

### KLAMATH FEELS HURT AT LACK OF SUPPORT

Not All Residents Adverse to Joining California.

### HOPES FOR RAILROAD FADE

Present Transportation Facilities Restricted to South; Scenic Attractions Are Wonderful.

BY FRED FLEET. KLAMATH FALLS, Or., March 1.—(Special.)—News that Klamath county through its legislators, Senator George T. Baldwin and Representative George H. Merryman, had made a move to have Klamath county carved from the state of Oregon and affixed to the commonwealth of California was received here with considerable surprise.

Although favored by no organization or faction, the plan is not altogether unpopular and much favorable comment has been heard in the past two or three days. At first thought the going out of a huge block of Oregon territory to annex to California is surprising, but there are a number of reasons why this might be desirable.

#### Travel Restricted to South.

Not only has its railroad service been restricted to California, but for a very large portion of the year its only means of travel is from and to the south. Conditions heretofore have been such that all trade relations with any other part of Oregon, except through California, are absolutely impossible.

When the Southern Pacific was completed into Klamath county in 1909 it was expected that it would continue on to Eugene via the Natron cut-off. The death of E. H. Harrison changed the policy of the road and dampened hopes for this line indefinitely.

#### Klamath County Neglected.

When the \$4,000,000 road bond bill was passed two years ago hopes were raised that Klamath might be in position to meet its Oregon neighbors, but the funds have all gone to other parts of the state up to this time.

It was understood that the Portland business men who boosted the proposition through bank meetings would also give a substantial amount when the time came to help complete the road into Bend and connect other interior points.

#### California Gives Welcome.

It seems to be a case of nobody loves me, and a large number of persons feel that all the rest of the state cares about it is the tax money which may be collected. They feel that they have to go 80 miles into California in order to get back into Oregon they might as well stay in the south.

### DEBATE TEAMS PREPARING

#### U. OF O. STUDENTS TO CONDUCT TOURNAMENT.

Eleven Double Organizations Entered in Competition Which Will Open Thursday.

UNIVERSITY OF OREGON, Eugene, March 1.—(Special.)—Midnight oil burners are more numerous than usual this week with 11 double teams, six of men and five of women, grinding nightly on material for the second round of the intramural debate championship tournament, set for next Thursday evening.

The women will debate the question, "Resolved, That an embittered Germany would be more dangerous inside the league of nations than outside." The men will argue the question, "Resolved, That the United States government should cancel the French government's money debt to the United States government."

The first round of the series was held February 6, when 13 men's and women's organizations met on the platform.

The same sets of faculty judges and the same meeting places have been selected by both men and women. All teams now are complete except those of the Gamma Phi Beta woman's fraternity, which may even now send in a team, although handicapped by a late start.

In case of a failure to enter a team, the house's two opponents will have default victories credited to them. Following is the make-up of the women's teams, with the opponents drawn for each:

Phi Beta Phi affirmative, Laura Rand of Portland and Pearl Craine of Handon vs. Gamma Phi Beta negative, not yet chosen. Kappa Kappa Gamma affirmative, Mary Evans of Portland and Norma Medler of Waco vs. Hendricks Hall negative, Ethel Wakefield of Long Beach, Cal., and Alys Sutton of Portland. Gamma Phi Beta affirmative, not yet chosen, vs. Alpha Phi negative, Laurel Canning of Monmouth and Elizabeth Hadley of The Dalles. Phi Alpha Phi affirmative, Gladys Bowen of Eugene and Dorothy Reed of Portland, vs. Kappa Kappa Gamma negative, Mary Elise Bailey of Eugene and Mildred Apperson of McMinnville. Hendricks Hall affirmative, Wanda Duggitt of Portland and Elaine Coates of Portland, vs. Oregon club negative, Helen Flint of Junction City and Jessie Todd of Eugene. Oregon club affirmative, Marie Ridings and Grace Knopp, both of Eugene, vs. Phi Beta Phi negative, Alice Thurston of Roseburg and Clara Calkins of Klamath Falls. Following is the line-up of the men's teams: Friendly Hall affirmative, George

### DENTAL DISEASE IS PREVENTABLE

Smith Long Service Prevents Teeth Decay

Over seventy-five per cent of the people have a Pyorrhea condition and ninety per cent are ignorant of the fact. The knowledge of how to have a clean mouth, free from disease and decay, is invaluable, and this knowledge is taught the patient who automatically becomes a student without any undue effort. The ordinary way of cleaning the teeth is only about eight per cent efficient.

Examination Is Free and Charges for Dental Work Moderate

Oregon club affirmative, Day Bayly, of Eugene and Arthur Hicks of Cannon City, vs. Friendly Hall negative, Arthur Johnson and Remy Cox, both of Portland.

### GIRLS TO STAGE STUNTS

Annual Women's Show at Corvallis to Be Held May 3.

OREGON AGRICULTURAL COLLEGE, Corvallis, March 1.—(Special.)—The third annual women's stunt show will be given at Corvallis. Plans are under way to stage a big performance. The show will be given by the co-eds representing each organization on the campus and all skits, sketches and other stunts are to be written and staged by the girls. The winner of the event is awarded the Fawcett cup, a silver cup given by Mrs. Mary E. Fawcett, dean of women. Last year Delta Delta Delta was victorious. A committee of senior girls has charge of arrangements for the event.

# WAIST-SEAM MODELS

## AT \$10 LESS

ALL WOOL—DESIGNED AND BUILT BY THE BIGGEST MANUFACTURERS IN AMERICA

Never before has any style so completely taken the country by storm as has the "waist-seam" this season. And never before has such a convincing proof been given of the saving we make for you by selling upstairs. We are selling waist-seam suits and overcoats by the thousand, and hundreds of them to men who never bought upstairs before. Why? Because a waist-seam model is a waist-seam model to the average man—and he's been used to paying high prices for new styles. Now he finds we have them for \$25.00 in a variety of different models, and when he sees the fit and the quality of material and workmanship—he buys—without hesitation. Honestly now, isn't it reasonable that the biggest clothiers in the northwest, with their big buying power, low upstairs rent, no credit losses, and low percentage of profit, should permanently undersell all competitors?

### We challenge comparison of our SUITS and OVERCOATS

AT \$15 to \$30

Our artist has shown at the left a "waist-seam" overcoat in an ideal spring model. It has the seam effect over the shoulders also, and is available at \$25 and \$30. Colors blue, dark brown and green mixture. Quarter silk lined. The suit to the left is a "Penn," with the new one-button "camouflage" double-breasted effect. In all-wool fabrics; blue, brown and green, at \$25. To the right is a popular single-breasted waist-seam model which is a big seller at \$25 and \$30.

NOTE—So enormous has been our business during the last two weeks that we have been unfortunately unable to fill several customers and unable to wait on several more. To those who wish to state that we have now received the expected big shipments from the east, and have added eager help to take care of a thousand purchasers this week.

### HAVE YOU BEEN OVERWORKED?

Do You Want Help Until Nature Catches Up? Are Your Nerves III? Cadomene Tablets Help Nervous Men and Weak, Impoverished Women Back to Strength, Health and Vigor.

In these strenuous, exacting times, many men and women overwork their nerves. They do not take enough rest. They are not careful when and what they eat. Soon they get nervous, irritable, suffer from aches and pains, are tired all the time, have no ambition, lose strength and vigor and then become sleepless, worn out and sick. Never take to drink and false stimulants—they are temporary makeshifts. But do act wisely, and begin the use of Cadomene Tablets, which act as a powerful tonic for digestion, nutrition and elimination. They help nature to perform the functions of the organs of the body and nature will in turn restore strength, red blood and vigor. Sold by druggists everywhere—and guaranteed to be satisfactory in every sense by the manufacturer.—Adv.

### Great Medicine

Made From Corn Silk—Excites Favorable Comment.

### Kidney and Bladder Ailments Banished by Few Doses.

Corn Silk! The same "silk" you see protruding from the husk of corn, produces a fine medicine for kidney and bladder irregularities, when compounded with other simple drugs as in Balmwort Tablets. Balmwort Tablets contain a powerful extract of corn silk, which quickly relieves the inflammation and congestion that causes such distressing pains in back and hips, rheumatic twinges, nervousness, severe headaches, accompanied by frequent desire to eliminate, followed by scanty, burning sensation. The patient is compelled to arise frequently to relieve painful pressure, even though a scanty flow follows. The eyes appear "bloodshot," the sleep is restless, and sometimes fever, followed by chills, cause great unrest. It is unwise to neglect such symptoms, when a few doses of Balmwort Tablets can be taken for relief. Alice T. Trobrough, 5527 South Twenty-fourth street, Omaha, Neb., writes: "I have used one tube of your Balmwort Tablets and find that they are the best I have ever used for kidney and bladder trouble." Ask any leading druggist for a tube of Balmwort Tablets. Price, \$1.00.—Adv.

### The Japanese Way to Remove Corns Doesn't Hurt a Bit—Easy and Simple

The Magic Touch of Ice-Mint Does It. Just a Touch Stops Soreness, Then the Corn or Callous Shrivels and Lifts Off. Try It. Your Feet Will Feel Cool and Fine.

Just a touch of Ice-Mint and "Oh!" what relief. Corns and callouses vanish, soreness disappears and you can dance all night or walk all day and your corns won't hurt a bit. No matter how long you have had them, many times you have been disappointed here is a real help for you at last. From the very second that Ice-Mint touches that sore, tender corn your poor tired, aching feet will feel so cool, easy and comfortable that you will just sigh with relief. Think of just a little touch of that delightful, cooling Ice-Mint and real foot joy is yours. No matter how old or

tough your pet corn is he will shrivel right up and you can pick him out after a touch of Ice-Mint. No pain, not a bit of soreness, either when applying it or afterward, and it doesn't even irritate the skin. Ice-Mint is the real Japanese secret of fine, healthy, little feet. Prevents foot odors and keeps them cool, sweet and comfortable. It is now selling like wildfire here. Just ask in any drug store for a little Ice-Mint and give your poor suffering, tired feet the treat of their lives. There is nothing better, nor nothing "just as good."—Adv.
