

WINNIPEG LABOR HIT BY UNION OFFICIALS

Carmen's and Machinists' Locals Lose Their Charters.

MAYOR TALKS TO STRIKERS

Sympathy Walkout Must Be Ended Before Settlement Will Be Discussed, He Declares.

WASHINGTON, June 7.—Martin G. Ryan, president of the Brotherhood of Railroad Carmen, has revoked the charter of two local unions of that order at Winnipeg, and a third at Edmonton, Canada. It was announced at American Federation of Labor headquarters, on the ground that action of their members in appropriating money for organizing the "one big union," which has led to strikes now progressing in western Canada, is a disregard of union law.

Other heads of international unions are said to be preparing similar orders affecting their crafts. The revocation, President Ryan said, was only incidentally based on the strike now in progress. The locals affected are alleged to have spent the order's money to assist in creating the "one big union," including all other crafts, which thereafter called the general strike. Organizers, he said, had been sent into Canada to begin reorganizing new locals of the brotherhood in place of those abolished.

Machinists Hit, Too.

It was also said at federation headquarters that William H. Johnson, president of the International Machinists' union, had taken similar action, affecting a local of that order in Vancouver, for the same reasons.

WINNIPEG, Man., June 7.—Mayor Charles F. Gray faced a heckling crowd of strikers and sympathizers today at Victoria park and declared that the city would not recede one inch from its determination to employ every legitimate means to maintain law and order, to fend all citizens and to combat the sympathetic strike of municipal employees.

Gray told the strikers that he would be "a spineless pup" if he acted otherwise. He held out no offer of compromise to those who quit city jobs and who are seeking their old places. The mayor intimated that former employees must enter the city's service as newly hired workers.

The railroad brotherhood mediators this afternoon received a reply from the industrial employers outlining the terms upon which they would agree to a settlement of the strike of the metal trades employees. The terms were not immediately made public, but it was understood that the first demand made is that the sympathetic strike be called off.

Metal trades employers of Winnipeg have not officially announced their attitude on the collective bargain plan submitted by the railway brotherhood's executives, who are attempting to mediate the controversy between the employers and the seven crafts represented by the Winnipeg metal trades council. The union leaders, it is reported, accepted this proposal, but the broad acceptance was general.

said more than 4000 men would be affected here, and added: "That's bunk."

LOS ANGELES, Cal., June 7.—Decision of the Commercial Telegraphers' Union of America to strike June 11 throughout the United States west of Denver is final, it was announced here today by L. I. Marshall, first international vice-president of the organization, who said he expected to direct the strike from Los Angeles.

About 200 men will walk out here next Wednesday, Mr. Marshall estimated.

Linemen on Sympathy Strike.

From statements given out by Marshall and by A. Hixon, vice-president Pacific division, Association of Western Union Employees, it appeared there was a division among the employees of the Western Union on the question of striking.

NEW ORLEANS, June 7.—Cable and linemen of the Cumberland Telephone & Telegraph company and the Western Union Telegraph company, members of the International Brotherhood of Electrical Workers of the World, went on strike today in sympathy with Western Union employees affiliated with the Commercial Telegraphers' union.

BOSTON, June 7.—A preliminary order for a strike of all Boston members of the Commercial Telegraphers' union has been received by the local council.

ATLANTA, Ga., June 7.—Orders calling out the union telegraph operators at Columbia and other points in North and South Carolina today in connection with the strike of telephone and telegraph workers in the southwest have been rescinded.

Violation Not Shown.

This was announced today by C. F. Mann, southern organizer for the Commercial Telegraphers' Union of America.

WASHINGTON, June 7.—Preliminary reports to Postmaster-General Burleson from postal inspectors at Atlanta say that evidence thus far obtained does not show that the postmaster-general's order prohibition telephone and telegraph companies from dismissing employees because of union affiliations has been violated.

NEW LAND BILLS OFFERED

SENATOR KING WOULD MOVE INTERIOR DEPARTMENT WEST.

Proposition to Simplify Issuance of Mining Claim Patents Contained in New Measure.

OREGONIAN NEWS BUREAU, Washington.—Holding that the interior department's entire business, with the exception of the divisions which handle patents and pensions matters relate the public land states of the west, Senator William H. King of Utah declares that the offices of that department should be removed to some central point in the west. He has therefore introduced a bill providing that the offices with the exception of the patents and pensions divisions be so transferred.

Mining men of the west generally will be interested in a bill by Senator King designed to simplify the issuance of patents on mining claims. This bill provides that any man desiring patent to a mining claim shall file a statement with the United States court for the district in which the claim is located, setting forth his ownership and that he is entitled to patent. Notice of the claim shall be published requiring all persons claiming an interest in the land to file their claims within the end of 60 days.

GRAY'S Clothes Values Irresistible

When any man who knows anything about quality sees the values we are giving, no other store can sell him the clothes he will want to buy.

Through our profit-sharing plan our customers save from \$5.00 to \$10.00 on a suit of clothes, and that's worth saving to any man.
