

FOCH WOULD PLACE BAN ON SUBMARINE

Prohibition of Use by All Nations Is Proposed.

MILITARY TERMS SUBMITTED

Generalissimo Plans to Strip Germans of Power.

SUPREME COUNCIL TO ACT

Marshal's Recommendations as to Peace Conditions to Be Considered Early This Week.

(By the Associated Press)
PARIS, March 1.—Marshal Foch presented today to the council of the great powers the military terms to be incorporated in the peace treaty. These will be considered Monday with the naval terms already submitted to the council. The military terms provide for the disarmament of Germany down to 20 divisions of 10,000 men each, including 15 divisions of infantry and five of cavalry. Severe restrictions are placed on the manufacture of all classes of war materials, and the military and commercial use of the airplane is limited to the minimum.

Terms Not Discussed.

Beyond Marshal Foch's presentation of the terms today they were not discussed.

The naval terms now before the council provide not only for the complete suppression of Germany's submarine equipment, but also for the termination of all submarine warfare by all nations throughout the world, thus ending the use of the submarine in naval warfare.

The provision for dismantling the fortifications of Heligoland and Kiel canal has been made the subject of reservation by Admiral Benson, representing the United States, whereby this shall not be a precedent applicable to American canal and harbor defenses, such as Hellgate, Cape Cod canal and others.

French Make Reservations.

The proposal for the destruction of the large German warships is approved in the report by the British and American naval authorities, but the French still make reservations against the destruction of these ships.

The supreme council is expected to pass on this and other naval and military subjects on Monday.

The council of the great powers today began consideration of financial and economic problems, both as affecting the treaty of peace and permanent conditions after the war. This subject is taken up after weeks given to hearings on territorial questions.

The subject was presented today in two specific reports. One was from the financial commission of which Louis Klotz, French minister of finance, is chairman and Albert Strauss and Norman Davis are the American members. The other report was from the economic commission, of which Albert Clementel of France is chairman and Bernard B. Baruch, Vance McCormick and Dr. A. A. Davis the American members.

War Debts Are Problem.

The financial commission's report was brief, giving the outlines of the vast financial reorganization that is required. It does not embrace reparations and indemnities for the war, as those subjects are being considered separately. Most of the headings were presented by the British and American members, which are left to the council and the plenary conference.

One of the main headings concerns war debts and debts made before the war in enemy countries, and whether they are to be paid or repudiated, and, if paid, the manner and priority of payments. Another heading deals with state property in territory taken over, such as state mines and state railways.

The most important heading is entitled "Reapportionment of the war debts of allied countries on a fair basis." Which was presented in detail this heading opens one of the largest questions presented to the conference. According to the French point of view, the huge debts piled up by the war have fallen unduly on France, which is now carrying the largest per capita. It is maintained therefore that a certain portion of these debts should be pooled so as to be international obligations instead of being carried alone by France. This is on the theory that the war was not fought only as a defensive measure by France, but as an international conflict in which France bore the brunt because of her geographical position.

Debt's Redistribution Opposed.

Thus far the proposal to redistribute the war burden has not been considered favorably by the British, American or Japanese members. The British do not wish to add to their burdens by taking part of the continental burdens, while Japan believes she should hold aloof from European indebtedness.

It was at first suggested that this reapportionment of war debts be incorporated in the peace treaty, but because of differences of opinion this suggestion was abandoned and the present suggestion contemplates a reapportionment of the debts under the financial section of the league of nations. (Concluded on Page 6, Column 1.)

DEMOCRAT OUSTED BY ELEVENTH-HOUR COUP

HOUSE REPUBLICANS, TEMPORARILY IN MAJORITY, ACT.

North Carolina Man Who Will Hold Seat Only Two Days to Get Full Term Salary.

WASHINGTON, March 1.—Republicans of the house found themselves in the majority late tonight and after a bitter debate, by a strict party vote of 185 to 172, elected Representative Zubulon Weaver, democrat of the Tenth North Carolina district, in favor of James Britt, republican.

There was much parliamentary maneuvering by the democrats to prevent a final vote on the contest, but they lost. Britt will hold his seat only two days, but the victory gives him his salary and allowances for the full term. The contest was over the 1916 election. Weaver was elected to succeed himself last fall.

LONE HERO GETS 27 HUNS

Former Yakima Boy Cited for Bravery and Wins Service Medal.

YAKIMA, Wash., March 1.—(Special.)—Sergeant Julius O. Yull, a former Yakima high school boy, has sent to a friend in this city for safe keeping until his return from France, the citation and distinguished service medal bestowed upon him by General Pershing because of bravery in action at Epinonville, France, last September. The citation shows that Yull attacked a band of entrenched Germans, killed an officer and two men with bombs, and soon afterward captured 27 Germans in the face of heavy rifle and machine-gun fire. On the same day he killed a German officer and two men who were setting a machine gun for the purpose of wiping out Yull's command. Sergeant Yull is a son of Mrs. Robert Yull, formerly a resident for a number of years of Fruitvale, near this city.

LEGISLATION TO BE URGED

Five Important Measures to Be Put Through if Possible.

WASHINGTON, March 1.—Efforts to pass five important measures before the house adjourns next week were decided on today by the house rules committee. The measures will be taken up in the order named, as follows: Resolution authorizing an appropriation of \$100,000,000 for the repatriation and settlement of land by discharged soldiers; a bill providing for the retirement on pension of civil service employees; a bill for deportation of interned enemy aliens; the resolution instructing American delegates to the peace conference to urge the independence of Ireland, and a resolution ordering an investigation of the New York and New Orleans cotton exchanges.

FRANCE SPURNS HUN PLEA

Fraternalizing With Present Generation Held Impossible.

PARIS, Feb. 28.—The universities of Leipzig and Heidelberg have transmitted a letter to all the French universities requesting that their pre-war relations be renewed. The German universities have been sent the following reply from the University of Bordeaux: "Please make a short visit to the devastated regions of northern France and then inform us upon your return, whether longer would be before you would renew relations with a people committing similar deeds in your country. The generation perpetrating such abominations has severed all connection with humanity. Perhaps we shall renew relations with the next generation."

SENTENCES ARE MODIFIED

Court-martial Records Reviewed by Judge Advocate-General.

LONDON, March 1.—The special commission of the judge advocate-general's office which is reviewing court-martial records with a view to reducing excessive sentences has reported on 55 cases. Secretary Baker announced today that the commission's recommendations in 44 of the cases had been approved. In 16 of these sentences were remitted entirely and the soldiers restored to duty. The secretary said the maximum sentence to be served by any of the other 44 men is five years and the average two years against the 26-year sentences originally imposed by the courts.

DANISH CABINET RESIGNS

Political Situation in Denmark Becomes Complicated.

LONDON, March 1.—The Danish cabinet resigned today as the result of the complicated political situation in Denmark, according to a wireless message received here from Copenhagen. A message adds that it is believed that the social democrats will try to abolish the landsting or senate.

The premier of Denmark has been C. T. Zahle. The leader of the social democrats in Denmark is J. A. M. Stauning.

ELECTION TO BE ORDERED

Hungary Would Choose New Constitutional Assembly.

LONDON, March 1.—The Hungarian cabinet has decided to issue orders for the election of a new constituent assembly during the first part of April, regardless of enemy occupation, according to a Reuter's dispatch from Budapest.

This step was considered necessary in view of the government's foreign policy, it is said.

PEACE TABLE SETS CLAIMS OF ARABIA

Long Fight for Freedom Is Recounted by Prince.

NATION CLINGS TO TRADITIONS

Revolt Follows 800 Years of Turkish Despotism.

ARABS GIVE AID TO ALLIES

Self-Determination and Independence to Compensate for Martyrdom Asked.

BY EMIR FEISAL.
Third son of the Sherief of Mecca and 57th in lineal succession to the Prophet Mohammed.

PARIS, March 1.—So little is known in Europe and America about the Arab question that, in view of the peace conference, in which the future of the Arab countries will be determined, a short narrative of the Arab movement may at this juncture be of interest to the public.

The Arabs are the heirs of a glorious history. Their ancestors attained a very high degree of civilization and were the means of transmitting to the nations of the west much of the science and industry of the ancient east.

Arabs Cling to Traditions.

About 800 years ago the marauding tribes of Tartary overran western Asia, Mesopotamia, Syria and parts of the Yemen (Arabia Felix) were subjugated and held under a succession of cruel and tyrannical dynasties. In a few decades the civilization of the centuries was completely overturned. Nevertheless the Arabic-speaking peoples, too weak to resist their oppressors by force of arms, clung during these centuries to their nationality, guarded with great jealousy the purity of their language and maintained their aspirations for an independent Arabia, which, when opportunity later afforded, took form in their recent movement.

Shortly after the Turkish revolution committees were formed in all parts of Syria and Iraq for the purpose of safeguarding the rights and interests of the Arabs under the new regime and of combating the efforts of the Young Turks to "Turkify" the non-Turkish races of the empire.

Tentative Trench Terrorism to Turks.

After the close of the Balkan war the Syrian Arabs were the first who required the Turkish government to introduce at once certain long-promised reforms, the decentralization of control and the subsequent grant of complete home rule. The wily Turk listened to these demands with a show of benevolence, and profusely showed his promises of accomplishing at the proper time all the necessary reforms. As time passed and popular agitation was increasing, the government suddenly renewed its wanted tyrannical attitude, and the necessary reforms were not passed.

RENTON SENDS RIOT CALL

Mob of Strikers Said to Have Attacked and Beaten Five Men.

SEATTLE, March 1.—A riot call for deputies was received at the King county sheriff's office tonight from Renton, Wash., near here, where it was said a mob of strikers, formerly employed at the Pacific Car & Foundry company's plant, had attacked and severely beaten five men.

SNOW 12 FEET DEEP ON CASCADE SUMMIT

MONTANA REPORTS HEAVIEST FALL FOR WINTER.

Temperature Drops to Away Below Zero; Hills in the Vicinity of Klamath Falls Are White.

SEATTLE, March 1.—Twelve feet of snow lies on the summit of the Cascade mountains, according to word received here today by the Great Northern Railway company.

Snow plows are being operated by all the railroads in the Cascades. At places in the mountains ten inches of snow fell between midnight and noon today.

HELENA, Mont., March 1.—The heaviest snow of the winter in Montana fell in the 24-hour period ended at 6 o'clock this morning, according to reports to the local weather bureau. In Helena the snowfall was 7 1/2 inches. The snow was general over the state. Temperatures were low in Montana last night. Helena registered a minimum of 15 degrees below zero, Havre 22 below, Billings and Miles City 8 below, Kalispell 4 below and Missoula 15 above.

KLAMATH FALLS, Or., March 1.—(Special.)—Thirty inches of snow at Kirk, 10 miles north of here, with five feet at the Algoma Lumber company's logging camp some distance to the west, is reported by J. M. Bedford, who has charge of the timber on the Klamath Indian reservation and who made a trip through that section Monday. There is comparatively little snow at Chiloquin on the Williamson river, but it is getting deep in the hills, according to Mr. Bedford.

Ten feet of snow at Crater lake was reported Sunday, which is the normal amount for this season of the year.

SPOKANE, Wash., March 1.—Cold and snow in the Rocky mountains and eastern points is causing curtailed train service. Great Northern train No. 1, Oriental limited, which was due in Spokane this morning, was held by snow east of the Rockies. It is expected to reach here about midnight. The last mail is running 24 hours late.

The Olympian on the Milwaukee is about eight hours late. Northern Pacific trains were nearly on time. About eight inches of snow covers inland empire wheat fields.

LEWISTON, Idaho, March 1.—Unsettled weather prevailing for ten days developed into a heavy snowstorm yesterday with the result that 18 inches of snow cover the high prairie country of the Lewiston region. The snow will prove of vast benefit to crops.

TEMPERATURE MAY DROP

Occasional Rain Probable With "Generally Fair" Possible.

WASHINGTON, March 1.—Weather predictions for the week beginning Monday issued by the weather bureau today are:

Pacific states—Except for occasional rains on the North Pacific coast, generally fair, with temperature below normal.

GERMAN TOWNS IN GRASP OF ANARCHY

Disorder Is Extending in All Directions.

REIGN OF TERROR IMMINENT

Railway Service in Many Sections Paralyzed.

200,000 IDLE IN CAPITAL

Strikers Declare Their Purpose to Encircle Weimar and Cut Off All Its Connections.

BERNE, March 1.—The situation in Germany is described as most critical everywhere in messages received here today. The general strikes are extending more and more, especially in central Germany, where disorder is increasing and railway traffic has partly stopped. Interruption of telegraph and telephone services is reported from various centers.

Fears are felt by the authorities that a reign of terror is about to begin in Erfurt, Gera, Greiz and Halle. It is reported also that the bolshevik danger is growing in eastern Silesia.

BERLIN, Friday, Feb. 28.—(By the Associated Press.)—The strike situation in central Germany was unchanged up to 8 o'clock tonight and government troops had entered Dusseldorf. Minister of Labor Bauer is conferring with the strike leaders in Leipzig and Halle.

Berlin newspapers report that preparations are being made by spartanist leaders to call a general strike in greater Berlin.

BERLIN, Friday, Feb. 28.—(Havas.)—Two hundred thousand persons are idle in Berlin because of the general strike, which is extending into southern and central Germany. Railway communication between Berlin and southern Germany has been cut off completely.

BERLIN, Friday, Feb. 28.—(By the Associated Press.)—General Maercker, commander of the troops guarding the national assembly at Weimar, was attacked by a mob in Erfurt today and robbed of a portfolio containing important documents bearing on the plans of the government for dealing with the strike situation in central Germany.

The general was attacked in front of the barracks in Erfurt and was beaten severely before he was rescued. The shoulder straps were torn from his uniform by the mob.

LONDON, March 1.—A further revolutionary movement in Germany is imminent, according to a report reaching London through Holland today. It is added that Chancellor Scheidemann has resigned.

PARIS, March 1.—The soldiers' and workmen's congress at Munich has declared martial law for all of Bavaria. (Concluded on Page 6, Column 2.)

FRIENDS OF SUFFRAGE RESOLUTION HOPEFUL

COMPROMISE MEASURE MAY YET GO THROUGH.

Favorable Reports Ordered by Both Senate and House Woman Suffrage Committees.

WASHINGTON, March 1.—Favorable reports on the compromise resolution for submission of an equal franchise constitutional amendment to the states were ordered today by both the senate and house woman suffrage committee, but when Chairman Jones sought to present the senate committee's report tonight Senator Wadsworth of New York, republican, objected, and the report resumed with the committee.

While conceding that a filibuster or congestion of legislation in the senate might prevent consideration of the resolution at this session, advocates of the measure expressed confidence that it would be adopted before adjournment. Senator Jones said tonight, however, that no plans looking to consideration of the resolution had been made.

The senator explained that all plans were being held in abeyance until pairs could be arranged for absent senators and some agreement reached with administration leaders regarding a time for calling it up.

Senator Gay of Louisiana announced today that he would vote for the compromise resolution and advocates of the measure said his vote would give them the necessary two-thirds majority.

OREGON BOYS ASK RELEASE

Co. E, 18th Engineers, Anxious to Return to Studies and Jobs.

OREGONIAN NEWS BUREAU, Washington, March 1.—Members of Company E, 18th engineers, railway, made up principally of students from Oregon Agricultural college and the University of Oregon, and others holding good positions in business life, believe that they are being unnecessarily detained in the service.

They want to get back to their studies or to the good positions which await them in Oregon, and accordingly have appealed to Senator McNary to help them out. The senator has taken the matter up with the war department, urging their release as early as convenient. It appears that this company was one of the first to be sent to Europe, and the promise to send back first those who were first to go overseas does not appear to have been kept in the case of this company.

PORTLAND YOUTH INJURED

Fred Burke Hurt by Chemicals Explosion at Seattle.

SEATTLE, Wash., March 1.—(Special.)—Fred T. Burke, 655 East Burnside street, Portland, was cut about the face and hand by an explosion in the chemistry laboratory at the University of Washington where he is a student. He was removed to the Seattle general hospital.

Burke was holding a test tube for another student, and when two chemicals were mixed together an explosion resulted. Four others were injured, one being sent to the hospital with Burke. All will recover.

WORLD CONQUEST METHODISTS' AIM

Pershing's Success Incentive for Church Drive.

SIX VITAL POINTS INVOLVED

Portland Fully Awakened to Importance of Campaign.

VAST ARMY IS NECESSARY

Prayer Is Decisive Human Factor in Battle for Mastery of World, Says D. W. E. Doughty.

A sweeping victory for Christianity is to follow closely in the wake of Pershing's success. And at the very moment the American soldiers—the wearers of khaki—are being demobilized and returned to peaceful pursuits, another army, equally as great in man power and just as sincere and determined that right shall triumph over might, is fast being mobilized. It is the army of Methodism, which soon shall bivouac among the people of all lands until the ultimate success has been attained. It is this army which shall move forward in solid columns to Christianize the world.

The people of Portland were fully awakened to the sweeping Methodist centenary programme at the final meetings of the world-programme conference yesterday morning, afternoon and evening. Methodist leaders from the east and middle west delivered their messages to the people of Portland. They summarized briefly just what must be done; the part which each individual must play in this greatest of all undertakings of the Methodist Episcopal church. And proof that this message shall not go unanswered was found in the fact that hundreds of people of this city came forward to enlist their services in the mighty movement.

All Portland Responds.

In the financial drive which shall start in April, the people of the Portland area will be called upon to subscribe \$2,500,000. This was the quota set yesterday by Frank C. Jackson, upon his arrival in Portland to make tentative plans for the drive for funds. The Portland area constitutes all of Washington and that part of Oregon and Idaho known as the Inland Empire, and western Oregon. Mr. Jackson will head the northwest campaign, having been sent to this country by C. S. Ward, national campaign director.

"In a drive of this kind the first essential is a high standard," said Mr. Jackson. "This does not mean that the standard is one which is unobtainable. Not one person is to be overlooked. The motto which I suggest is, 'a subscription from every man, woman and child in every church in the Portland area.'"

Six Vital Points Involved.

"In the organization for the great financial drive are included six vital points which are necessary for any line of financial success, whether in the household, in business or in the church. The first of these points is to have a high standard. We have that. The second is leadership. So far, the leaders in this work have been some of the best in the world and among the best in a different phase. The third point of organization divides the nation into areas. The fourth point divides the Portland area into conferences, then the districts, sub-districts, groups, until we finally come to the church."

An urgent plea for titles among the Methodists of Portland was made at the afternoon mass meeting yesterday by Dr. William A. Brown, who is leading the campaign for Methodists who will subscribe one-tenth of their annual incomes to the world-programme work.

March 16 has been set as the "going over the top" Sunday with an enrollment of 1,000,000 titheers," said Dr. Brown. "A preparatory step is to secure about 50 per cent of the church quota ahead of time. This will mean the voluntary subscriptions all in before the great launchings of the real drive or soliciting on Easter Sunday, May 4 has been designated as the "over the top" Sunday with full quotas everywhere.

Millionaires Give Quota.

"In this connection do not let seemingly large figures frighten anyone. Approach all people with a spirit of confidence. I wish to say that I find millionaires just as nice and easy to get along with as any ordinary Misosorian I ever knew.

"From 2,544,155 members we received \$45,000,000 last year. Of this amount \$45,000,000 was used to pay current expenses and \$4,000,000 was used for benevolent organizations, while \$35,000,000 will be used for benevolent organizations next year. This shows an average gift from members of \$11. If we gave \$21 per member we would be \$10,000,000 beyond what our actual needs now are.

That the Methodists have every reason for devoting a great sum in reconstruction work among soldiers was the point raised at the night meeting by Dr. W. E. Doughty, who asserted that army statistics show one-fifth of the soldiers in the United States army to be members of the Methodist church.

Centenary Drive Launched.

"The centenary war work abroad provides for reconstruction to be out-

(Concluded on Page 11, Column 1.)
