JUDGE PLEADS

Boise Man Asks Public Lands Committee to Aid West.

LUMBERMEN TO GET HELP

Portland Exporters Believed to Come Under Provisions of War Finance Board.

gation has done for the arid lands of headquarters four minutes in advance the northwest, and said that in the of the newspaper men. Snake river vailey of Idaho alone there is an area of 2,000,000 acres susceptible of the highest production under irrigation. Judge Richards drew much of the original outline for the organization of the reclamation service.

Assistance for a large number of lumber concerns in Portland and that section of Oregon was sought from the war finance corporation by Representative Hawley and Whitney L. Boise of Portland today. The ald asked involves approximately \$1,000,000 needed to finance a contract for lumber and lumber products for export to Australia. A conference was held with Director Harding of the war finance corporation, who expressed the belief that help can be given under an act of the last congress extending the authority of this corporation to aid.

The City Bank & Trust company was check for \$20,000, and Barnhill is named an accomplica.

The City Bank & Trust company was check for \$20,000, and Barnhill is named in a comporation, who expressed the belief that help can be given under an act of the last congress extending the authority of this corporation to aid.

It was announced today that as a result of a directors' meeting of the suit of a directors' meeting of the that help can be given under an act of the last congress extending the au-thority of this corporation to aid American exporters.

Representative Sinnott of Oregon, as chairman of the house committee on public lands, came out today in a state-ment indorsing the land settlement measure to be voted upon in Oregon Tuesday, which provides a bond issue to match government funds on home projects for returned soldiers, sallors and marines.

"I hope this bill will pass," said Representative Sinnott. "Its passage will be of untold assistance in securing the passage of the great reconstruction measure which the house public lands committee is now working on. It will be of great advantage to be able to say that the people of my state are willing to meet the government half way in providing homes for our re-through the property of the p

Senator Borah says: "The denial of a hearing of the representatives of Ireland discloses in an unmistakable way that the principal of self determination has been rejected by the league. The scheme is un-American, unjust to small mations and instead of being a league of peace is a league to promote war. As we love American independence, as we helieve in the freedom of the Irish people, as we believe in liberty everywhere, let us fight it."

Representative Summers of Washington introduced a bill today, appropriating \$25,000 for a survey in co-operation with the state of Washington of the five-mile irrivation protect in cration with the state of Washington of the five-mile irrigation project, including more than 130,000 acres of arid land in Franklin and Walla Walla counties, Washington. This project includes all of the land in Franklin county, Wash, formerly embraced in the old Palouse project, but provides instead for taking water from the lower Snake river by building a dam at Five Mile, near Burhank. This dam would make the Snake river navigable up to Lewiston all the year round. The Washington legislature has appropriated \$10,000 for the same purpose.

TACOMA TO GET BIG HOTEL

Erection Immediately of \$1,500,000 Building Is Assured.

TACOMA, May 31 .- Definite announcement was made this afternoon that local men and the Linnard hotel interests of California will begin the erection here immediately of a new hotel to cost \$1,500,000. The site has been obtained. The building will be 11 stories high and will stand on a site overlooking the water front and affording a view of Mt. Rainier.

The hotel will be called the Hotel Alexander for H. F. Alexander, president of the Pacific Coast Steamship company, who took the leading part in assuring It to the city.

CORN IS BOOMED IN LANE

8000 Acres Planted to Crop and Fair Prizes Offered.

EUGENE, Or., May 31.—(Special.)—
More corn than ever before has been planted in Lane county this year, according to N. S. Robb, county agricultural agent. He says approximately \$000 acres have been set out to that crop, about haif of which will be used

for sliage by dairymen.

Corn is one of the county's youngest crops, but has gone far enough beyond the experimental stage to prove itself a success, says Mr. Robb.

The Lane county fair is this year of-fering special prizes for corn exhibits, the members of the board desiring to stimulate the growth of this crop as much as possible.

A. A. MURPHY RESUMES LAW

Ex-Captain Reutrns to Duties in District Attorney's Office.

Arthur A. Murray, former captain with the 565d infantry, 51st division, returns to the office of the district atterney tomorrow as deputy in charge of civil matters, according to an announcement made yesterday by District Attorney Evans. Mr. Murphy declined several offers in private practice, feel-

ing that a two-year absence from things legal can best be overcome by a whiri at his former work.

Mr. Murphy was graduated from the law school at Stanford university in 1998. He first went into practice with his father, Dan R. Murphy, and later opened his own office. He was taken into the district attorney's office following the election of Mr. Evans in 1913. He left there to attend the first officers' training school at the Presidio of San Francisco at the outbreak of the war, returning two weeks ago from France.

FIREMAN HELD BLAMELESS

Battalion Chief Young Absolved of Incompetence Charge.

Battalion Chief Young is absolved of all blame in connection with the hand-ling of the fire in the University of Oregon medical school at Twenty-third and Lovejoy streets Thursday, by Fire Chief Dowell. A report will be made by Chief Dowell to Commissioner Bigo-low containing all the facts in connection with the case.

OREGONIAN NEWS BUREAU, Washington, May 31.—Judge J. H. Richards of Boise, Idaho, halled as the father of the reclamation service, appeared before the public lands committees today in behalf of the soldiers' settlement act. He told the committee what irrigation has done for the arid lands of headquarters for minutes in advance headquarters four minutes in advance of the seadquarters four minutes of the se

Why So Many Prefer The Brunswick

THE Brunswick Method of Reproduction is the wonder of the phonographic art. And it wins acclaim from two principal ideas: The Ultona

and The Brunswick Tone Amplifier. The Ultona is an exclusive invention, an allrecord player to be had only on The Brunswick. It plays all makes of records as they should be played-with the proper needle and the precise weight-and with the proper diaphragm.

The Brunswick Tone Amplifier is built entirely of wood, according to a new process. In this "Throat" of the phonograph all metal is discarded. This brings purity and volume of tone. There is an absence of the usual metallic sounds. You've never heard any record at its best until it is played on The Brunswick.

A tone test at a Brunswick shop is conclusive evidence. Your ear is a quick judge.

Your admiration for this superior phonograph will compel you to award The Brunswick first place. Come in today. Your judgment is final.

all makes records at their best.
