

HOUSE INDULGES IN PLAY ON PROHIBITION

Zeal of Dry Leaders Starts Sportive Debate.

CANNON WARNS SOLONS

Ban on Use of Cider at Home Could Not Be Enforced, Declares Former Presiding Officer.

WASHINGTON, July 19.—Dry leaders in the house gave notice today that they would not permit any other measure to obstruct the prohibition enforcement bill.

Representative Baer, republican, North Dakota, who said he would not raise his boys in a state where liquor was sold, declared that agitators who were trying to do away with cigarettes, tobacco, pickled peaches and the like, were going too far.

"Out west," he said, "there is a firm manufacturing near-bear which prints on the label of each bottle the warning not to mix yeast with the contents because that would make it intoxicating. Pretty soon these agitators will have congress prohibit the sale of yeast, and then we will have no bread."

Ruling precipitates uproar. After the chair had ruled out an amendment by Representative Fitzgerald, democrat, of Massachusetts, which would have permitted a man to make wine and cider in his own home, Chairman Volstead tried to close debate on the pending section. An uproar followed. A dozen members, most of them on the democratic side, were on their feet clamoring for recognition.

"If we were to be throttled in this way, I make the point of no quorum," shouted Representative Clark, democrat, Florida.

An amendment to extend debate 15 minutes was adopted, 57 to 33, which showed less than a quorum voting.

Mr. Cannon Warns House. Former Speaker Cannon, who has stood with the prohibitionists, warned the house that it could not enforce a law which made a man could not make a barrel of cider at his own home or drink it.

The discussion got away from the bill after Representative Demmon, republican, of Illinois, asked whether every liquid was a beverage.

Representative Gard, democrat, Ohio, asked Representative Walden, republican, Massachusetts, if Cape Cod clam chowder was food or a beverage.

"It would be a beverage," replied the Cape Cod representative. This was too much for Chairman Volstead, and he had the house shut off debate.

HOUSE BENT ON ACTION.

A fight to amend the provision which would require physicians prescribing whiskey to write on the prescription the patient's ailment, was led by Representative Treadway, republican, of Massachusetts. He said it was apparent that the house was bent on passing the bill, drastic provisions and all, but warned that the house was going too far in requiring that a person's ailment be placed on record.

MR. HOOVER'S RETURN SET

Director of Relief to Leave Europe When Harvest Abroad Ends.

NEW YORK, July 19.—Herbert Hoover, director-general of relief in Europe, will return to America as soon as the harvest abroad is completed, according to an announcement by the American relief administration today, telling of the arrival here of Mrs. Hoover and her youngest son, Allan, from California, preparatory to sailing Monday on the Imperator for France.

Mr. Hoover, it was said, also would make arrangements for continuing abroad the child welfare bureaus of the administration, which are credited with having saved the lives of 2,000,000 children.

LUXURY TAX TO BE FOUGHT

Marion County Commercial Organizations Join Forces.

SALEM, Or., July 19.—(Special).—Eliminating the tax on fruit juices in order to remove a barrier which threatens to menace the development of the industry will be urged by every commercial body in Marion county, according to a resolution adopted by the Marion County Community Federation. Action to repeal the tax will be taken through Oregon's representatives in congress.

The Salem Commercial club has also taken up the matter of installing uniform road signs in all parts of Marion county. T. E. McCracken, secretary, has been selected to recommend the design of sign to be adopted. Three new communities joined the federation at the last meeting including Silverton, Aumsville and Scotts Mills.

BANKRUPTCY PAPERS FILED

Tacoma ex-Banker Gives Liabilities of \$55,000; Assets of \$12,377.

TACOMA, Wash., July 19.—(Special).—W. H. Pringle, former manager of the Scandinavian-American bank, Tacoma, filed a voluntary petition of bankruptcy in the federal court here today. His liabilities are given as \$55,000, including secured claims of \$12,230; unsecured claims of \$24,590; and accommodation paper of \$18,940. His total assets are given as \$12,377.21, including real estate, \$5,700; household goods, \$500; debts due on open account, \$300; stocks and bonds, \$500; insurance policies, \$1959; and property claimed to be exempted, \$2,376.78.

HARVARD LEADERS PICKED

Manage Campaign for Funds.

The Harvard endowment fund committee has appointed for the Oregon division of her campaign for upwards of \$10,000, two joint chairmen to manage the drive in this section of the country. They are Abbot L. Mills and Henry L. Corbett of Portland. Mr. Mills graduated from Harvard in 1881 and Mr. Corbett in 1903. Throughout the country, Harvard's alumni are being organized to assist in the work of raising the fund which will be used in increasing the salaries of the teaching and administrative staffs, in improving her equipment, widening the scope of her professional

schools, and encouraging students to do research work.

LANE HOP DEAL IS CLOSED

Hammit Bros. Contract to Sell \$8000 Pounds at 50 Cents.

EUGENE, Or., July 19.—(Special).—Eight thousand pounds of hops, the 1919 crop on the farm of Hammit Brothers of Lane county, have been contracted for by T. A. Livesley & Co. at 50 cents a pound, according to announcement made by Hammit Brothers yesterday.

Hammit Brothers, whose farm is in the Mohawk valley, have 18 acres of hops this year and a normal yield on this field is 13,000 pounds. Prospects are bright for a large yield.

It is said no other Lane county growers have contracted for the sale of their 1919 hop crop.

TACOMA FREED OF CLAIMS

Power Company Assures City It Will Care for Litigation.

TACOMA, Wash., July 19.—(Special).—Riparian rights on the Lake Cushman power project will be cared for by George Tilden of the Skokomish Power company, so that the city of Tacoma will not become involved in litigation should the voters approve a \$300,000 bond issue to buy the power site in Mason county. Mr. Tilden told Mayor Riddell today that all claims filed by people below the proposed power site would be cared for by the company.

Tacoma voters will decide on the bond issue and the principal will be cleared away from earnings of the municipal light and power department.

"MARTHA" IS NEXT OPERA

Portland Association to Present Pleasing Number in November.

The directors of the Portland Opera association, Mrs. Edward L. Thompson, president, have decided to present the Von Lotow opera "Martha," about the month of November. "Martha" is known as a light opera, but yet in the grand opera class. It has facility of expression, melodious, and graceful instrumentation.

"Martha" is with "Alessandro Stradella" the best known of all Von Lotow's compositions. He was born in Mecklenburg, Germany, in 1812 and died in 1882 at Darmstadt. Educated in France and Germany, he was intendant at the court theater, in Schwerin, in 1856, and was elected a member of the French institute in 1864.

FOCH SAYS ENGLAND LAGS

French Military Leader Pleads Preparedness for War.

LONDON, July 19.—The next time, England will be in the same position as the last time—she will not be ready and we will have to wait for her," is a statement made by Marshal Foch of France, to a correspondent of the Daily Mail, which prints an interview with the commander in chief of the allied armies today.

The marshal insists that Great Britain should maintain large reserves of military material, saying: "That is one of the obvious and indispensable precautions to be taken."

CONGRESS TO GRANT RANK

Designation of Pershing and March Left With President.

WASHINGTON, July 19.—Congress will recreate the permanent rank of general in the army and leave the designation of the officers to have that rank to President Wilson, subject to senate approval, Chairman Kahn of the house military committee said today in discussing the president's recommendation that General Pershing and General March, chief of staff, be given that permanent rank.

PROSSER VOTES SCHOOL

No Dissenting Ballots in Bond Issue Election for Plan.

PROSSER, Wash., July 19.—(Special).—The election calling for the issuance of \$100,000 in bonds for the erection of a school building six miles northwest of this city in the section better known as the Grandview pumping plant district, passed without dissenting vote. The interest was manifested, only 24 votes being cast. Work will be started at once so that the building will be ready for occupancy September 1. The school will serve some 24 pupils residing in that section.

HOUSEWIVES ARE ROUSED

Legislation on Living Costs Preferred to Inquiries.

WASHINGTON, July 19.—Housewives are rather "fed up" with congressional investigations of the high cost of living and would prefer enactment of remedial legislation, Miss Jessie Haver, legislative representative of the National Consumers' league, wrote today to Representative Tinkham of Massachusetts, who has introduced a bill appropriating \$30,000 for a nation-wide inquiry into living costs.

PUBLIC OF ROME WARNED

Order During Impending Strike Must Be Maintained.

ROME, July 19.—(By the Associated Press).—Instructions concerning public order must be carried out scrupulously and with firmness. The government will not show indulgence to transgressors and will hold weakness as a guilt, says a circular letter sent by Premier Nitti to all the prefects in the kingdom, concerning the general strike which has been called for July 20 and 21.

Epworth Meeting Closes.

SEATTLE, July 19.—The seventh annual Epworth league institute of the Puget Sound conference will close at Redondo tomorrow.

IN THE SUN ALL DAY—

SUFFER NO SUNBURN

IF YOU have yielded to the lure of the outdoors and you find, after a day spent in the sun, that your skin is sore and tender, simply apply Santiseptic Lotion and relief will be instant. Sunburn, windburn and tan have no terrors for the man or the woman who uses Santiseptic Lotion. Stay outdoors in the hot sun as much as you please. Santiseptic will give you protection and relief. It is the secret of many an unspotted complexion after a season spent in the mountains or at the seashore.

PHONE OPERATORS TO RESUME WORK

Terms of Settlement Are Not Known Here in Detail.

RETROACTIVE PAY IS ISSUE

Reports From International Officers Awaited With Much Interest by Unionists.

(Continued From First Page.)

erators will feel somewhat uncertain as to their position.

In his telegram to the electrical workers Mr. Donovan advised members to return to work, with the assurance that if demands are not granted another walkout may be arranged. Some of the workers expressed the view that latest developments will be found a ruse to get strikers back to work until such time as telephones pass out of government control, after which the companies will be free to take such action as they deem proper. This view was not general among the men.

The telephone employees, according to instructions from San Francisco, are to return to work under the scale guaranteeing a minimum of \$6 per day for men and \$12 per week for girls, which scale became effective June 15, and was announced here the day the operators left their switchboards. Electrical workers are not informed as to re-classification of men, they said yesterday, but said they were satisfied the re-classification would not retroactively pay and other demands are assured.

General Confidence Felt. The fact that the two warring delegates to the Washington conference had been ordered to stop off at Springfield, Ill. en route has led to the belief here that retroactive pay and other demands are assured.

That the feeling of the workers is prevalent in other quarters is shown by a letter from W. P. Woodward, chairman of the state conciliation board, to Governor Olcott, expressing thanks for prompt action taken in response to appeals made by the board. It says:

"Thanks are due you for your very prompt action in the matter of the telephone strike. The morning paper brings news of a form of adjustment which, if true, does not in any way appeal to my personal conception of the rights of the men and women who are out. However, resumption of work, even under unsatisfactory conditions, lead to later and better consideration."

Owing to the sudden turn of events, the mass meeting that was to have been held in central library hall last night was postponed indefinitely.

BEND'S HELLO GIRLS STRIKE

Force Quits While Talk of Settlement Is Discussed.

BEND, Or., July 19.—(Special).—Demanding a minimum wage of \$2 a day for apprentices, with a \$4-a-day wage at the end of two years' training, together with stipulations for a six-day week, telephone operators at the Bend exchange left their switchboards at 6 o'clock last night and service in Bend was paralyzed all night and today.

The strike was called following the arrival of Miss Ethel Hildebrand, organizer from The Dalles. In regard to reports in Portland papers that the cost strike, of which the Bend walkout is a part is virtually over, Miss Hildebrand declared that no attention would be paid to any reports other than those coming from union headquarters in Portland. Miss Irene Roney, president of the union, in presenting the case of the striking operators, said that they were asking for nothing but a living wage.

Bellingham Girls Hesitate.

BELLINGHAM, Wash., July 19.—Striking telephone company electricians and operators here received official notice this morning from international officers at San Francisco to report at work Monday morning at 8 o'clock. Telegrams were sent to the international officers asking for more particulars. No decision has been reached by the local workers as to whether they will follow the instructions received.

Ottawa Strike Settled.

OTTAWA, Ont., July 19.—The Ottawa street-car strike was settled yesterday and the cars will be running on normal schedule today.

Latest methods of impression taking and articulating of teeth employed that guarantee perfect fit and comfort. The very latest and best in artificial teeth. Satisfaction guaranteed.

Dr. E. C. Rossman
Denture Specialist
THIRD FLOOR JOURNAL BUILDING

Better Dentistry Without Pain

Fear of pain is one of the chief reasons for neglect of teeth. Many people become positively ill worrying about future dental operations; others are ill after operations, due to shock and exhaustion on account of pain.

This can all be avoided by means of nerve blocking (the method advocated by leading authorities). For example, by two simple injections we are enabled to extract, crown, fill or treat for pyorrhea all teeth in the entire lower jaw with perfect comfort. By eliminating pain from pyorrhea (the scourge that causes the loss of more than half the teeth that are lost) can be successfully treated, cavities properly prepared, teeth can be ground for crowns without killing nerves; thus giving our patients better dentistry and comfort.

We give special attention to nerve blocking, sanitary crown and bridge work and pyorrhea.

NO CHARGE FOR CONSULTATION.
