does. Read what he says: "I would like to say a good word for your Peruna. I took a very sudden cold that settled in my throat and lungs and I was so hoarse I could hardly speak aloud. I took one teaspoonful of Peruna every hour for twelve hours and in twenty-four hours my cold was about all gone. It is the best medicine for a cold I have ever used. I used to have terrible pains in my bowels after eating, and sometimes did not get over this pain for two or three hours. I do not have any pain after eating now and can eat anything. Peruna has done the job."

Simple, isn't it? Peruna acts upon the organs of digestion, insuring a normal healthy action. It also assists the process of elimination. This insures a rich, pure blood supply to the mucous membranes throughout the body, giving them tone and health. Catarrhal conditions cannot persist when the mucous linings are kept healthy by the use of Peruna.

Peruna is the world's standard treatment for catarrh and has been for forty-five years. Your father and mother placed their confidence in it and found Peruna good. Like Mr. Frank Lamprey, you can also.

Peruna Is Sold Everywhere.
