REVISION OF GERMAN TREATY IS ASSURED

Slightly Easier Terms for Enemy Are Expected.

DANGER OF CRISIS PASSED

Teuton Request for Admission to the League Likely to Win Some Measure of Security.

BY HERBERT BAYARD SWOPE. (Copyright by the New York World, Pub-lished by arrangement.)

PARIS, June 7 .- (Special Cable.) -Al though called by another name and not officially admitted, the fact remains that there will be substantial revision of the German treaty, and several points n which the Teutons laid emphasis will approach a form calculated to make them more acceptable to the de-

feated enemy and more workable.

Much uncertainty was removed today when the big four after a long session, deal only with phraseology, but that is a matter of opinion, for in several in-stances the changes go sufficiently deep to justify a liberal vi w of the modi-fication, while other changes are so slight as to warrant the statement that they involve only the wording.

Some Security Assured.

It is improbable that she will be accepted in full membership at once, but in return for her compliance with the terms for a skeleton army it is certain that a compen-sating measure of security will be as-sured her. This is by far the most im-portant decision yet.

Berlin government is attempting to counteract the republican movement by the appointment of Karl Trimborn, a centrist, and a resident of the Rhineland, as regional president.

A report through Paris says the German national assembly met in Berlin Saturday to consider the peace terms and reports from the German plenipotentiaries. Another report is that the assembly has been called to meet in Berlin late next week. Dr. Renner, chairman of the Austrian delegation, has returned to St. Germain after conferring with fellow members of the Austrian government at Feldkirch.
