

SELLWOOD GAMBLING DEN MEN INDICTED

Complainant Is Working Man Whose Losses Are \$400.

WIFE STOPS BANK CHECKS

Grand Jury Satisfied of Guilt of Four Young Men Who Robbed Gresham and Portland Stores.

Frank H. Maulding and Joseph G. Noble, proprietors of a soft-drink establishment and managers of a sub-postoffice station at 1461 E. Thirtieth street, corner of Tenino, were indicted jointly by the Multnomah county grand jury yesterday on the charge of operating a gambling den in connection with their place of business. Well-known Sellwood residents are said to have lost many thousands of dollars in a little back room in the establishment of Maulding & Noble.

The first complaint was made by William Abernathy of 820 Sherret avenue, who saw Deputy District Attorney Dempsey last week after his losses had mounted to more than \$400. He had been sued by Emma Becker, nee-nath, Eva Woolworth, Simeon Scott, George Wentworth, T. H. Wentworth, William H. Ellis, and the late J. J. Larsen were among the Sellwood people interviewed by the grand jury in the process of the investigation.

Abernathy, who is a car repairer employed in the Brooklyn shops of the Southern Pacific railroad, says he bought chips for poker games from Noble and Maulding. He said he was in the habit of dropping into the place about twice a week. Altogether he had given for losses, one check for \$200 of which he had dropped since last November. The room used for gambling purposes was fixed up by Mrs. Noble, he said.

Payment on Checks Stopped. Mrs. Abernathy persuaded her husband to make the complaint, after she had stopped payment on several checks. He had given for losses, one check for \$75, another for \$40 and another for \$35. For one debt Abernathy had been sued by Emma Becker, nee-nath, Eva Woolworth, Simeon Scott, George Wentworth, T. H. Wentworth, William H. Ellis, and the late J. J. Larsen were among the Sellwood people interviewed by the grand jury in the process of the investigation.

Jack Greenstreet, John Wemberg, Oscar Lovgren and Bert Compton were jointly indicted on burglary charges. Hama sausages, pork, etc., were taken from the shop of A. J. W. Brown, Gresham, and jewelry from the store of W. E. Burke, merchant, from goods store of C. A. Norwood at 5307 Foster road also was robbed. Much stolen property was recovered at the time of the arrest of these young men. J. C. Davis, alias W. P. Elmer, was indicted on two forgery charges. In one case he is accused of stealing a check for \$100 from the mail of a Japanese merchant and passing it off as a Washington street jeweler, Ed Reiner. In the other case a bill from the Northwest Gas company was taken from the mail and presented to H. Karl, to whom it was addressed, and \$150 collected. A check made out to the company, but the name was skillfully changed to "North Wiltonson" and cashed at the Franklin hotel.

14,000 MARINES WANTED

OPPORTUNITIES TO SEE WORLD YET AFFORDED.

Colonel A. S. McLemore, in Charge of Recruiting, Spends Day in Portland.

"The United States marine corps still offers an excellent opportunity to the adventurous youth to see the world and 14,000 of such men are wanted to enlist in the marine corps during the coming year for a period of four years," declared Colonel A. S. McLemore, in charge of all marine corps recruiting who was in Portland yesterday.

Colonel McLemore is completing a tour of all the marine corps recruiting stations of the country, made with the object of reorganizing and expanding the recruiting service. He will leave here tonight for the Seattle office. His headquarters are in Washington, D. C.

"The present strength of the marine corps," said Colonel McLemore, "is 67,000 officers and men, only 14,000 of whom are enlisted for the regular four-year period. The remainder are being discharged from the service as fast as possible. The peace strength of the marine corps has been set by congress at 36,000, so it is necessary to double the number of men enlisted for four-year periods within a year.

Put On The Left Shoe First

They all said it—Doughboy, Poilu, and Tommy—and clinging to that bit of trench superstition, they believed it brought good luck for the day—and longer life in the shell-racked stretch about them.

But in these fairer, happier days, when peace whirls the wheels of motordom again, we say,

"Put on the right shoe first."

And, of course, the right shoe, is the Goodrich Shoe, because it means good luck day and night, and longer life in your tires.

But there's no superstition about it; only the big, husky body, and the wide, thick BLACK SAFETY TREAD, Goodrich builds into tires that—

"BEST IN THE LONG RUN"

WELL CARED FOR TEETH HELPS TO A HEALTHY OLD AGE

Carelessness and indifference, spiced with a little fear, keep many people away from the dentist for a time.

Sooner or later you must see the dentist, perhaps when most of your teeth have decayed and serious illness drives you in.

In dentistry a stitch in time will save you many ills and countless dollars.

When all of your upper or lower teeth are hopelessly decayed, I can fit a plate for you that is the best of its kind procurable. It will be sanitary, chew your food acceptably and be a thousand times better than old, disease-breeding snags.

When a few teeth are missing, a well-fitted bridge will prove an excellent substitute for the natural teeth.

If you have any fear of pain, banish it immediately. Modern dentistry, as practiced at this office, has removed the disagreeable, painful features.

All of my assistants, even in the mechanical department, are graduates and registered dentists—men of experience and ability. No students employed in any capacity.

My prices are extremely moderate. I have no lost time to charge you up with. Always busy.
