SANTA MONICA ROAD RACE WON BY DURANT

of Injuries in Upset.

150,000 PERSONS SEE RACE student has asked credit.

Victor in 250-Mile Event Covers Distance at \$1.6 Miles an Hour, Stopping Twice for Repairs.

SANTA MONICA, Cal., March 15 .-Cliff Durant came home over the Santa Monich automobile race course ahead of his teammate, Eddie Hearne, today, winning in three hours four minutes 45 seconds for 250.34 miles in laps of 7.369 miles each. He won a prize of

racing men because of the two right-angle turns and the number of curves

Sheriff Takes No Action. The crowd was the largest ever as-sembled on the course, according to race officials, who estimated it at more than 180,000 persons. They gathered under a clear blue sky with hovering airplanes adding picturesquesly to the

Some excitement was caused before the race by the report that the sheriff of Los Angeles county had been in-structed by the supervisors to forbid the event as a violation of speed ordi-nances. But the sheriff agreed with the race officials to allow the race to be run and to salve the dignity of the law by subsequent arrests.

No spectators were injured, although they were banked closely around two turns where racers frequently had over-

Distinguished Service Cross Awarded for Extraordinary Heroism in Action in France.

Captain Ward M. Ackley, 363d infantry, whose home is at 1517 East Ninth street North, this city, has been

1.289 miles each. He won a prize of \$4000.

Hearne's time was 5:11:59, and as second man-he won \$2500. Louis Lecocq finished third in 3:15:28, winning \$1500. Eddie Pullen came in fourth, time 5:20:40. He received \$1900.

Walter Melcher, who at the last minute was substituted for Driver A. Etchristenson in car No. 17, died as the result of injuries suffered when his machine overturned near the Soldiers home, where a long curve proved troublesome for many drivers.

Durant stops Twice.

Durant and Hearne started in first and second positions and stayed there throughout. Hearne ran a non-stop race. Durant stopped twice for tire changes, losing 25 seconds each time. W. W. Brown was the only driver besides the prize winners remained to be flagged down. They were Brown, who had fifth place, in his 32d lap, Omar Toft, who held sixth place in his 22d lap, and Edward Kaster, who was in seventh position in his 31st lap. Elliott, Cooper, Al Melcher and Roscoe Sarles went out with mechanical troubles.

besides the prize winners remained to be flagged down. They were Brown, who had fifth place, in his 32d lap; Omar Toff, who held sixth place in his 32d lap; omar Toff, who held sixth place in his 32d lap, and Edward Kaster, who was in seventh position in his 31st lap.

Elliott, Cooper, Al Melcher and Roscoe Sarles went out with mechanical troubles.

There were no new records hung up, but there were many fast stretches to thrill the crowd. Elliott, Pullen and Brown especially kept the spectators to the stream of the stand.

The average speed of the winner was computed at \$1.6 miles an hour. If was considered exceptionally fast by racing men because of the two right-angle tors.

What Makes Men of Blood and Iron? Do You Know TIGNACE JAN PADEREWSKI Any of These People?

Ignace Jan Paderewski, Pianist and Nation Builder United States Judge G. W. Atkinson, Former Governor Dr. George H. Baker, Former Hospital Physician and Surgeon Hon. Anthony Caminetti, United States Commissioner of Immigration Former U.S. Senator Wm. E. Mason, Now Congressman From Illinois

Read What They Say About Nuxated Iron As a Tonic, Strength and Blood Builder

Physician Explains How It Helps Put Renewed Vim and Energy Into the Veins of the Weak, Run-down, Infirm and Aged - Often Increases Their Strength in Two Weeks' Time.

When widely known men of the highest caliber come out frankly and publicly indorse a product which they have personally found valuable for building up the health and strength, it must arouse the interest of every thinking person in Nuxated Iron, which is today being used by over three million people annually to help create red blood, power and endurance.

Dr. T. Alphonsus Wallace, a physician of many years' experience and formerly of the British Naval Medical Service, says: "It is the men of blood and iron-on a par with the war-hardened fellows returning from camp and fields-who will forge ahead in the business and political life of the country today.

FORMER U.S. SENATOR WILLIAM E. MASON

"Living in the open, eating coarse foods and leading regular lives have made blood rich in iron for these strons, healthy, vigorous specimens of manhood. But no such opportunity for building up their health is open to thousands of men and women in civil life whose wearing tasks and iron-impoverished food sap their energy and vitality, make them weak, ansemic and run-down and often cause their blood to literally starve for want of iron. Without iron there can be no strong, red-blooded men or healthy, rosy-cheeked women, and unleas this strength-giving iron is obtained from the foods we eat, it must be supplied in some form that is easily absorbed and assimilated. For this purpose I always recommend organic iron—Nuxated Iron—which I have used so successfully both in civil life and for convalencing soldiers that I am absolutely convinced of lis effectiveness for helping to build red blood, strength and endurance."

Of great importance to the public should be the strong endorsement of Nuxated Iron as a preparation of sreat merit as a tonic and blood-builder given by former U. S. Senator William E. Mason, who has the distinction of being one of the resuly big men of the nation. His champlonship of Pure Food and Drugs legislation, his fight for the rural free delivery system, and his strong advocacy of all bills favoring labor, has made him a national figure and endeared him to the hearts of the working man and the great musses of people. Senator Mason says: "I have often said I would never recommend medicine of any kind. I believe that the doctor's place. However, after the hardest political campaign of my life, without a chance for a vacation. I had been starting to court every morning with that horrible, tired feeling one cannot describe. I was advised to try Nuxated Iron. As a pioneer in the pure food and drug legislation. I was at first loath to try an advertised remedy, but after advising with one of my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to l

the nerves run-down. It has restored my appetite and my vitality. I feel that I have dropped off the burden of months of toll in the few weeks that I have been following the very simple directions for the use of Nuxated Iron."

Ignace Jan Paderewski, one of the greatest musical geniuses of the age, at a time when his untiring work for Poland overtaxed his strength and impaired his health, had recourse to Nuxated Iron to help rebuild his wasted forces and restore his old-time health and strength. He says: "I am using Nuxated Iron very frequently and consider it as an excellent tenic." With the strain imposed by two years of almost ceaseless work in the cause of his fatherland, it is easily understood why he sought the sustaining benefit of Nuxated Iron.

Then there is United States Commissioner of Immigration Hon. Anthony Caminetti, who, despite his 64 years and a life which calls him to all parts of the country in all climates and all seasons, is teday more active and alert than many a younger man would be in meeting the strain of his official duties.

Commissioner Caminetti says: "In the heat of summer and the rigor of winter, and the debilitating weeks of springtime, I have

that a remedy which will build up the strain of his ofance of one at my age should be known to
the world."

Equally interesting is the opinion of Judge
G. W. Atkinson of the United States Court
of Claims, at Washington, who for twenty,
years has been in the public service as Judge,
Covernor, Member of Congress and U. S.
District Attorney. He says: "It is without
the principal of the desire of every healthy
in minded man or woman. Nuxated Iron which the strate of
principal true tonic qualities which help
the desire of every healthy
to persons who, in the stress of physical or
mental labors, have permitted the system to
become debilitated, the body exhausted or and overwork."
