U. S. ADMIRAL IN COMMAND

AMERICAN KEEPS ORDER AT SPALATO, IN DALMATIA.

Italians Authorize Taking of Severe Measures Against All Who Fail to Obey Orders.

WASHINGTON, March 8.—The Italian embassy made public today the text of a proclamation issued by the international committee of admirals in the Adriatic, warning the inhabitants and authorities of Spalato, a Dalmatian port, against disorder or insults to the allies and authorizing Rear-Admiral Niblack, the American commander, there, to prevent by force of arms, if necessary, the repetition of such incidents as the recent attack upon Italian officers.

It was largely due to the Spalato incident that Italy placed the embargo against the movement of supplies through Adriatic ports, the operation of which recently led the United States to give warning to Italy that unless an end was put to delays in the movement of food to the Czechoslovaks and Jugoslavs, food supplies from the United States to Italy would be cut off.

The order placed an inter-allied force at the disposition of Admiral Niblack, who was requested to take such steps as might be necessary and to apply the most severe measures contemplated by military law to enforce order if the civilian authorities proved themselves incompetent. Among acts specifically mentioned as violations of the terms of the armistice, were:

"Any insult to the allied flag; any outrage with words or gestures against officers, sailors or soldiers of the allied nations; any intentional expression against the allies; any attempt against personal liberty or private property; any refusal to comply with the orders of the inter-allied police."

OREGON CITY, Or., March 8.—(Special.)—Charles D. Latourette, prominent Oregon City attorney, who has always taken an active interest in the city's welfare, recently presented to Oregon City ten drinking fountains, seven of which already have been installed in Main street.

MCKINNEY FUNERAL TODAY

PIONEERS AND FRIENDS INVITED TO BE PRESENT.

Former Silverton Resident, 75 Years of Age, Is Survived by Three Daughters and Two Sons.

Funeral services for Mrs. Flora Wood McKinney, who died Friday morning, will be held at the Portland crematorium at 2 o'clock this afternoon. Pioneers and friends of the McKinney family are invited to be present.

Mrs. McKinney, who was 75 years of age, came to Oregon in 1875. Residing at Silverton for nine years, she finally came to Portland, where she made her home until 1905, when she removed to Seattle. Death came during a visit to

her daughter, Mrs. Ross S. Burdick, of Portland.

Prominent in civic and social affairs in both cities, Mrs. McKinney was at 72 years of age a student in the University of Washington, where she took courses in gardening and sociology. She was active in club and organization work, holding many responsible offices connected with this kind of work.

Connected with newspaper work here, Mrs. McKinney virtually was a foster-mother to Homer Davenport, world-famed cartoonist. When a boy Mr. Davenport spent much of his time at her home, and later, when he became famous, he always turned to her for aid and sympathy. Many of his books are prized by her family.

Her father, Dr. Perry A. Wood, a noted practitioner, died in Kansas at the age of 104. Her husband, William J. McKinney, died in 1903.

Surviving are the following children: Jessie D. McKinney, Mrs. Margaret Mooney and William McKinney of Seattle; Mrs. Burdick of Portland and George B. McKinney of Berkeley, Cal.
