### YOUNG AMERICA BERATED

BOYS BECOMING BOLSHEVIKI, DECLARES EDUCATOR.

More Liberal Use of Rod Is Urged as Corrective; Chicago Convention Ends With Election.

CHICAGO, March 1.—The 49th annual convention of the department of superintendence of the National Education association closed today with the election of E. U. Graf, superintendent of schools of Indianapolis, Ind., as president. The 1919 convention will be held in Cleveland.

A resolution inviting President Wilson to the association's peace meeting to be held in Milwaukee the first week in July was adopted. The final session developed an animated discussion of the merits of the old-fashioned birch rod.

"Young America is becoming a barbarian and a bolshevik," declared Principal Frank S. Fodick of the Masten Park high school, Buffalo, N. Y., in opposing sparing of the rod. Devereaux Blake, of New York, took the other side and said:

"Let the older folks learn to respect the rights of the child. The adults need most of the education."

How community centers are expected to supplant the saloon and cheap dance halls of Milwaukee was told by Harold O. Berg, of that city. He told of one-cent motion picture shows in school buildings, one-cent Saturday night dances and said he proposed to recommend permission of smoking and card-playing for men in school buildings.

### J. D. FOLEY ASKS DIVORCE

Wife Accused of Meeting Other Men Clandestinely.

"If I hadn't married you, I would have had money today," and other such assertions from Mrs. Vera Foley, led Joseph D. Foley to assume that his wife did not love him, he maintains in a divorce complaint filed in the circuit court yesterday. Lately, he asserts, he learned that his wife had clandestine meetings with other men. Early last month when he protested against her drawing checks against their joint bank account without telling him about it, she told him that when she got "through" with him he would have nothing left, he says.

On February 26, Foley charges, his wife left him without any explanation as to why she left or as to where she was going, leaving behind only a note containing two words: "Good-bye, Joe."

### Aberdeen Man Withdraws Name.

ABERDEEN, Wash., March 1.—(Special.)—A. M. Wade, who has been an avowed candidate for the office of county attorney to succeed W. H. Tucker, resigned, has announced the withdrawal of his application for the place. Wade alleges that he cannot afford to establish and maintain an office at the courthouse as the law requires. B. C. Cheney of Montesano, and J. E. Stewart are the only applicants still in the race. Other attorneys, however, are willing to accept the place if it is offered them.

### NEWS OF DEATH DELAYED

Release of Soldier Sought Without Avail—Reason Evident.

OREGONIAN NEWS BUREAU, Washington, March 1.—The tardy manner in which those left at home have been advised by the war department of deaths and casualties occurring to soldiers overseas is illustrated in the case of Sergeant Thomas N. Martin of Castle Rock, Wash., battery B, 147th field artillery, whose death was announced in the casualty list appearing in newspapers February 24.

January 1, one month and 29 days after the armistice was signed, Representative Albert Johnson of Washington received a letter from George Rowan of Portland, asking him to call on the war department to release Martin, as he was seriously needed at home. His father, Leander Martin, of Castle Rock died December 28, and Mr. Rowan explained that this left no one to manage the farm except the soldier son. Representative Johnson took the matter up with the department at once in behalf of the soldier's mother, but received small satisfaction.

The first definite information reaching him being the news of death published in the newspapers.

Man, Wounded at Argonne, Home. KELS0, Wash., March 1.—(Special.)—Eugene Bennett, who went through 14 days of the great Argonne battle before he was severely wounded, October 4, arrived home this week for a short visit with his mother, who makes her home with her daughter, Mrs. E. D. Holbrook, on the west side. Bennett was in Company D of the 361st infantry, which went over the top September 26, after having been in reserve the first few days of the battle. The local boy had some narrow escapes during the heavy fighting and finally, the morning of the fourth, just before dawn, a German shrapnel caught the entire party in a listening post. Bennett was wounded through both ankles, but considers himself lucky, as he was the only member of the party who escaped alive. He is now in the hospital at Camp Lewis.

"The Tale of the Turk," tonight at Westminster church. It's free.—Adv. Read The Oregonian classified ads.
