

WASHINGTON QUIET CONCERNING TREATY

News of Signing Is Received Without Excitement.

SENATE SILENT; HOUSE GAY

President Will Make Formal Announcement to Congress on His Return From Paris.

WASHINGTON, June 28.—Word of the consummation of peace was received by the national capital with scarcely a flutter of popular official sentiment.

At the White House and the state department the news aroused only a quiet feeling of satisfaction that the pre-arranged programme for the signing at Versailles had gone through. In congress there was but a momentary demonstration, and on the streets the Saturday crowds gave no show of interest.

The story of the historic ceremony, flashed over a direct wire to the state department, was given to the press in brief bulletins, keeping close to the developments in the Hall of Mirrors. The account was brief and was made public without comment by department officials.

Message Is Given Out.

As soon as the signing was concluded, President Wilson's message to the American people announcing the long-awaited event and appealing for the acceptance of the treaty without change or reservation, was made public at the White House, together with some details of the president's homecoming.

It was by the reading of this message congress was informed that the Versailles negotiations were at an end. It was expected that an official notification would await the arrival of Mr. Wilson and would be delivered in person by him at a joint session of the senate and house.

In the senate chamber, to which the nation's interest in the outcome of the peace negotiations now is transferred, the announcement of the signing was received in silence. Interrupting an appropriations bill debate, Senator Hitchcock of Nebraska, senior democrat of the foreign relations committee, read the president's message to an attentive audience comprising less than half the senate's membership.

Senate Quiet; House Gay

Without any comment he then relinquished the floor and the appropriations debate proceeded. The house, however, punctuated the reading of the message with applause and there was a short outburst of cheering when the president's name was read at the end. There was no discussion of it, the only comment being an announcement by Speaker Clark, when he sent it to the speaker's desk to be read, that he wanted to put into the record some "good news."

Privately senators supported the league of nations expressed high praise for the president's message; while Chairman Lodge of the foreign relations committee and other opponents of the league covenant had nothing to say. Senator Borah, republican of Idaho, issued a statement on the subject, however, in which he bitterly criticized the treaty provisions affecting Shantung.

Wilson Home July 7

While the White House was not fully advised tonight regarding the president's plans, it was expected that he would reach this country about July 7 and come almost immediately to Washington. It was believed that he expected to land at New York, and it was thought entirely likely he would remain there a few hours to attend a meeting of welcome.

Mr. Wilson's appearance before congress probably will follow quickly. His arrival in Washington, though it may be delayed a few days because of the plan of senate leaders to take a series of short recesses after July 1.

The president's speaking tour for the league of nations is expected to begin almost as soon as he has laid the treaty before congress.

The imminence of the treaty's submission to ratification served to quicken today the efforts of senate leaders opposing its acceptance without reservation. There was thorough canvass of senate sentiment, followed by expressions of confidence among opposition senators that the necessary majority could be mustered to incorporate reservation clauses in the ratification of the treaty.

McNary's Aid Sought

It became known that some of the reservation exponents are counting on the support of Senator McCumber of North Dakota and McNary of Oregon, the only republican members who have announced their advocacy of the league covenant. Neither would give publicly any definite assurance, however, that he favored the reservations urged by Elihu Root and others.

The president's supporters, on the other hand, reassured their confidence in the near future on the resolution of Senator Fall, republican of New Mexico, to declare a stated peace with Germany. It is understood determined opposition has developed among some public opinion committee members, and the general prediction tonight was that the resolution would be pigeon-holed.

GERMANS' BILL VERY HEAVY

COST OF PEACE DELEGATION'S KEEP AT VERSAILLES SHOCKS HUNS.

BERLIN, June 14.—(Correspondence of the Associated Press.)—The financial authorities who have been entrusted with the paying of the German delegation's bills at Versailles have discovered today that the expense for the 250 delegates, experts, clerks and stenographers just for living only, for five weeks totals a quarter of a million marks. This naturally does not include the personal expenses, which in themselves are very considerable.

WINES, BEER TO RETURN

(Continued From First Page.)

ment as to what he would do which demobilization "is terminated" was exactly in line with the opinion of members of the house judiciary committee expressed here—namely that it did not require congressional action to author-

ize him to declare war-time prohibition ended.

This may come, it was pointed out, much sooner than most people imagine, and there were predictions tonight that saloons in cities where the sale of liquor now is permitted might be in operation by the end of the summer. They could not operate, however, beyond January 16, 1920, for on that date the country will become dry by constitutional amendment.

With all doubts removed as to what the president would or would not do, anti-prohibitionists in the house prepared to make the best fight possible on the general prohibition enforcement bill, which was reported out yesterday by the judiciary committee. It must not be taken up on the floor until after the short holiday recess which means the government will depend upon present laws for enforcement of the prohibition act.

Warning already has been given that these provide ample penalties and ample means of prosecution.

BARLEYCORN USHERED OUT

SAN FRANCISCO FOLK JOIN HANDS IN WHIRLIGIG.

Golden Goblet, Cast From Nuggets of First Pioneers, Gives Up Fume-Haloed Spirit.

SAN FRANCISCO, June 28.—San Francisco's golden goblet, which was cast from the nuggets of the first pioneers, was turned "bottom up" tonight. The devitalized Barbary coast took on an amber glow, as it did in the days of "Bottle" Meyer and "Bottle" Koenig, and along the great highway the lights shone brilliantly.

The little shops of the Latin quarter, where many a budding and seasoned author got his "locals" called on the first of the vineyards of America and the great Napa valley could afford. The city's drinking spirit has been capitalizing for some time. First the "Bottle" Meyer and "Bottle" Koenig, and along the great highway the lights shone brilliantly.

Although the ban on liquor is not expected until midnight Monday, San Francisco did its "stepping out" tonight. Restrictions cast about the dancing and drinking privileges tomorrow and Monday night decided the city's determination to make tonight the "big" farewell to John Barleycorn.

NON-STOP FLIGHT PLANNED

Army Officers to Make San Diego-San Francisco Trip.

SAN DIEGO, Cal., June 28.—Tentative plans for a non-stop flight from the army aviation base at Rockwell field, North Island, to San Francisco, were made this afternoon by Lieutenant J. W. Sharrack and Lieutenant C. F. Davis, the two army aviators who are to attempt the flight.

The plans as made this afternoon provide for the start from Rockwell field at 7 o'clock Monday morning. Curtiss scout planes are to be used and if the flight is a success the aviators expect to land at the Marina in San Francisco by noon.

Katherine Simson, the aviatrix, more than a year ago made a non-stop flight from Rockwell field to San Francisco, the trip requiring 13 hours, or just twice the time the army aviators expect to make it in next Monday.

EX-ALASKANS ESTRANGED

Suit for Divorce Involves Property Worth \$45,000.

CHEHALIS, Wash., June 28.—(Special.)—A divorce suit in which community property valued at \$45,000 is involved was filed yesterday in the Lewis county superior court at Chehalis. The plaintiff is Mrs. Minnie Schumacher and the defendant is L. P. Schumacher, formerly a well-known Alaskan. Mr. and Mrs. Schumacher were married in Fairbanks, Alaska, in 1906. There is a 10-year-old child.

SUFFRAGISTS WIN IN COURT

Submission of Partial Suffrage Law to Referendum Enjoined.

LINCOLN, Neb., June 28.—The Nebraska supreme court today handed down an opinion affirming the decision of the Lancaster county district court here granting an injunction to suffragists restraining state officers from submitting to a referendum vote a partial suffrage law to a referendum vote.

INDIAN PASTIME ALLOWED

Favorite Stick Game Judged Not to Be Gambling.

LEWISTON, Idaho, June 28.—(Special.)—District Judge Seales decided today that the Indian stick game was not gambling, according to the Idaho statute. Charles Mockton, Alexis James, John Lawyer and Ralph Armstrong, Nez Perce Indians of Lapwai, were arrested for stick-game gambling last winter. The decision gives Indians the right to indulge in their favorite tribal pastime.

SAFETY BOXES \$3.50 yearly beat the holdup man. Vaults 284 Oak.—Adv.

RENDER YOURSELF IMMUNE FROM OAK OR IVY POISONING

MIDSUMMER is the time when poison oak and poison ivy are most to be dreaded by those who are susceptible to their malignity. The irritation and perspiration induced by outdoor exercise render the skin exceedingly susceptible to infection, even though one may not come in direct contact with these beautiful, but to be dreaded, shrubs. There are many cases on record where results from oak or ivy poisoning have been most serious. If you have reason to believe that you have been exposed to either of these trip where poison oak or ivy abound, use Sani-Septic Lotion on the face, neck, arms and other parts of the body likely to be affected. If the infection already has taken place, apply Sani-Septic to the affected parts, and you will receive almost instant relief from the pain and the itching, and in a short time the inflammation and the fever will disappear, leaving your skin in its normal condition. We cannot too strongly recommend Sani-Septic in such cases. Its use will unquestionably relieve and prevent much pain and discomfort, and even more serious results. Sani-Septic also relieves the irritation caused by the bites or stings of mosquitoes, fleas and other insects; it always prickly heat, chafing, etc. Once you have tried Sani-Septic you will find it assures skin comfort. Sani-Septic may be procured at almost any Portland drug store. If your dealer or cannot supply it, send 50 cents, with his name, to the Esbensen Laboratories, Portland, Or., for a full-size bottle, postpaid.—Adv.

Scientific Work Plus Mature Judgment

Our Ophthalmoscope and Retinoscope is one of the most scientific eye-testing instruments in the world. With it we can detect error of vision instantly.

Optometry is called an exact science. It is in the sense that the measurement of the eyes for glasses is done scientifically with the aid of machines that measure accurately the refractive power of the eyes so that lenses may be ground to supply any deficiency.

However, the application of any science depends so largely upon the judgment and skill of the operator that there is a vast difference in the results obtained.

The Thompson Optical Institute offers you everything necessary to the full realization of your hopes for better vision. Our experience, our mature judgment, our equipment all combine to render you satisfactory service in every case.

MILK PRICE TO RISE JULY 1

RETAILERS ANNOUNCE JUMP OF ONE CENT A QUART.

Decision Follows Action of Dairymen in Raising Wholesale Figures. Cream Not Affected.

The retail price of milk will go up 1 cent a quart on July 1, Portland distributors announced yesterday. The decision came as a result of the action of dairymen Friday in announcing a rise in the wholesale price from \$3 to \$3.50 a hundred.

The new schedule will be the same as that which was effective October 1, 1918, and through the winter. In February the wholesale price was reduced to \$2.50 as a result of a 1 cent war tax.

The 1-cent raise was agreed upon yesterday morning at an informal meeting of Portland distributors. The dairymen's increased wholesale figure also takes effect on July 1.

The new schedule of milk and cream prices, according to the Portland Dairymen's company, will be as follows:

Milk, pint 10 cents, quart 15 cents; when paid for in advance or by the 15th of the month, pint 9 1/2 cents, quart 14 1/2 cents.

There will be no change in cream prices, it is announced, the following prices remaining in force: One-half pint 16 cents, pint 20 cents, quart 26 cents; whipping cream, one-half pint 23 cents, pint 30 cents, quart 39 cents.

Price of milk at the stores is varied when purchased by the individual bottle. The average has been 10 cents a pint for milk and 15 cents a quart, with cream at 16 cents a half pint. The price of milk will remain the same as at present, it is estimated, but the quart price will go up at least 16 cents. The price of cream retained in a similar manner will go from 16 cents a half pint to 17 cents.

What Responsible Authority Says:

"Since the war the value of almost all carpets has risen from 100 to as much as 500 per cent. It is the foreign carpets which have advanced so much in price. Persian rugs are practically unobtainable at the present time, while Turkish and Indian varieties are very hard to get."

Extract from Rug Trade Review.

Our patrons will thus be able to see why they should buy oriental rugs now before the increases are felt here.

Call afternoon or evening. Phone Main 7656. Open all summer.

BERRIES MUCH IN DEMAND

Hood Growers Receive \$3 a Crate in Local Market.

HOOD RIVER, Or., June 28.—(Special.)—Several years ago a number of Hood River orchardists became interested in loganberries, planting the fruit in hedges around their orchard tracts. They are now reaping a rich harvest, and the returns would be most gratified if the supply justified local shippers in creating an out-of-town market for the fruit.

Indications are that growers who have small plantings of loganberries will receive better than \$3 per crate in supplying the local trade.

HOOD TO FETE VISITORS
