

SPORT EVENTS FOR FESTIVAL NUMEROUS

Fancy Diving and Surf Board Riding Feature Wednesday.

EXPERTS TO PARTICIPATE

Louis Balbach, "Happy" Kuhn, "Shorty" Oliver and Don Stryker to Be in Exhibition.

Many lines of sport will be offered to the Portland fans and visiting sporting followers during the Victory Rose Festival this week.

The latest feature to be announced is an exhibition of fancy diving and surf board riding in the Willamette river Wednesday, June 11, by the famous girl's and men's diving teams of Multnomah amateur athletic club.

Miss Thelma Payne, national A. U. women's indoor fancy diving champion, indoor and outdoor champion of the northwest and champion of Oregon, will head the Willamette women's team.

Louis Balbach, former Pacific coast champion, who has been giving them all a thrill in California diving circles for the past three months, will be attending the University of California, in Portland again for the summer vacation.

The girls' diving team will also take part in a series of surf board exhibitions and races as soon as the diving events end.

In a letter to O. J. Horsford, swimming chairman at Multnomah club, Ernest Smith, former Pacific coast swimming champion, acting for Neptune Beach, Cal., stated that the beach management was willing to pay the expenses of Miss Thelma Payne, if she would come south next month and compete in the far-western outdoor diving championships.

Members of Multnomah Amateur Athletic club will formally open the big new dancing pavilion at Windemuths baths on Thursday night, June 13.

The construction of the pavilion, which is the biggest of its kind in the northwest, has been under way for more than three months and now those who will journey out to Windemuths this year may see the new building.

With San Diego being a representative of the southern California branch of the A. U. now chances for swimming meets of importance being decided there look prosperous.

The Pacific coast women's outdoor diving championships will be staged at Neptune Beach, Cal., this afternoon, but the entry list is rather meagre.

It is the plan of Dennis Springer, manager of swimming for San Diego Rowing club, and a member of the A. U., to stage several other meets next month or even in July.

Programme for June 12 includes Special Contests for Elks; Salvation Army Fund Will Benefit.

Although nothing special is carded for today, at the Everding Park traps of the Portland Gun club, the trapshooters will take advantage of the practice targets thrown to get in fettle for the annual Rose Festival shoot.

A very attractive programme has been arranged for that date, with shooting getting under way at 8:30 in the morning. As in the past, the Rose Festival event of 50 targets will be the feature, but a 50-target event for the benefit of the Salvation Army drive under the auspices of the Elks and a special 25-target event for B. B. O. E. members of the Portland Gun club will also hold the boards.

Prizes there will be a plenty, four in the Rose Festival event, four in the Salvation Army event and one in the Elks' special. The Portland Victory Rose Festival association has donated four handsome trophies for first, second, third and fourth places in the Festival shoot, while members of the Portland Gun club have put up four prizes for the Salvation Army benefit.

Both of the 50-target shoots will be shot under the yardage handicap system and will be run off in two sets of 15 targets and one of 20 each. Ties for places will be shot off. The entrance fee in both events has been set at \$3. One dollar in every three in the Salvation Army event will go to the fund being raised.

Prizes in the Rose Festival shoot have been hung up by the following: Felix Friedlander, trophy; Mrs. H. B. Newland, trophy; A. K. Downs, shooting glasses; R. S. Thompson, ten pounds of prunes.

Members of the Portland Gun club will leave the Elks' club in a body Thursday morning for the Everding Park traps are located about 11 miles east of Portland. Those going by automobile should take the Powell Valley road. Those going by street car can reach the gun club by taking cars marked "Bull

The announcement of the complete programme for the Northwest Sportsmen's association tournament at the Portland Gun club, June 21 to 24, has caused the shooters throughout the west to sit up and take notice and begin to plan on making the trip to compete for the richest stakes ever offered at a trap-shooting gathering on the Pacific coast.

The mighty William H. Heer of Guthrie, Okla., one of the best shots in the country, who won the championship of America at the grand American handicap last fall, fell by the wayside at the Oklahoma state tournament held at Okmulgee last month and surrendered his state laurels to V. H. Francis, who won the title with 292 out of 300. The victory of Francis was due to no fluke, but a superior brand of marksmanship.

Heer's showing can probably explain why he did not wish to meet Frank Troeh in a 500-target match for a \$5000 purse during the Northwest Sportsmen's association tournament.

As yet the challenge committee of the Portland Gun club have failed to receive an answer to the challenge issued in behalf of Frank Troeh several weeks ago. Individual challenges were sent to Mark Arle and R. C. King, middle-western stars, but neither has taken the gauntlet up to date.

A registered trapshoot in which clay pigeon smashers from all over the state will compete will be held at Del Monte, Cal., on June 28 and 29. June 27 will be practice day and the trapshooters who plan to compete will be permitted to "work out" the traps.

Fred Blair, former holder of the California championship, will be among the contestants, as will be Len Haurburt, Clarence Haught and other prominent clay bird breakers of the Pacific coast.

Frank Troeh and Jim Seavey, champions of Washington and Oregon, respectively, are at present shattering the bluecocks in Los Angeles.

EASTERN ANIMALS COMING

Paul Whiteside Soon to Begin Work at Training Camp Near Harrisburg for September Events.

BY HARRY M. GRAYSON.

Arrangements have been completed for the running of the Pacific coast field trials for 1919 and every indication points to the most successful trials ever held in the country.

Eastern Owners to Come. Arrangements have been completed for the running of the Pacific coast field trials for 1919 and every indication points to the most successful trials ever held in the country.

Dr. T. Benton King of Brownsville, Tenn., secretary of the All-American club, has charge of the details of the eastern end of the line and has written the master, William H. Butler, president of the Oregon Field Trials club, that the eastern owners will bring with them more than one hundred of the best-bred bird dogs in the United States.

Odiss and ends to take care of the visitors as they arrive in the northwest and also to supervise the running of the local trials at Lebanon, Or., are being looked after by the officers and trustees of the newly-organized international association of field trial clubs, of which W. W. Kurtz of Hequiam, Wash., is president and E. A. Parsons of Portland secretary.

The circuit will open with the running of the California club trials at Lebanon commencing Monday, September 1, and the Oregon trials will be staged immediately upon the conclusion of the California events. It is expected that the program will be completed on Saturday, September 20.

Lebanon affords an ideal location for field trials with its fine open fields and a goodly number of birds. It is considered the best on the Pacific coast—so good, in fact, that the wealthy Californians are coming there for their classic, the splendid accommodations, exceptional hotel facilities and the open hearted hospitality of its citizens who are giving an approval of the trials contingent at the last meeting there.

The coming of famed dogs from all over the country will give the Portland dog owner an opportunity to get a better line on the quality of their own animals and if the men from the Atlantic coast and other spots outside of this territory go away with the winners, it will not be without hard competition.

Many High-Class Dogs Coming. Many believe that the coast dog trials will prove the victors. By the first of next month Paul H. Whiteside, well-known local trainer, will be hard at work at his training camp near Harrisburg, Pa., with a long string of hounds. Charley Murray will be down from British Columbia with a large collection of famed dogs and Fred Coatts is fixing things to come from California with the southern fanciers' pack. E. S. Minger will condition the majority of the Washington entries at Hillsburg, Wash.

No end of high-class dogs are listed on the muster rolls of the four veteran handlers, including Proctor's Belle, Lucky Kid, Langley's III in Whiteside's string, Murray's boys, the Blythe Belle, Ripsey, Cyclone Danamstone, Steamboat Bill, Willie Wilkes and Charlie Joe. All of the dogs named were winners last year and it is reported that there are several dark "horses" to go against them this season.

THE first meeting of the Lake Erie circuit is being held at the Cranwood driving park, Cleveland, O., this week. Nearly all of the leading stables in the middle-west have entries at same.

Oh Fellers 'C'mon and enter the Oregon Roller Skate Marathon June 12th Prizes Too

Fred Ward of Hemet, Cal., expects to make his first start at Canton, Ohio, this week in June. He will race Allie Lou, 2:06 1/2, and the pacer Harry M., that is credited with a trial of 2:04 1/2.

The Canadian trotter Uri Pierce is now located at the state fair grounds at Detroit with the bay gelding Stephen, 2:08 1/2, by Belaire. This horse was not raced last year, but in 1917 he trotted a number of very closely contested

races in the Michigan circuit with Indiana. Harry Stinson is busy at North Randall, Ohio, getting The Toddler, 2:06 1/2, ready for a trip through the Grand circuit. He is also working Cors, Davy, 2:08 1/2, by Prodigal; Great Governor, 2:08 1/2, by Peter the Great; the Guy Todd colt, Liberty Todd, with a 2-year-old record of 2:14 1/2; Trechato, 2:15, by Cochato, and a number of 2 and 3-year-olds by Axworthy, Vincent Todd, Berthe Blanco, Peter DeBona and Guy Todd. This will be Stinson's first trip over the eastern tracks since 1905, when he came down the line with Saddle winning with her at Detroit, Buffalo, Providence and Boston, and was unfortunate enough to have her drop dead in one of the heats of the Charter Oak purse at the latter place.

Comeswogue Farm has 15 head in training this season. Twelve of them are being worked over the track at Monroe, N. Y., the record horses in this group being Boquila, girl, 2:08 1/2; Comeswogue Hal, 2:08 1/2; Mac Magowan, 2:09 1/2; The Leonard, 2:07 1/2; Native Chief, 2:14 1/2; Grace Hale, 2:17 1/2; Robert Ormonde, 2:20 1/2; Todd Aris, 2:25 1/2; Nat Ray is also training Frisco Mack, 2:21 1/2, and George Watts for Comeswogue Farm, and Arthur Martin for junior stakes, 2:19, by Peter the Great.

Six of the horses owned by Ross F. Stout & Bros. of Clatsburg, W. Va., are now located at the mile track at Columbus. They are Blanche Carter, 2:05 1/2; Lord Stout, 2:10 1/2; Miss Turkey, 2:10 1/2; a yearling filly to Blanche Carter, Queen Parker, by Lord Roberts; the 3-year-old colt King Stout, by El Canto, and his 2-year-old brother, El Canto, by the same sire. Blanche Carter, 2:05 1/2, and the Malcolm Forbes filly, Dorothy Forbes, went wrong and have been turned out.

Dick Watts, 2:08 1/2; Harvest Dutches, 2:10 1/2, and Charlie Sweet, 2:19 1/2, are being prepared for a trip to the races at Goshen, N. Y. He also has Clara Karnes, a sister to

Much interest is being shown by the women players, a large number of whom are expected to be present at the initial tee-off. A special programme has been arranged for them, and their entry list is expected to be a long one.

Many outside players will come to Portland for the championships, and some good exhibitions of the ancient Scottish pastime are expected. Salem, Eugene and Hood River will be particularly well represented.

Rudolph Wilhelm, holder of the state title at the present time, will be on hand to defend it. He is playing a fine game. There will be stiff competition lined up.

Andrew E. White, Jack R. Straif, Forest C. Watson and Graham Glass are among the Waverley golfers who are expected to figure prominently. Besides Rudolph Wilhelm, the Portland Golf club has several others who are always turning in cards in the low 70s, while the Tualatin Country club will not only have Millard Rosenblatt and Edwin J. Neustadter but a flock of other proteges of Professor David H. Findlay who can be relied upon.

Portland clubs did not play over the Raleigh station links yesterday, as scheduled. Instead, a sweepstake was staged by the Portland club women. This was won by Mrs. A. L. Marshall, who had a net of 79. Mrs. C. B. Lynn was second with a net of 91. Seventeen competed.

On Wednesday, Thursday and Friday of this week the municipal links will be closed and golf will be temporarily suspended. The reason for this is the fact that part of the course will be used as a landing place for the airplanes that will be sent here to the Everding field, Sacramento, Cal. No one will be allowed on the courses at all, according to Superintendent C. P. Key, one of the public parks, as the presence of a large gallery would cause a lot of damage to the greens and fairways.

GRUMAN MAY BE EN ROUTE Portland Boxing Fans Await Return of Welterweight.

Ralph Gruman, well-known local welterweight, is thought to be on his way home from England at this time. He was at Brest, France, from where he was sent to Le Mans, from which place he wrote home last week.

Sherman H. Gruman expects his brother home within a month, and says that the last will be ready for all combat as he has box gloves made abroad and in fine fettle. German will stand head and shoulders over boys like Jake and Tommie and local fans will welcome him home with open arms.

Billy Roche, famous handler of fighters and who used to look after the affairs of Ralph Gruman, was desirous of matching the boy with a number of good English welterweights abroad, but now that Ralph has started for home Billy will have to return to the states before he can book engagements for the Portlander. Roche will be "over there" yet for some time, as he is one of the Young Men's Christian association's physical directors with the American army of occupation.
