July Sales of Homefurnishings

SOME folks spend the summer away from the city, but the number is small compared with those who content themselves with occasional excursions and a two or three weeks' vacation. It is highly important that everything possible be provided to make the city home cool and comfortable in appearance and in reality. Windows and doors should be well screened. Summer furniture should be used on the porch and in the living room.

A SUMMER rug makes a pleasing addition to the porch furnishing and lessens the housework if substituted for the winter rugs indoors. You may need cretonnes for cushions and draperies. You will find all these and all the other summer home furnishings at MEIER & FRANK'S. During the July Clearance Sales there will be many special values obtainable in quality furnishings for summer homes. Read and profit by the following:
