

# STATE TO TAKE OVER MAIBEUR PRESERVE

Game Measure Recalled From Senate and Amended.

## LEGAL OPINION IS GIVEN

Early Effort to Have Reserve Placed Under State Is Assured in Provisions.

STATE CAPITOL, Salem, Or., Feb. 22.—(Special.)—The Malheur lake difficulty was settled in the house today, apparently to the satisfaction of all concerned, when the game reserve bill, which passed the house yesterday after a strenuous fight, was recalled from the senate through the maneuverings of Representative Gallagher and amended. It now provides that the state land board shall take steps immediately to secure ceding of the land involved to the state, and also with instructions that the land board be prohibited from allowing drainage of the lake.

Assistant Attorney-General Bailey was allowed the privilege of addressing the house and he stated that the land board would construe the bill in the form that it passed the house as an implied direction to "keep its hands off." As a result, passage of the measure as it originally went through the house, he believed, would interfere materially with carrying out of the legislative policy of the state expressed by the legislature in passing a bill ordering the land board to classify its lands and to set its house in order generally. Representative Bean sounded a warning that if the house killed the Malheur lake bill it will be a signal for ammunition hoose to initiate a bill and start a campaign over the state which would finally result in the Malheur lake region being ceded to the federal government and forever lost to the state. Under the amendment assurance is given that in the next two years every effort will be made by the land board to get the lands entirely under state control.

PROTECTED through all time among smiling flowers and playing fountains.

WHEN storms wreck, and chill rains drive deep, turning earth to muddy rills, those resting in this wonderful home we have built along Willamette's shores sleep on undisturbed.

IN NICHE OR VAULT, surrounded by beautiful flowers, they are safe from desecration of man or nature, and always will be.

MANKIND owes a high duty to the sacred dead—and this is incomparably the better way. To those who do not believe, come and see.

## CLACKAMAS CLUBS FORMED

A. L. Olmstead Interests Young People in Year's Work.

OREGON CITY, Feb. 22.—(Special.)—A. L. Olmstead, who arrived in Oregon City several weeks ago to take up the work of the girls and boys' clubs of Clackamas county, is meeting with success. The children throughout Clackamas county have become interested with the work and already have commenced planning their gardens.

Organizations will be formed at Sunnyside, East Mount Scott, Kendall, Harmony, Maple Lane, Henrietta, Carak, Eldorado, Concord, Oak Grove, Gladstone, Jennings Lodge, Bolton, Rural Dell, Glad Tidings, Clackamas, Willamette, Deep Creek, Mount Pleasant, Estrada, Milwaukee, Garfield, George, Springwater, Tracy, Curriusville, Eagle Creek and Boring.

This year the girls will have a chance to show what they can accomplish in the way of cooking. Each club will have its officers and also a club leader. An adult of the county will be selected to advise the club members.

## BABIES OF 1918 LESSEN TAX

Varying Exemptions Allowed According to Birth Date.

WASHINGTON, Feb. 22.—Babies born in 1918 will bring varying income tax exemptions to their parents, depending on the month of their birth. A child born in January, 1918, gives \$298 exemption, in addition to the \$2000 allowed married persons, but if a child was born in July the exemption is limited to exemption of only \$100 on the infant's account. If the child was born in October, the taxpayer parent is allowed only \$50 exemption. Under another regulation of the revenue bureau a person living in one community acting as the principal support of a person living in another community is considered the head of a family and entitled to exemption of \$2000.

## SALARY INCREASES FAIL

(Continued From First Page.)

and only reason for killing off salary bills as fast as they come up, the senate was taken by surprise late in the afternoon when the ways and means committee reported favorably on the bill to increase the salary of the district attorney and food commissioner from \$2000 to \$2500. The bill was rushed through to the calendar before the startled minority could get the forces to attack what they asserted to be the glaring inconsistency of the committee.

Tom Handley, senator, from Tillamook county, drew a long run of applause from the crowded gallery when he launched an attack upon the ways and means committee and referred to its members as the "light wads" of Oregon.

## District Attorney Bills Fail.

A bill to increase the salary of the district attorney of Tillamook county was one of the bills killed. With official statistics he showed that the district attorney of his county during the past year has performed a much greater amount of work than the district attorneys from the counties represented by members of the ways and means committee, and to each instance he showed that his district attorney receives a smaller salary.

Senators Banks, Moser and Norblad made a strong plea on behalf of the bill to increase the salary of the state corporation commissioner to \$4500, but their pleas were in vain as the consistent 18 voted against the bill. Other salary bills which were defeated were those involving the offices of the superintendent of public instruction, state engineer, district attorney of Deschutes county and district attorney of Columbia county.

## Losing Members to Fight.

Although the senate was in no temper to increase salaries of other state officials, there was no hesitancy in registering a heavy vote of approval for a proposed constitutional amendment, increasing their own salaries from \$2 to \$5 a day. Senators Lachmund, J. C. Smith, Eberhard and Patterson, members of the ways and means committee who voted against the salary measure, were among those who voted to increase their own salaries.

Other salary bills now on the senate calendar are due to come up for final passage Monday. Although the ways and means committee was a sweeping victory today, the losing members insist they will continue the fight until the session finally adjourns.

"Don't you think the man who coaxes a girl to run away and marry him should be punished?" "I don't know that he always ought to be, but if she gets it he is."—Houston Post.

## BEND TRACT WITHDRAWN

\$0,000 ACRES NOT OPEN TO HOMESTEAD ENTRY.

Federal Reclamation Service Is Believed to Be Preparing for Big Project in Central Oregon.

BEND, Or., Feb. 22.—(Special.)—Indications that the federal reclamation service is making preparations for extensive irrigation work in this section, were given in an announcement made here today by United States Land Commissioner H. C. Ellis, who stated that some 50,000 acres lying east and northeast of Bend have been withdrawn from homestead entry, according to the plans he has received from the land office. The land includes the Benham Falls storage reservoir site. The vast tract was first segregated about 12 years ago and included in the Carey act programme of the Central Oregon Irrigation company, the plan being to water it by a diversion at Benham Falls. During the 10 years for which the land was held under contract by the Central Oregon Irrigation company, nothing was done toward reclamation and on appeals from the Bend commercial club, a large part of the land was thrown open to settlers. In the past few months, renewed interest in the irrigation of the Deschutes valley has been shown by the reclamation service and the so-called Benham Falls segregation is generally believed to be the most likely location for the construction of a reservoir which will make possible the watering of hundreds of thousands of acres. In making the withdrawal at the

present time, the reclamation service is taking an important step to keep the lands clear of entries which might cause confusion and occasion delay in case immediate action on the Deschutes project is decided upon.

## CARD OF THANKS.

We wish to thank our friends who were so kind to us during the illness and death of our son, Filippo Diacristoforo; also for the beautiful floral tributes. Adv. Mr. and Mrs. Leonard Diacristoforo.

## DID YOU EVER USE SLOAN'S?

Ask Any Man Who Ever Had Rheumatic Aches That Question.

He'll tell you he's heard of it, used it, wouldn't use anything else for any external pain, ache, muscle-stiffness, soreness, lame back, lumbago, sciatica, sprain, strain.

He'll tell you it penetrates without rubbing, bringing warm, glowing, quick relief. Clean, economical, certain of satisfactory results. All druggists have it—get a big bottle—today from yours. 30c, 60c, \$1.50.

Sloan's Liniment KILLS PAIN

## Dressmaker Doing Her Bit

"Since I was a child I have suffered with stomach trouble and gastric attacks. Doctors could only give me temporary relief. A lady I saw for relief of having been cured of similar trouble by taking May's Wonderful Remedy. The first dose proved to me that it would cure me and it has. I am glad to recommend it to other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Druggists everywhere.—Adv.

## Rupture Kills 7000 Annually

Seven thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance, or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. The hind-truss suffers in the end is invited to make a FREE test right in the privacy of their own home. The PLAPAO method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known.

The PLAPAO PAD when adhered closely to the body cannot possibly slip or shift out of place, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to PLAPAO CO., Block 674, St. Louis, Mo., for FREE Trial Pads and the information necessary.

# Omega Oil for Pains in the Back

Put a steaming hot towel over the painful spot to open the pores; then rub with Omega Oil. Quick relief usually follows this simple treatment.
