

CARD FOR NORTHWEST SHOOTERS ANNOUNCE

Four Days of Sport Provided for Coast Marksmen.

VALUABLE PRIZES POSTED

Many Title Winners Expected to Participate in Events—Officers to Be Named.

Officials of the Portland Gun club have announced the complete programme of events for the Northwest Sportsmen's association shoot at the Everding Park traps on June 21, 22, 23 and 24. More than \$1000 in added money and nine valuable trophies will be at stake with the best shooters of Oregon, Washington, Idaho, California, Utah, Montana, Nevada and British Columbia competing.

Nearly forty California trapshooters are expected to enter the event, including J. P. Dodds of San Diego, who recently annexed the California-Nevada title at Visalia with a score of 291 out of 300 targets. Eight or nine Utah scatter gun artists and at least four from Arizona will come to Portland to blaze away at the flying clays during the event.

The coming of the large number of Californians, together with the many experts from Washington, Idaho, Montana and Oregon insure a large attendance.

The shoot will be a miniature Grand American handicap, in view of the fact that Dodds, the California champion; Charles Hahn, champion of Idaho; Jim Seavey, Oregon title holder and title winner of Washington and Montana will be entered. The trophies that will be up are valued at another \$1000 and are the richest stakes ever shot for in the west.

The programme for the four days' shooting follows:

Event	Targets	Entr.	Added.
1	20	\$2.00	\$20.00
2	20	2.00	20.00
3	20	2.00	20.00
4	20	2.00	20.00
5	20	2.00	20.00
6	20	2.00	20.00
7	20	2.00	20.00
8	20	2.00	20.00
9	20	2.00	20.00
10	20	2.00	20.00

Money divided each event: 40, 20, 20, 10.

Event 8—Dupont Anaconda cup. Second prize—50 per cent balance of purse.

Third prize—30 per cent balance of purse.

Fourth prize—20 per cent balance of purse.

Winner of this event to receive 50 per cent of purse at next year's tournament.

Event 9—Walla Walla trophy. Twenty targets. Handicap. Unknown angles. Entrance \$4.

Fifty per cent of purse to go to Guy Chiesman, present holder, and F. M. Troeh, who tied for this medal.

First Prize—Dupont Anaconda cup. Second prize—50 per cent balance of purse.

Third prize—30 per cent balance of purse.

Fourth prize—20 per cent balance of purse.

Winner of this event to receive 50 per cent of purse at next year's tournament.

Event 10—Walla Walla trophy. Twenty targets. Handicap. Unknown angles. Entrance \$4.

Fifty per cent of purse to go to G. A. Conklin, present holder, and F. M. Troeh, Y. Templeton, J. B. Lewis, E. J. Chisler, M. A. Rickard, J. L. Taylor, who tied for this medal.

Division same as Event 8, first day.

Second Day, Sunday, June 22, 1919, 9 A. M.

Event 1—Dayton medal. Twenty targets. Handicap. Unknown angles. Entrance \$4.

Fifty per cent of purse to go to C. E. McKeel, present holder, and J. P. Couta, H. L. Becker and John Rice, who tied for this medal.

Balance divided same as Events 8 and 9, first day.

Event 2—Three-man trophy. Twenty targets. Handicap. Unknown angles. Entrance \$4.

Cup now held by Portland team composed of C. F. Cather, A. K. Downs and H. H. Everding.

Open to teams composed of three contestants, all of whom must reside in city represented by their team and must be bona fide members of club entering.

First prize—50 per cent of purse; second prize—30 per cent of purse; third prize—20 per cent of purse.

Event 3—Individual championship. Twenty targets. Handicap. Unknown angles. Entrance \$4.

Fifty per cent of purse goes to J. E. Troeh, present holder, and J. P. Couta, H. L. Becker and John Rice, who tied for this medal.

Money division same as Events 8 and 9, first day.

Third day—Monday, June 23, 1919, 9 A. M.

Event 1—Small's cup. Twenty-five targets. Handicap. Unknown angles. Entrance \$2.50.

Fifty per cent of purse goes to E. K. Van Vleet, present holder of this shoot. Money division same as Events 8 and 9, first day.

Event 2—Northwest trophy. Fifty targets. Handicap. Unknown angles. Entrance \$4.

Fifty per cent of purse goes to J. E. Troeh, present holder. Balance of purse divided 25, 25, 15 and 10 per cent. Winner to receive trophy and 50 per cent of purse at next tournament.

Money division same as Events 8 and 9, first day.

Fourth day, Tuesday, June 24, 1919, 9 A. M.

Event 1—Target. Entr. Added.

1 20 \$2.00 \$20.00

2 20 2.00 20.00

3 20 2.00 20.00

4 20 2.00 20.00

5 20 2.00 20.00

6 20 2.00 20.00

120 \$18.00 \$300.00

Money divided each event percentage system: 40, 20, 20 and 10 per cent.

Event 2—Small's cup. Twenty-five targets. Handicap. Unknown angles. Entrance \$2.50.

Fifty per cent of purse goes to E. K. Van Vleet, present holder of this shoot. Money division same as Events 8 and 9, first day.

Event 3—Northwest trophy. Fifty targets. Handicap. Unknown angles. Entrance \$4.

Fifty per cent of purse goes to J. E. Troeh, present holder. Balance of purse divided 25, 25, 15 and 10 per cent. Winner to receive trophy and 50 per cent of purse at next tournament.

Money division same as Events 8 and 9, first day.

The annual meeting of the Northwest Sportsmen's association will be held at the Imperial hotel on Monday evening at 8:30 o'clock, June 23, at which officers for the following year will be elected and the site of next year's tournament set.

As yet the challenge committee of the Portland Gun club have to hear from an answer to the recent challenge issued in behalf of Frank Troeh to any trapshooter in the world for a \$5000 purse in a 500 target race during the big shoot.

All handicaps in the handicap events will be based on last year's registered targets and upon scores made in the 15-yard targets of this shoot. Each contestant from such scores taking the following yardage: Under 83 per cent, 16 yards; 83 per cent to 85 per cent, 17 yards; 85 per cent to 87 per cent, 18 yards; 87 per cent to 89 per cent, 19 yards; 89 per cent to 91 per cent, 20 yards; 91 per cent to 93 per cent, 21 yards; 93 per cent to 95 per cent, 22 yards; 95 per cent and over, 23 yards.

The handicap committee, however, reserves the right to use their best judgment in arbitrarily handicapping any contestant.

A shooter shall be handicapped two additional yards for each trophy he wins at this tournament, but not over 23 yards.

All claims of mistakes or errors in the scoring must be made before the

YOUTHFUL CATCHER FROM ST. LOUIS BROWNS WHO HAS HAD LITTLE CHANCE TO SHOW HIS WARES AS A BEAVER.

ERNE FALLENTINE.

shooter has fired two more shots. The score board will be in plain sight, and it is the duty of each shooter to watch his score. Read rules carefully. No changes will be made from programme.

Complaints. All complaints and disputes will be settled by the president, secretary, and field captain of the Portland Gun club.

Under the rules of the Sportsmen's Association of the Northwest, each contestant is required to pay \$1 at time of entering, as dues in the association. Entrance fees in the different events will be found fully in the programme.

The Hotel Multnomah trophy will be up for the amateur making the highest long run during the tournament.

Rules of the American trapshooting will govern all events and will be very rigidly enforced.

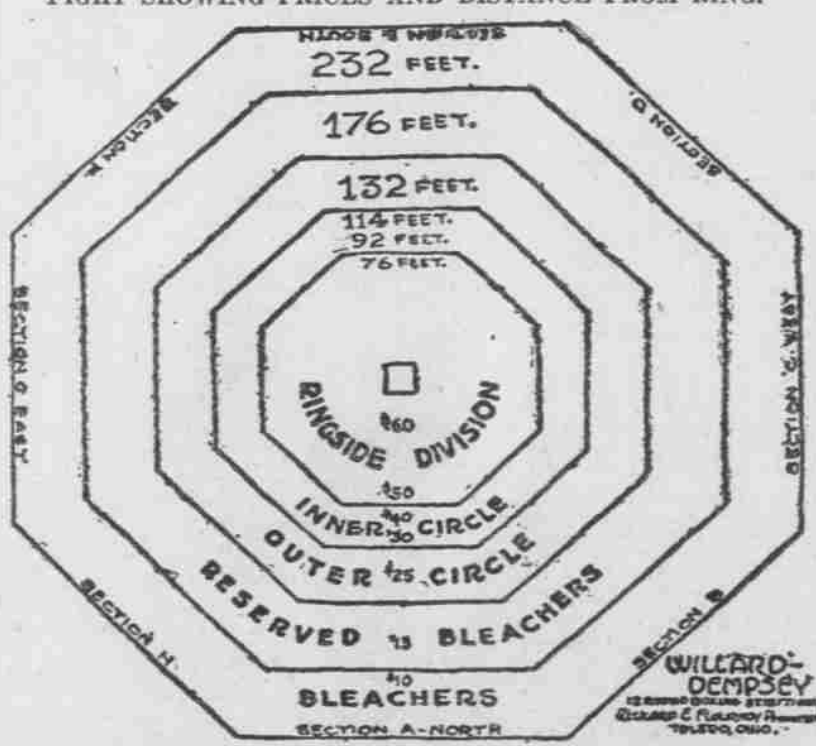

At the Nineteenth Hole.

CLAUDE BLACK, while playing in a four-ball match with John Mackel-fresh, Cliff Miller and Carl Dittmar over the old Avondale golf course at Cincinnati, made a 375 hole in two, holing out his approach. When the players approached the green they saw the ball jump out of the hole followed by a big frog. The ball had landed on the frog's back.

William Tucker Jr., the New York golf course architect, reports great activity in golf-course building and re-construction in the vicinity of New York. He is building an 18-hole course for the Hudson River Country club, re-modeling a number of holes for the Century Country club and the Wykagyl Golf club and making some changes on the course of the Tussega Golf club at Rome, N. Y.

Henry C. Fowles, Oakland, won the president's cup in the mid-April tournament at Pinehurst, defeating Tom Morrison, also of Oakland, by 5 up 2 in the final.

HERE IS A MAP OF THE ARENA FOR THE DEMPSEY-WILLARD FIGHT SHOWING PRICES AND DISTANCE FROM RING.

Bleacher patrons will be 232 feet away from center of attraction at Toledo championship bout.

If you are going to see the Dempsey-Willard fight in Toledo and expect to purchase one of the low-priced seats, it's good advice to take a telescope with you. A drawing of the arena just received shows a seating capacity of 50,000, with the bleacher seats so far away the boys in them will not know whether they are coming or going or what's happening at the ringside. A schedule of distances has been drawn up and according to the price you pay you will find yourself located somewhat thusly from the ringside: Fifty-dollar seats, 76 feet distant; \$40 seats, 82 feet distant; \$30 seats, 114 feet distant; \$25 seats, 132 feet distant; \$15 seats, 152 feet distant; \$10 seats, 232 feet distant. Which is some distance.

Even if the right hand and the left were of equal strength, the fact would still remain that on account of the anatomical arrangements of the arms, the left hand, at the time of hitting the ball, when the most force is needed if it is to be a long shot, or the greatest delicacy if it is to be a shot requiring nice calculation of distance and direction, is working backward.

The energetic housekeeper who wishes to drive a nail into the wall certainly would not hold the hammer in her left hand and, keeping the back of her wrist to the wall, attempt to strike the nail. If she is a right-handed person the result of such an attempt would be disastrous to the plaster if to nothing else. There can be no doubt that with normally constituted persons the right hand is the master hand. Why, then, anyone should try to supplant it with the left, which is not only weaker, but is also working at a disadvantage, is incomprehensible.

Forget such false doctrines and give to each hand no more and no less than its due. It follows, then, that the endeavor of the player should be always to grasp the club firmly with both hands and to allow no thought of separating their functions to enter her mind. Nothing can be more dangerous, especially for women, than heeding any instruction that involves relaxing the hold on the club. In putting or in making a short approach, she who then there is the possibility of the ball's going too far, it is exceedingly easy to allow the club to become loose in the hands.

Echoes From Hemen Square.

NEW blows have been developed at the peace conference, so the Willard-Dempsey scuffle will be slapped out on old-fashioned lines.

Willard and Dempsey will have their training camps within a mile of each other. It will be some job keeping them from visiting.

Tom Andrews, the Milwaukee promoter, has made Willie Jackson a handsome offer to box Johnny Dundee within the next three weeks.

A 20-round fight has been arranged for Frank Darcy, brother of the late

Los Darcy. This youngster of 19 is making quite a name for himself in Australia and is expected to do greater things than his brother.

Boxing is being taught in the schools of Australia. It ought to be taught in all of the schools here.

Eddie Pinkman has been barred by the Vernon promoters following his unsatisfactory showing against Steve Brodie the other night.

Dick Kendall of San Francisco has been discharged from the army and will start training soon.

The best sale for the heavyweight title bout has surpassed the sale of seats at the Johnson-Jeffries fight at Reno.

GOODRICH TIRES DRI-CURE RETREADING VULCANIZING

BUY YOUR GOODRICH TIRES From the IRVINGTON GARAGE & AUTO CO. East 14th and Broadway

Victory Announcement

More Mileage Adjustment on GOODRICH TIRES FABRIC TIRES 6000 Miles CORD TIRES 8000 Miles

To automobile owners and drivers, to Goodrich dealers, the B. F. Goodrich Rubber Company herewith declares a more mileage adjustment on Goodrich tires—

6000 MILES FOR SAFETY TREADS—8000 MILES FOR SILVERTOWN CORDS Fix these new Goodrich adjustment figures firmly in your mind

6000 MILES FOR SAFETY TREADS—8000 MILES FOR SILVERTOWN CORDS instead of 3500 miles and 5000 miles, respectively, heretofore in force.

This new adjustment stands back of all Goodrich Tires, including tires already purchased in the hands of user or dealer. Goodrich tires in actual usage on road and pavement are today unfolding such matchless mileage, regularly in excess of adjustment basis, that Goodrich knows it has the strongest, most durable tires the rubber industry has produced. The Goodrich adjustment mileage is increased because Goodrich knows the mileage in its tires, and wants to give every motorist a share in their economy and all-around benefits.

Go to a Goodrich dealer and buy a Goodrich tire—or buy four Goodrich tires, sure that with fair usage a safety tread will render you at least 6000 miles and a Silvertown cord at least 8000 miles. Buy Goodrich tires from your dealer.
