

OREGON PREPARES TO ASSIST NEEDY JEWS

Campaign for \$100,000 Opens in Portland Monday.

CO-OPERATION IS URGED

Whole State Is Organized and Leaders Expect That Fund Will Be Raised in Short Time.

With a goal of \$100,000—twice the amount set for last year—Jewish people of Portland and Oregon Monday will launch a campaign to help needy Jews in Palestine, eastern Europe and the Balkans. Remembering the ease with which \$20,000 was raised last year, M. S. Hirsch, secretary of the committee, who is in charge of the local drive, is anticipating little trouble in raising the entire amount.

Many have already announced the doubling of their last year's subscription, while others are increasing the amount by 50 per cent.

Workers and officers are to meet for dinner at the Multnomah hotel this evening, when final plans for the drive will be announced.

Organization Is Complete. The executive committee is Ben Selling, Joseph R. Wise, I. Lang, Nathan Strauss, Adolph Wolf, J. L. Miller and Fred S. S. Hirsch. Captains for the Portland drive are Joseph Shemansky, Aaron Frank, H. J. Olenchuk, A. B. Rosenstein, E. M. S. Hirsch, S. Shontz, Ben M. Rubin, Alex Miller, E. J. Neustader, Arthur Epstein, Mrs. Julius Louisson and Mrs. J. M. Olenchuk.

In charge of the state drive will be Sig Lipman, who is a practiced hand. Assurances have been received that the state will come through handsomely with its share of the money.

Headquarters for the drive have been established on the mezzanine floor of the Multnomah hotel, from where the campaign will be launched Monday morning.

All synagogues have been requested to have a special service Friday, March 14, to join in the prayer for the relief of the stricken Jews. Speakers for all congregations will be furnished by the speakers' bureau of the organization.

Response of Workers Pleases. The following statement in regard to the drive has been prepared by the executive committee:

"The ready response to the call for workers is most gratifying and augurs success. Busy men, young and old, and good women have volunteered their time and energy."

"The equally gratifying response of the largest group of added subscriptions has assured the committee that Oregon will raise its quota within the prescribed time."

"The committee urges all Jewish men and women to be ready to give without stint, as no gift can ever equal this one. It commends to their courtesy an unnecessary request—the men and women who are soliciting. It asks for them a reciprocal such as one would expect if on a similar mission of love and help."

"It desires to remind all men and women that the people have given consideration more nor asks it less than that one which has suffered for conscience since men knew of a living God."

Letter Urges Co-operation. "Israel can live again if its sons and daughters will help their famished and dying brethren."

The following letter has been sent in behalf of the campaign:

"Freedom is the right of many people heretofore sorely persecuted. 'Is freedom coming to those who have suffered most for conscience—the Jews?'"

"We American men and women can answer the question by making up our minds that the Jews of eastern Europe, the Balkans, Palestine, etc., shall live, and not die."

"Read aloud to your family, and bread we have to superfluous. We must feed those 6,000,000 men, women and children, so that they may live to be free."

"The time for help is now."

"Never has Israel had so glorious a prospect for a realization of its dreams of freedom and justice."

Crisis Declared at Hand. "Never have the Jews suffered such intolerable agony of the body, despite their great hopes. The Haman-like ferocity of their persecutors is unbelievable in this land of justice."

"Never have men given so liberally as in this great crisis. We can no more afford to let those people die on the shores of the promised land than we can afford to be out of the wonderful spirit of the times that has given life, happiness and love ones for justice."

"In giving money we shall do less than the least of these; let us do it with a helpful generosity."

Seasoned snawdow and inside wood, green stains, for cash. Holman Fuel Co., Main 333, A 333, A 333.

KIDNEYS NEVER CAUSE BACKACHE

Rub Pain, Soreness and Stiffness Right Out With Old "St. Jacobs Liniment."

Kidneys cause backache? No! They have no nerves, therefore cannot cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Liniment." Rub it right on the aching or tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay cramped! Get a small trial bottle of "St. Jacobs Liniment" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago. "St. Jacobs Liniment" stops any pain at once. It is harmless and doesn't burn or discolor the skin.

It's the only application to rub on a weak, lame or painful back, or for lumbago, sciatica, neuralgia, rheumatism, sprains or a strain.—Adv.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Brand Tea at any pharmacy. Take a tablespoonful of this Hamburg tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoonful at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Adv.

This Woman Knew

Last summer a housekeeper we know of canned 85 quarts of tomatoes, 20 pints of chili sauce, 40 pints of green tomato mince meat, 8 quarts of tomatoes for soup, 20 quarts of beets, 28 pints of corn, 30 pints of string beans and 10 pints of pepper hash. She also put down 2 bushels of carrots, 2 bushels of parsnips, and 1 bushel of salsify.

This crop and all the fresh tomatoes, corn, beans, beets, swiss-chard, spinach, peas, cucumbers, onions, peppers, celery, rhubarb, radishes and lettuce that her family of four could eat she grew on two garden patches, one 40 ft. x 45 ft. on the place, the other 25 ft. x 20 ft. on a nearby vacant lot. She succeeded because she knew before she planted that quality and quantity yield depend on seed ancestry.

FERRY'S SEEDS

are pedigreed seeds. They multiply the certainty of first quality vegetables and luxuriant beds of gay flowers because they are the progeny of plants that we know have produced abundantly for many generations. Moreover, each year's crops of Ferry's Seeds are tested by us before we offer them for sale.

Now's the time to plant your garden. Write for the beautiful new 1919 Ferry "Seed Annual," sent free on request. Ferry's Seeds are sold by dealers everywhere.

D. M. FERRY & CO., Detroit, Mich. (and Windsor, Ontario)

CLOTHING NEEDED ABROAD

APPEAL MADE TO PORTLAND WOMEN TO "CARRY ON"

Red Cross to Send Many Garments to Women and Children of France and Belgium.

Because of the fact that certain production activities of the Portland chapter of the American Red Cross have been discontinued, some of the workers have reported that thousands of men, women and children are suffering from the lack of clothing; and conditions are such that while the Red Cross is planning to send much of the material it has on hand, to be made up later by the women of Europe, at the present time it is necessary to sew many garments already made up.

"I am often asked the question why the factories are not given this work in order to give employment to the unemployed, and, alternatively, why the materials and findings are not sent to Europe, to be made up by the women themselves," said R. E. Prael, director of the workroom.

"My answer is that both means are employed, and yet the need persists."

"The present plan is to give the more difficult garments, such as boys' suits, girls' dresses and men's shirts, which require more time in the making, to the factories. At the present time, however, the factories are not able to take on very much of this work."

"In France and Belgium the women as well as the children are now working in the fields early and late getting their fields ready for the crops and rebuilding their homes."

"Please, also, remember that many thousands of children in France and Belgium are now orphans."

"Because of the forehanded administration of the Red Cross we have a large stock of materials on hand, and we are asking all our women members to concentrate their energies for the next two months in helping the women of Europe to furnish garments to clothe themselves and the great numbers of children who have been left homeless and fatherless."

COLLEGE NEEDS ARE TOLD

MILITARY AND EDUCATION TO UNITE IN AMERICA.

President Kerr of Seattle Receives Letter Urging Co-operation in Boosting Nation's Future.

OREGON AGRICULTURAL COLLEGE, Corvallis, March 8.—(Special.)—Military training has linked the educational institutions of the country together in a single bond which focused their attention on training for national service, pointed out the committee on education and special training in a letter received by President W. J. Kerr.

"The mantle of the S. A. T. C. has now fallen upon the R. O. T. C., which therefore now has the opportunity of preserving that bond of connection between the individual colleges and the nation," says the letter.

If the R. O. T. C. is to render maximum service to the country it must recognize the intimate inter-relationship

between the academic and the military sides of the programme.

The greater share of the responsibility for this co-operation between the civilian and the military phases of the work rests with the school faculty and the students, because they are responsible for much the greater part of the student's time. In order to meet their obligations fully, they must make a conscientious effort to include in their courses materials that have a direct and obvious connection with the needs of the country and must also do their best to handle the work in a manner well qualified to develop those personal qualities of mind and will that are characteristic of American manhood, whether engaged in civil or in military pursuits.

BEND WHISKY DESTROYED

Sheriff Pours 198 Quarts, Valued at \$3000, Into Sewer.

BEND, Or., March 8.—(Special.)—One hundred and ninety-eight quarts of whisky, taken from bootleggers who attempted to smuggle liquid contraband through Bend, were destroyed today by Sheriff S. E. Roberts. At current prices in dry territory the value of the liquor which went down the gutter is approximately \$3000.

Most of the whisky was confiscated about six weeks ago, and federal authorities had intended making it part of a two-car shipment to be sent out of the state to some part of the country. This plan, however, was abandoned, and Sheriff Roberts secured a court order authorizing him to smash his large stock of quarts.

PORTLAND MEN TO SPEAK

State Chamber to Be Topic Before Oregon City Live Wires.

OREGON CITY, March 8.—(Special.)—Frank McCallis and Judge J. H. Stevenson, representatives of the Oregon State Chamber of Commerce, will attend the noon-day luncheon of the Live Wires next Tuesday to outline the purposes of the chamber. A membership drive will be conducted throughout the state beginning March 17, and it is the desire of the officers to have a full representation from every town and city in the state Tuesday.

The speakers originally were scheduled to come Tuesday night, but it has been arranged to have them here to meet with the Live Wires, who are much interested in the chamber. A committee has been appointed for the county, L. Adams being chairman, and through its efforts many will receive invitations to attend the meeting.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many who have tried the principle of this wonderful free prescription, find that they can read fine print without glasses, and everything seems clear. I can even read fine print without glasses. It is believed that thousands who wear glasses can now discard them in a reasonable time and multitude more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and, if your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family."—Adv.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 quarts of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.
