HELP WANTED-MALE.

WANTED. AT \$2000 TO \$6000 A YEAR AND UP. ACCOUNTANTS BOOKKEEPERS STENOGRAPHERS

OFFICE MEN CASHIERS I want to hear from capable ap-plicants, either with or without bookkeeping experience, who are ambitious to got into higher ac-counting positions.

Our organization, with the largest staff of accounting and business efficiency experts in the world and with representatives throughout the United States, can meet only to a very limited degree the numerous calls being made for high-grade accountants, cost accountants audiors, junior and senior accountants. Governmental and business demands have exhausted the supply of trained men available.

The readjustment of commerce and industry to a peace basis; the reconstruction and reorganization of American business along more efficient lines, the more aclorating analysis of costs to meet dementic and world competition, and the necessity for accurate income and excess profit tax reports to the government have created thousands of new and attractive opportunities for permanent positions in the higher accounting field.

Our organization has been called upon to help meet this unusual eliuation, and requested me to interview both men and women in this 
community who desire to qualify for 
positions through training. This can 
be done while holding your present 
position. Accepted applicants will 
be placed under the direct supervision of one of our staff—a CERTIPIED PUHLIC ACCOUNTANT—
and trained in the special knowledge and practical procedure neccounting work.

A present knowledge of bookkeeping is desirable, but not required. No interviews will be granted except to those who state in writing their age, business experience, present portion, education. If possible give telephone number, All information confidential. J 520, Oregonian.

Den coefidential. J 520, Oregonian.
