

4 ALLEGED BURGLARS WITH LOOT CAPTURED

Property Valued at \$3000 Is Recovered by Police. OFFICERS SURPRISE MEN

Following Telephone Call Informing Them of Robbery, Police Stop Automobile Entering City.

Four alleged burglars, armed and evidently ready to put up a fight, were captured early yesterday by Patrolmen Wright and Chase, and police have recovered loot valued at \$3000 which they say the prisoners have confessed to stealing. The policemen stopped the men in an automobile at East Fifty-second street and Powell Valley road, ordered them to throw up their hands, and knocked down one of them, who was armed with a revolver, when he declined to obey.

The clew to the thieves was obtained from J. C. Schultz of Gresham, who telephoned police headquarters that burglars had robbed the store M. B. Burka, over whose establishment Mr. Schultz lives. Mr. Schultz said the burglars had an automobile, and he telephoned the number to the police. Captain Jenkins immediately transferred the greater part of the police force to the roads leading into the city from Gresham. Less than an hour afterward Patrolman Chase met the burglars headed for Portland. As the patrolman stepped out of the brush and ordered the men to throw up their hands, Patrolman Wright rode up on a motorcycle.

Weinberg's Hestiation Costly.
Oscar Lovgreen, Bert Compton and John Greenstreet, three of the men under arrest, complied with the order. Police say John Weinberg, alleged leader, shoved his hand in his pocket and grasped an automatic. At that juncture Patrolman Wright struck him behind the ear, knocking him unconscious. He did not recover for five minutes.

The prisoners were taken to headquarters, where, police say, they made a confession to Captain Jenkins. The crimes attributed to them are: Burglary of C. A. Norwood's repair shop at 6907 Foster road, burglary of P. J. Cronin's store at 129 First street, burglary of a butcher shop in Gresham and of Mr. Burka's jewelry store in the same city. Mr. Norwood estimated his loss at \$800, while Mr. Cronin's store was robbed of goods worth about \$500. Most of the loot was found at the home of Ed H. Smith, 527 Forty-fifth avenue southeast. Smith, who is a cripple, says that Weinberg threatened to kill him unless he consented to keep the stolen goods. He was not arrested.

Charges Are Lodged.
At Weinberg's home at East Ninety-first and East Irving street was found a whole hog, which had been stolen from the butcher shop, police say. The prisoners were charged with larceny from a store, and also with the theft of the machine in which they were riding. The car had been reported stolen by D. M. Kirby, 5604 Thirty-third street southeast.

Sulphur Shipment Wanted.

KIAMATH FALLS, Or., Feb. 22.—(Special.)—Realizing from past experience the increased production of lands when treated with sulphur, effort is being made by County Agricultural Agent Thomas to arrange for another carload shipment for the farmers of Kiamath this spring. One carload ordered by J. W. Siemens already has arrived.

"FAKE" ASPIRIN

DRUG MAKER ARRESTED IN ASPIRIN CASE

Analysis Shows Talcum Powder Chief Ingredients of Tablets of Which 394,000 Were Seized

More than 394,000 alleged aspirin tablets were seized yesterday in Brooklyn. The manufacturer was arrested. He gave his name as Joseph M. G. Kukay. He said he was head of the Verandah Chemical Company, No. 28 Verandah place, Brooklyn.

The arrest followed the analysis of the tablets. They were found to be devoid of aspirin. Talcum powder was the principal ingredient of the tablets. It was found to consist of seventy per cent "innate material." Sugar water and salicylic acid were also used.

Health Commissioner Copeland said that thousands attacked by influenza or pneumonia had recourse to aspirin tablets. He said:

"There is no doubt but that many thousands of persons rushed to aspirin as soon as they had a little cold. It certainly did not help those people if they happened to get talcum powder into their systems, and it appears that many thousands of these tablets were sold throughout the country."

Inspector W. F. Cummings, of the Brooklyn Food and Drug Division, with his chief, Walter B. Drennan, made the raid on the Verandah Chemical Company.

Chief Drennan said: "We seized 394,000 tablets, on the strength of the diagnosis made, and believe the whole lot consists of talcum powder. The manufacturer seems to have done a great out-of-town business, and I estimate his monthly shipments were no less than \$50,000 tablets. He declares he is a Spaniard and has been doing business for several months in Verandah place. Just how many millions of these tablets he has sold as aspirin tablets I cannot state."

Knitting to be Resumed
Knitting, by all odds the most picturesque and popular of all American Red Cross activities, is to be resumed. Beginning tomorrow morning, the knitting department of the workroom on the eighth floor of the Lipman Wolfe building will commence to deliver up to 6000 pounds of yarns to individual Red Cross knitters and auxiliaries.

The day after the signing of the armistice knitting was summarily stopped. The Red Cross knitters throughout America had, however, provided the garments required by virtually every one in this country with a warm hand-knitted sweater. The contribution of the knitters of the Portland chapter has been 105,000 knitted articles, counting a pair of socks as a single article. Sweaters, socks, helmets and wristlets made up the total.

There were enrolled with the Portland chapter 3750 knitters and 300 knitting auxiliaries, averaging ten members each, making a total of 5750 knitters.

Now the knitting is to be for the pitifully destitute women and children of northern France and Belgium. Here are the garments required. Children's sweaters with sleeves, women's shoulder shawls and long scarfs.

REORGANIZATION OF OREGON NATIONAL GUARD ASSURED.

Enlisted Men Will Be Paid One Dollar for Each Drill Night and Officers Annual Pay.

Colonel John L. May, commander of the 1254 infantry, formerly the 3d Oregon, who arrived with 1255 officers and men at New York from overseas last Wednesday, has telegraphed Colonel William C. North, present commander of the Oregon national guard, that he expects to reach Portland with these troops within the next three weeks and that he will accept the command of the Oregon national guard upon his return here, at least during the period of reorganization.

A law was passed in 1916 by congress granting pay to members of the militia of the various states, but before this appropriation could be accepted in Oregon it was necessary for the state constitution to be amended. Such an amendment, known as house bill 171, was made during the present session of the legislature and the Oregon law now complies with the national law in this respect.

The pay, according to Colonel North, will be no less than \$1 for each drill night for enlisted men, a little more than that for non-commissioned officers and \$250 to \$500 a year for the various grades of commissioned officers.

All branches of the Oregon national guard are now open to enlistment.

Absorbing Shock Strip Means Greater Mileage

Racine Absorbing Shock Strip means more tire mileage for Racine Multi-Mile Cord users. It means bigger returns for every dollar invested.

The Racine Absorbing Shock Strip is an extra strip of rubber scientifically compounded to equalize the flex of body and tread. It distributes the force of road blows evenly through every part of the tread. It takes up shocks of the road and eliminates danger of tread and carcass separation.

Study the illustration. Note how the cord construction is protected by this exclusive development of Racine Rubber Company chemists.

The Racine Multi-Mile Cord non-skid design, is scientifically constructed to overcome skidding danger. On slippery, treacherous pavements, the bevelled edges hold your wheels true to their course.

Extra Tested
All the many Racine Extra Tests are applied to Racine Multi-Mile Cord Tires. Every bolt of cord fabric, every ounce of rubber and every step in construction receives an extra inspection and extra care which make Racine Multi-Mile Cord Tires better tires. Built on Racine proved principle of multi-strand construction.

STAY ON THE WATER WAGON!

If You Are One Who Has Quit Indulging in Strong Drink.

Cadomene Tablets Will Help You Over the Rough Period.

Cadomene Tablets are helpful to weak nerves. Weak, faulty nerves often come from strong drink. Sometimes the system is impoverished by excesses of one kind or another, such as poor digestion and faulty nutrition. Overwork, anxiety and even grief causes abnormal nervous conditions. The strength of body declines. The strength of will power wanes. Nervousness and sleeplessness cause further weakness and loss of vitality. Years of faithful practice taught a great physician that the formula now used to make Cadomene Tablets would surely build up the health of his patients. Now, anyone can take this great medicine if needed.

Mr. G. A. Hoover, R. R. No. 1, Redding, Pa., writes: "I am taking Cadomene Tablets with very gratifying results. Nervousness, overwork and sleeplessness are my complaints."

Mr. Joe N. Herndon, 1945 Twenty-fifth st., Sacramento, Cal., writes: "I am using Cadomene Tablets and find a great improvement has been found about in two days."

GAINS 17 POUNDS IN A FEW WEEKS

In Bad Health for Seven Years—Williams Takes Tanlac and Now Works Hard Every Day.

"Tanlac has built me up so much that I believe if it was put to an actual test I could do as much hard work in a day as any man," said W. M. Williams, who lives at 735 79th street N. E., Portland, the other day.

"When I began taking Tanlac," continued Mr. Williams, "I was certainly in bad shape so far as health is concerned. I had a severe attack of grippe about seven years ago and it left me in a badly run-down condition which I have never been able to overcome. All during that time my stomach was in very bad condition and I suffered a great deal from indigestion. My appetite was very poor and I actually had to force myself to eat enough to keep me going, and even then I would suffer for hours afterward on account of gas forming on my stomach and bloating me up. Many times after going to bed at night I would choke up so bad with gas that I could hardly breathe, and would have to get up and walk the floor for an hour or more. Finally my general health became badly impaired and for the past two or three years I have not been able to do very much work. I was constipated a great deal of the time and often had bad headaches, and all my energy seemed to leave me and I felt tired and exhausted all the time."

"Then I began taking Tanlac, and I have gained exactly 17 pounds since I took my first dose of it. I have the biggest appetite I ever had in my life, and am eating three heart meals every day and could eat four if another good one was put handy to me. I eat anything I want and never have a sign of indigestion and am not bothered with gas forming on my stomach after my meals. I feel so well and strong in every way that I am now putting in full time at my work every day."

Tanlac is sold in Portland by the Owl Drug Co.—Adv.
